Body Parts Caitlin Rother, 2025-02-25 Now updated with shocking details about the identity of Wayne Adam Ford's first victim revealed 25 years after her death the brand new edition of a true crime classic from New York Times bestselling author Caitlin Rother delves into the disturbing mind and brutal crimes of the Humboldt County serial killer now on Death Row I hurt some people With these words a tearful man hinted at a deadly crime leading investigators to uncover a horrifying saga of abuse tragedy and serial murder When Wayne Adam Ford walked into the Humboldt County Sheriff's Office in November 1998 with a woman's body part in his jacket pocket the 36 year old truck driver wasn't a suspect in any crime After a lengthy investigation spanning four California counties and a sensational trial he was convicted of the torture and murder of four women His first victim whom he dismembered would remain unidentified for 25 years While serving honorably in the Marine Corps Ford had learned life saving techniques that gave him structure and purpose But a severe head injury worsened pre-existing emotional problems rendering him unable to suppress his dark sexual impulses Knowing he would kill again he enlisted his brother's help to turn himself in Award winning investigative journalist Caitlin Rother drew on previously sealed testimony and interviewed key players in the case including Ford's brother and father to write this intimate and psychologically resonant narrative Extensively updated with the inside details of how Ford's first victim was recently identified through DNA testing and forensic genealogy this classic true crime story continues to haunt us

Spare Parts Joshua Davis, 2014-12-02 Joshua Davis's *Spare Parts* now a major motion picture is a story about overcoming insurmountable odds and the young men who proved they were among the most patriotic and talented Americans in this country even as the country tried to kick them out Four undocumented Mexican American students two great teachers one robot building contest In 2004 four Latino teenagers arrived at the Marine Advanced Technology Education Robotics Competition at the University of California Santa Barbara They were born in Mexico but raised in Phoenix Arizona where they attended an underfunded public high school No one had ever suggested to Oscar Cristian Luis or Lorenzo that they might amount to much but two inspiring science teachers had convinced these impoverished undocumented kids from the desert who had never even seen the ocean that they should try to build an underwater robot And build a robot they did Their robot wasn't pretty especially compared to those of the competition They were going up against some of the best collegiate engineers in the country including a team from MIT backed by a 10 000 grant from ExxonMobil The Phoenix teenagers had scraped together less than 1 000 and built their robot out of scavenged parts This was never a level competition and yet against all odds they won But this is just the beginning for these four whose story which became a key inspiration to the DREAMers movement will go on to include first generation college graduations deportation bean picking in Mexico and service in Afghanistan Finalist for the J Anthony Lukas Book Prize New York Times Best Seller *Parts Work for Trauma*

a new start I would no longer be a hockey player I wouldn't even be an actual person totally off the grid I'd be a shadow fighting crime for an organization that's underground literally Do I want that life If I go back what kind of life would I have Probably one in prison orange The choice to join Underground is painful but necessary As my hockey coach always said though pain is weakness leaving the body I will not be powerless ever again Creating Slapshot Underground 2 I've left my old life behind and officially joined Underground It appears no one knows where I am or even if I'm still alive I don't know how I feel about that My friends thinking I'm dead leaves a hole in my heart but I'll drive myself crazy if I obsess about it So rather than allowing myself to wallow in self pity or anger about what's happened I'm throwing all my energy into training You would think that whole elite athlete thing would make everything easier but all these new techniques I need to master hand to hand combat weapons training surveillance procedures are kicking my ass For my whole life I've only had one identity Ethan hockey player Now that sense of self is gone forever slowly being replaced by my new identity Slapshot Surreal doesn't even begin to describe this transformation But the more I find out about the world around me the problems I ignored for the most part as I played a game for an obscene amount of money the more I want to make a difference This is not a game It's real life and I have the chance to be a hero It's going to take everything I have or have left to do it Initiation by Fire Underground 3 I have my first assignment helping track down a man targeting Cuban bodegas and then using an automatic rifle to massacre all those inside after they're attacked by a Cuban gang and his wife is killed Underground is tasked with figuring out who this dangerous man is and stopping him before he goes on another rampage It's the first time I've seen Underground in action and I have to admit it's exciting I feel that adrenaline rush I used to get right before I hit the ice And I loved that satisfied feeling of knowing I helped find justice for all the innocent people the man has murdered **Lady Parts** Kathryn D.
