Baldwin, Kathy D. Bagley, 1973 **A Home-Concealed Woman** Magnolia Wynn Le Guin, 2012-02-01 The world of Magnolia Le Guin like that of countless farm women was defined by and confined to home and family Born in 1869 into the rural white agrarian society of Georgia's central piedmont she raised eight children virtually on her own yet never in her life ventured farther than thirty miles from her birthplace Her situation however extreme was not unique in her day What distinguished Le Guin was her love of writing her need to write about being a wife and mother despite a daunting workload and burden of responsibilities that left her with little free time or energy In a plain idiomatic style these diaries detail some of the most trying but nonetheless fulfilling years of her life At the same time A Home Concealed Woman her own self descriptive phrase provides a firsthand view of the hardships of subsistence farming the material culture of rural society and the codes to which Le Guin as a white woman a southerner and an evangelical Christian adhered The most striking feature of Le Guin's world is that it was confined almost entirely to the indoors from the bedrooms where her children were born and where her parents lay ill and died to the stove room where the daily meals were cooked and cleared Her husband's prominence in their small community and the size of their extended families meant that Le Guin hosted an endless flow of callers and overnight guests more than one hundred in the summer of 1906 alone Managing an already busy household under these conditions so occupied her time that she treasured every respite I was truly glad when I felt the sprinkling of the rain I was so glad I couldn't content myself indoors washing dishes sweeping floors making beds etc etc so I just postponed those things and churning too awhile and betook myself out in the misty rain with a new brushbroom and swept a lot of this large yard and inhaled the sweet air scented with rain settling dust Less idyllic sentiments also fill Le Guin's diaries for the anger and anxiety she could not publicly express found a voice in their pages I feel rebellious once in awhile at my lot so much drudgery and so much company to cook for and in meantime my own affairs my own children my little baby all going neglected Though condescending outbursts about her hired help reveal Le Guin's racial attitudes her endemic prejudice is tempered by her many expressions of genuine concern for individual blacks close to her family As writer Ursula K Le Guin suggests in her

foreword the diary may be the best suited literary form for approximating the actual gait of people's lives In Magnolia Le Guin's diary prayerful entreaties for strength and guidance mingle with daily news about her family providing a constant background against which major events such as births and deaths holidays and harvests take place The reader's admiration for Le Guin will grow as the details of her life emerge and accumulate **Jesus Now or Never** Ronald J.

CORONAVIRUS and CORONA RADIATA are two medical terms The corona pandemic was an attempt to influence the corona radiata A character from this book explains There is something far more important than the affects left by the psychological tampering during the coronavirus pandemic It is the intentional cruel altering of the human neuroanatomy The corona radiata is the encircling garland shaped crown of nerve bundles which controls the highest functions of the human brain It is self our personal identity and intellectual functioning this involves the individual s ability to make conscious decisions to recall and to have emotional perceptual behavioral expressions and motor skills The genetically modified virus continues to be deceptively used as a conveyance to destroy the foundation of civilization by overseeing the alteration of human behavior using the psychology of fear and panic But reprehensible dictators always look for a more permanent solution than brain washing What if the division of cognitive neuroscience was exploited by a tyrannical techno scientist one who had authority to modernize the old lobotomy in essentially a noninvasive way reinventing it for the reason of conforming humanity s behavior This is why neuroscience is of interest to the engineers of artificial intelligence As there are already neural implants in use neuroethicists caution us that while hacking microchips is criminal violating a person is villainous It is a time of dark medicine of conjuring up potions profiting from pestilence and seeking prophets CORONA RADIATA GARLAND OF GRIEF A Novel By JEAN HARRIS ANDERSON The Journals of Davin Alastair embedded in the genre of science fiction have expanded into a parallel world of fables fantasy symbolism and even courtly love is represented necessarily as we approach a dreadful time in the storyline when the captives are persecuted by the warlords It s less severe to reflect upon such similar sufferings in the illustrations of Aesop and lessons from the folktales of Brothers Grimm Of The First And Last King series this is fifth of our hero s journals It appears his planet is falling rapidly out of its natural orbit spinning dizzily and it may even collide with our very own globe How might we prepare if this story is not a mythical account but one predestined as a convergent encounter **The Lyrics of Civility** Kenneth Bielen,2016-01-20 This book is the first comprehensive scholarly study of

religious images in popular music Examining bestsellers from 1906 to 1971 the work explores the role religious images have in the secularization of American culture Popular music lyrics that express an adherence to a sacred order are couched in inoffensive content less language These lyrics of civility reflect and shape the increasing secularization of American culture in the twentieth century The analysis focuses primarily on the way these lyrics reduce the meaning of the terms and theology of the Biblical faith The aesthetic of civility carries over into theology the narratives and the accompanying instrumental arrangements of songs that adhere to the Biblical sacred order On the other hand lyrics that reject the Biblical tradition use content filled offensive language The result is that displaced adherents withdraw from the Biblical tradition and turn to

alternative cultural religions or idols of attraction including popular music that offer meaning to fill a void in the individual. The secularization of American society therefore is not a withdrawal from the idea of religion itself. The analysis focuses on the two dominant themes in songs that include religious images: prayer and heaven. The author explores the songs of the two world wars, the hit parade era, the rhythm and blues and doo wop of the 1950s, the new folk singer movement, soul music and rock music of the 1960s, and the revival rock of the early 1970s. The work demonstrates the capacity of one form of popular culture to separate adherents from a subculture through diluting the meaning of the language of the subculture's elemental thought.
