**Dictionary of Angels** Gustav Davidson,1994-10 An investigation of the evidence in Talmudic gnostic apocalyptic partristic and legendary texts concerning immortal winged beings      **Heaven** Paula Gooder,2011-09-12 Heaven is one of those great mysteries that somehow symbolize what we don t know about ourselves and the world around us At the same time it lifts our vision from the mundane realities of our everyday lives and reminds us that beyond the daily grind of our existence there is another unseen reality A reality that is as real if not more so than our everyday lives Heaven suggests an answer to the familiar human feeling that there must be more than this and prompts us to wonder whether there is indeed more in heaven and earth than can be dreamt of in all our philosophies Paula Gooder from the Introduction      **Numbers 1-19** L. Michael Morales,2024-05-16 This detailed and comprehensive commentary by L Michael Morales sheds fresh light on a part of the Bible often referenced yet rarely preached and understood Often overlooked and regularly misunderstood the Book of Numbers is a daunting prospect for scholars preachers and students It covers part of the Israelites wilderness years between Egypt and the land of the promise seemingly very different to and detached from our modern context Yet God s covenant love remains the same and the book of Numbers remains extremely relevant for ecclesiology and for the church s life within the already not yet of the present wilderness era In his magisterial new commentary Morales carefully demonstrates the ongoing relevance of Numbers it s positive vision for life and the surprising challenge it offers to contemporary Christians This detailed and comprehensive commentary sheds fresh light on a part of the Bible often referenced yet rarely preached and explained The Apollos Old Testament Commentary aims to take with equal seriousness the divine and human aspects of Scripture It expounds the books of the Old Testament in a scholarly manner accessible to non experts and it shows the relevance of the Old Testament to modern readers Written by an international team of scholars these commentaries are intended to serve the needs of those who preach from the Old Testament as well as scholars and all serious students of the Bible Volume 1 begins with an Introduction which gives an overview of the issues of date authorship sources and outlines the theology of the book providing pointers towards its interpretation and contemporary application An annotated Translation of the Hebrew text by L Michael L Morales forms the basis for his comments Within this commentary on Numbers 1 19 Form and Structure sections examine the context source critical and form critical issues and rhetorical devices of each passage Comment sections offer thorough detailed exegesis of the historical and theological meaning of each passage and Explanation sections offer a full exposition of the theological message within the framework of biblical theology and a commitment to the inspiration and authority of the Old Testament      [Ascent to Heaven in Jewish and Christian Apocalypses](#) Martha Himmelfarb,1993-08-19 This is a study of the ancient Jewish and Christian apocalypses involving ascent into heaven which have received little scholarly attention in comparison to apocalypses concerned primarily with the end of the world Recent developments like the publication of the Aramaic Enoch fragments from Qumran and interest in questions

of genre in the study of the apocalypses make this a particularly appropriate time to undertake this study Martha Himmelfarb places the apocalypses in relation to both their biblical antecedents and their context in the Greco Roman world Her analysis emphasizes the emergence of the understanding of heaven as temple in the Book of the Watchers the earliest of these apocalypses and the way in which this understanding affects the depiction of the culmination of ascent the hero's achievement of a place among the angels in the ascent apocalypses generally It also considers the place of secrets of nature and primeval history in these works Finally it offers an interpretation of the pseudepigraphy of the apocalypses and their function

*Words of the Word* Ron Stieglitz, 2022-01-12 Words are important to us in many ways as we communicate with each other but they can also be less than clear A word from a foreign language inserted in a novel for emphasis or scientific and technical terms might be baffling and require a dictionary or Google Search If you have ever listened to a Sunday morning sermon heard a reading by a lector sung a hymn engaged in a Bible study or read a passage in the Bible and realized that you don't have a clue what a certain word means you are not alone Other times we carelessly read over a word without comprehending the deeper scriptural meaning because it is familiar we've seen or heard it many times Frequently used words such as hope fear peace joy and yes even worship and amen are not fully appreciated or understood in the context of Scripture God's Word is full of important words after all by his grace a key word they lead us to faith and salvation Some have precise definitions whereas others convey entire rich concepts or ideas and some can be confusing if not intimidating especially to new Christians There are words of comfort action power but best of all eternal life The goal of this book is to assist the person in the pew on Sunday morning in a Bible class or engaged in personal study not only new Christians but also long time adherents to better understand and appreciate the words that they hear or read It can serve as a review for veteran Christians looking to develop a deeper understanding of their faith and a primer for new Christians who are trying to build a
