Variety's Complete Home Video Directory, 1989 TLA Film, Video, and DVD Guide 2002-2003 David Bleiler, 2001-11-03
A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout The Ascension Mysteries David Wilcock, 2016 Wilcock describes the secret cosmic battle between positive and negative happening every day hidden in both the traumas of our own lives and the world's headlines Through his contact with a positive higher intelligence behind the UFO phenomenon groundbreaking scientific information and data from high ranking government whistle blowers he is able to reveal that the earth is now on the front lines of a battle that has been raging between positive and negative extraterrestrials for hundreds of thousands of years Earth is on the verge of a massive cosmic event that will transform matter energy consciousness and biological life as we now know it and will utterly defeat the great villains of our time Directory of Video, Computer and Audio-Visual Products International Communications, 1994 **The Luciferian Book** Lucifer Damuel White, 2023-02-12 This is not only a theistic approach to Satanism but a philanthropic one as well This book is an examination of what is good about life The answers here are not ones of achieving the greatest spiritual states but are down to earth and require that your own strength accompany it all The answers here are not lofty headed They are sensible practical and founded on Truth It is all the better through self empowerment something required of you here Just as a Luciferian book should be it is a book of enlightenment **The Scary Screen** Dr Kristen Lacefield, 2013-04-28 In 1991 the publication of Koji Suzuki's Ring the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the Ring phenomenon The Scary Screen locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection's power comes from its commitment to the full range of Ring related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the Ring narrative from author to author from medium to medium and from Japan to Korea to the United States
