

The background of the slide is a misty, foggy forest scene. Tall, thin trees are visible, their trunks and branches partially obscured by the thick white fog. The ground is covered in green moss and fallen leaves. The overall atmosphere is serene and somewhat mysterious.

Heidegger and Asian Thought Graham Parkes, 1987-09-01 In 12 excellent essays by scholars East and West this collection explores the many dimensions of Heidegger's relation to Eastern thinking. Heidegger and Asian Thought Graham Parkes, 2010-07-01 In the current resurgence of interest in Heidegger an important aspect of his thought has been neglected namely his long standing interest in Asian philosophy. *Heidegger and Asian Thought* is the first book devoted to exploring this fascinating topic. It brings together essays twelve scholars from India China Japan Germany and the United States most of which were written especially for this volume. The essays discuss Heidegger's thinking in relation to Vedanta Taoism Zen and Tibetan Buddhist philosophy. Heidegger's acquaintance with Asian thought beginning from his familiarity with the Chuang tzu as early as 1930 is fully documented including an account of his work on a partial translation of the Tao Te Ching into German. This book will be of interest not only to Heidegger scholars but also to students of Asian and comparative philosophy and religion.

Heidegger's Hidden Sources Reinhard May, 2005-08-02 Heidegger's Hidden Sources documents for the first time Heidegger's remarkable debt to East Asian philosophy. In this groundbreaking study Reinhard May shows conclusively that Martin Heidegger borrowed some of the major ideas of his philosophy on occasion almost word for word from German translations of Chinese Daoist and Zen Buddhist classics. The discovery of this astonishing appropriation of non Western sources will have important consequences for future interpretations of Heidegger's work. Moreover it shows Heidegger as a pioneer of comparative philosophy and transcultural thinking.

Heidegger on Eastern/Asian Thought Lin Ma, 2024-05-31 *Heidegger on Eastern/Asian Thought* Lin Ma, 2024-06-30 This Element elucidates the metamorphoses of Heidegger's comportment toward Eastern Asian thought from the 1910s to the 1960s. With a view to the many meanings of the East at play in Heidegger's thinking it considers how his diversified dialogues with the East are embedded in different phases of his Denkweg. Various themes unexplored previously are examined: Heidegger's early treatment of near Eastern traditions and Islamic philosophy; his views on alien cultures; the primitive Dasein and the mythical Dasein; and his meditation on Russianism's deeply rooted spirituality and its recuperative possibilities for the West. Finally this Element reveals how Heidegger opened the promise of a dialogue with the East and yet stepped back from the threshold and how his move from the Occidental line of philosophizing toward the Oriental line is integral to his shift from the guiding question of Being to the abyssal question of Beyng.

Nietzsche and Asian Thought Graham Parkes, 1996-06 Nietzsche's work has had a significant impact on the intellectual life of non Western cultures and elicited responses from thinkers outside of the Anglo American philosophical traditions as well. These essays address the connection between his ideas and philosophy.

Heidegger on East-West Dialogue Lin Ma, 2007-12-12 This book traces a most obscure and yet most intriguing theme concealed in Heidegger's thinking and work which has hitherto not yet

been made the focus of a thorough and sustained investigation that is the emergence and course of Heidegger's interest in East Asian thought and of his reflection on East West dialogue Lin Ma covers such complex issues as Heidegger's thoughts on language Being technology the other beginning and the journey abroad with a view to their implications for East West dialogue It reveals the significance of his remarks on the early Greek's confrontation with the Asiatic and presents contextualized interpretations of his fleeting references to the topic of East West dialogue and of his encounter with the Daodejing Finally it delves into A dialogue on language and exposes the strains and tensions that accompany Heidegger's extension of dialogue and the Same the two notions central to his thought to the question of East West dialogue In the end Lin Ma concludes that Heidegger's fundamental concerns and philosophical orientations as articulated in terms of the history of Being and the other beginning have restricted him from engaging more seriously with the irresolvable and yet enduring issue of East West dialogue Emotions in Asian Thought Joel Marks,Roger T. Ames,Robert C. Solomon,1995-01-01 Treats the nature and ethical significance of emotions from a comparative cultural perspective emphasizing Asian traditions

Friedrich Nietzsche it draws renewed attention to the question of ontology in the history of Western thought The discussion unfolds in the context of an epochal period of transition in European culture that in Heidegger's interpretation of Nietzsche is in the process of fulfillment The book examines the sources of this transformative event with special emphasis on the contrast between the modern predominance of Cartesian intersubjectivity and a manner of thought that dwells in the philosophical anthropology of classical Greek culture It partakes in the Platonic Aristotelian tradition of studying the life of the mind from architectonic perspectives highlighting the key comparative importance of philosophical vision in tandem with the voice of conscience In that spirit the book explores an encounter between Heidegger and Nietzsche at the interstice between hermeneutics and a therapeutic consideration of philosophy
