Gathers lyric poems satire and essays about the German countryside and literature by the nineteenth century romantic poet **Heine** Heinrich Heine, Peter Branscombe,2013-08-29
One of the first men of this century is how Heine described himself when he claimed to have been born in the early hours of 1800 It was typical of Heine to create this humorous doubt he was in fact born in 1797 He was a restless and homeless poet a Jew among Germans a German in Paris a rebel among the bourgeoisie and always as his famous doppelgänger poems show a man divided against himself This selection with the German originals accompanied by English prose translations provides the perfect introduction to Heine He can be magnificent as an acute irreverent commentator on politics and current events though his genius most often strikes home in the poems filled with despair or sensuality or sweetness or self mockery in which he draws out the whole gamut of emotions provoked by love and immanent death
Heine's Poems Heinrich Heine,2009-01-01 This authoritative 1906 collection of 163 poems in the original German remains an excellent representation more than a century later of the lyrical verse of the popular 19th century German romantic poet CHRISTIAN JOHANN HEINRICH HEINE 1797 1856 With many of Heine's poems set to music by such composers as Robert Schumann Franz Schubert Felix Mendelssohn Johannes Brahms and Richard Wagner it is chiefly as a lyricist that he is remembered today This volume hard to find in print and complete with the original comprehensive introduction and notes in English by American scholar of German CARL EDGAR EGGERT b 1868 is a valuable resource for music lovers and poetry fans alike **Poems of Heinrich Heine** Heinrich Heine,2015-09-01
