Heinrich Von Veldeke Eneas:

Heinrich Von Veldeke Eneas Rodney W. Fisher, 1992 Heinrich von Veldeke's adaptation of the Eneas was regarded even by the classical generation of Middle High German poets as a pioneering achievement His immediate source the Anglo Norman Roman d Eneas offers together with other sources a logical starting point for any interpretation of Veldeke's work The last part of this volume a translation of the Middle High German text into English meets the needs of those medievalists who have no knowledge of the Middle High German language German Literature of the High Middle Ages Will Hasty, 2006 New essays on the first flowering of German literature in the High Middle Ages and especially during the period 1180-1230 The High Middle Ages and particularly the period from 1180 to 1230 saw the beginnings of a vibrant literary culture in the German vernacular While significant literary achievements in German had already been made in earlier centuries they were a somewhat precarious vernacular extension of Christian Latin culture But the vernacular literary culture of the High Middle Ages was an integral part of broader cultural developments in which the unquestioned validity of traditional authoritative models began to lose its hold A secular culture began to emerge in which positive value began to be attached to the however transitory allegiances pleasures and loves of life In new essays dealing with the most significant literary genres the heroic epics the romances the love lyrics and political poetry and with broader political social and cultural issues control of aggression territorialization this third volume of the Camden House History of German Literature demonstrates how the emergence of a vernacular literary culture in Germany was an important part of a broader cultural transformation in which medieval people began to redefine themselves their relationships to one another and the position of humanity in the scheme of things Contributors Albrecht Classen Nicola McLelland Rodney Fisher Neil Thomas Marion Gibbs and Sidney Johnson Rüdiger Krohn Will Hasty Nigel Harris Susann Samples Sara Poor Michael Resler Rüdiger Brandt Elizabeth A Andersen Ulrich Müller and Franz Viktor Spechtler Ruth Weichselbaumer W H Jackson Charles Bowlus Will Hasty is Professor of German Studies and co-founder and co-director of the Center for Medieval and Early Modern Studies at the University of Florida A Companion to Middle High German Literature to the 14th century Francis Gentry, 2002-12-01 This volume is a guide to medieval German literature from its beginnings in the eighth century to the fourteenth century It will escort the motivated student and colleague with interest in the European Middle Ages but no expertise in older German languages The chapter authors all internationally known scholars were given the freedom to arrange their chapters as they felt most appropriate including the question of the terminus ad quem Chapters deal either with a chronological period e.g. 13th century or with specific genres e.g. drama In addition chapters both on the historical epoch and on the development of the German language in the medieval period have been included In general historical and cultural topics play an important role in each chapter **A Preface to the 'Nibelungenlied'**, 1987-06 This book aims to make available the necessary background for an informed reading of the Nibelungenlied the twelfth century epic perhaps best known to non-Germans from

Wagner's music dramas Two traditions of scholarly thought exist about the Nibelungenlied The first sees the poem as a development out of German heroic legend the second focuses on the work's location in the contemporary literary context at the end of the twelfth century The first and older school deals with the evolution of the story over time and the question of how short heroic poems attained epic compass in the later Nibelungenlied The second seeks to interpret the poem in terms of the new emergence of Arthurian romance around 1200 The author attempts to bridge the gap between the two contending schools suggesting that neither approach precludes the other Although the Nibelungenlied poet drew the story itself from earlier heroic poems the author makes clear that the poet absorbed impulses from other types of literature as well The book is in three parts Part I discusses literary antecedents tracing the development of German heroic poetry from the Migration Age on then describing narrative practice in the twelfth century in historical and legendary epic on the one hand and romance on the other Part II analyzes the Nibelungenlied in its immediate literary context addressing possible sources and narrative innovations The author relates the story of the poem to the immediate antecedent versions of the legend that are now preserved only in the Norse Thidrek's Saga surveys recent general interpretations and suggests a literary historical analysis that can plot the Nibelungenlied more accurately on the literary map of the twelfth century Part III comprises previously untranslated texts and summaries of source materials bearing on the Nibelungenlied Cityscaping Therese Fuhrer, Felix Mundt, Jan Stenger, 2015-05-19 The term cityscaping is here introduced to characterise the creative process through which the image of the city is created and represented in various media text film and artefacts It thus turns attention away from built urban spaces and onto mental images of cities One focus is on the question of which literary visual and acoustic means prompt their recipients spatial imagination another is to inquire into the semantics and functions that are ascribed to the image of a city as constructed in various media The examples of ancient texts and works of art and modern literature and films are used to elucidate the artistic potential of images of the city and the techniques by which they are semanticised With its interdisciplinary approach the volume for the first time makes clear how strongly mental images of urban space both ancient and modern have been shaped by the techniques of their representation in media

Gewaltgenuss, Zorn und Gelächter Claudia Ansorge, Cora Dietl, Titus Knäpper, 2015-06-17 Violence and the escalation of violence are often linked with emotion and passion Emotions function to prepare stir and perform violence which again stimulates emotions and might lead to a loss of control and in the case of collective violence to an intensified coherence of the violent community Literary or historiographic texts that depict collective violence functionalise the factor emotions in different ways depending on the respective context They might serve at justifying violence or making it plausible at condemning it or making it more comprehensible or even enjoyable This is true both for modern and older accounts The essays that are collected in the present volume are presented by members of the Giessen research group Communities of Violence and their guests They ask whether there are perspectives of the emotional side of violence which are specific for

certain epochs and analyse medieval and early modern depictions of emotional acts of violence with a special focus on their contexts their messages and their aesthetic of reception Encyclopedia of German Literature Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings Violence in Medieval Courtly Literature Albrecht Classen, 2012-10-12 Although courtly literature is often associated with a chivalrous and idyllic life the fifteen original essays in this collection demonstrate that the quest for love in the world of medieval courtly literature was underpinned by violence Lovers were rejected mistrust ruled rape was a rampant problem and marriage was often characterized by brutality Albrecht Classen brings together an outstanding group of historical cultural and literary scholars in this volume to investigate the complicated nuanced and often surprising unions of love and violence in courtly medieval literature **Key Figures in Medieval Europe** Richard K. Emmerson, 2013-10-18 From emperors and queens to artists and world travelers from popes and scholars to saints and heretics Key Figures in Medieval Europe brings together in one volume the most important people who lived in medieval Europe between 500 and 1500 Gathered from the biographical entries from the on going series the Routledge Encyclopedias of the Middle Ages these A Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics religion or the arts Individuals from places such as medieval England France Germany Iberia Italy and Scandinavia are included as well as those from the Jewish and Islamic worlds A thematic outline is included that lists people not only by categories but also by regions For a full list of entries contributors and more visit the Routledge Encyclopedias of the Middle Ages website **The Graph of Sex and the German Text**, 2022-06-08 **Medieval Germany** John M. Jeep, 2001 An encyclopedia covering the political social intellectual religious and cultural history of the German and Dutch speaking medieval world between 500 and 1500 Entries cover individuals and their deeds as well as broader historical topics Strategic Imaginations Anke Gilleir, Aude Defurne, 2020-12-15 Imaginations of female rule and the imaginative strategies of women rulers What is the gender of political power What happens to the history of sovereignty when we reconsider it from a gender perspective Political sovereignty has been a major theme in European thought from the very beginning of intellectual reflection on community Philosophy and political theory historiography theology and literature and the arts have often in dialogue with one another sought to represent or recalibrate notions of rule Yet whatever covenant was imagined sovereign rule has consistently been

figured as a male prerogative While in depth studies of historical women rulers have proliferated in the past decades these have not systematically explored how all women rulers throughout the entirety of European culture have had to operate in a context that could not think power as female except in grotesque terms Strategic Imaginations demonstrates that this constitutive tension can only be brought out by studying women s political rule in a comparative and longue dur e manner The book offers a collection of essays that brings together studies of female sovereignty from the Polish Lithuanian to the British Commonwealth and from the Middle Ages to the genesis of modern democracy It addresses historical figures and takes stock of the rich yet unsettling imagination of female rule in philosophy literature and art history For all the variety of geographical social and historical contexts it engages the book reveals surprising resonances between the strategies women rulers used and the images and practices they adopted in the context of an all pervasive skepticism toward female rule

Spaces of Dissension Julia Lossau, Daniel Schmidt-Brücken, Ingo H. Warnke, 2020-02-10 This volume focusses on contradiction as a key concept in the Humanities and Social Sciences By bringing together theoretical and empirical contributions from a broad disciplinary spectrum the volume advances research in contradiction and on contradictory phenomena laying the foundations for a new interdisciplinary field of research Contradiction Studies Dealing with linguistic phenomena urban geographies business economy literary writing practices theory of the social sciences and language education the contributions show that contradiction rather than being a logical exemption in the Aristotelian sense provides a valuable approach to many fields of socially culturally and historically relevant fields of research

The Knight without Boundaries: Yiddish and German Arthurian Wigalois Adaptations Annegret Oehme, 2021-11-22 This volume explores a core medieval myth the tale of an Arthurian knight called

Wigalois and the ways it connects the Yiddish speaking Jews and the German speaking non Jews of the Holy Roman Empire The German Wigalois Viduvilt adaptations grow from a multistage process a German text adapted into Yiddish adapted into German creating adaptations actively shaped by a minority culture within a majority culture The Knight without Boundaries examines five key moments in the Wigalois Viduvilt tradition that highlight transitions between narratological and meta narratological patterns and audiences of different religious cultural or lingual background **Amsterdamer Beiträge Zur Älteren Germanistik, Band 66 (2010)**, 2010-03 Inhalt Tette Hofstra A D Kylstra 1920 2010 Elena Afros Gothic Relative Clauses Introduced by izei and sei revisited Guus Kroonen F roese ta and its relevance to the Germanic Auslautsgesetze Frederik Kortlandt Vestjysk st d again El bieta Adamczyk On Morphological Restructuring in the Old English and Old Saxon Nominal Paradigms Arend Quak Hintergr nde eines altniederl ndischen Textes Michael P McGlynn Berg r s Voice Orality in the Homicide Laws of the Old Icelandic Gr g s John M Jeep Heinrich von Veldeke s Eneas and the Tradition of the Alliterating Word Pair Helmut Beifuss Wirnts von Gravenberc Wigalois Ein Artusroman konzipiert als dichterische Auseinandersetzung mit den politischen Wirren seiner Zeit Annelies Roeleveld The Holy Rood in the Netherlands and North Germany A comparative study of nine Middle Dutch and two Middle Low German recensions of the legend about the Provenance of the Cross Erika Langbroek Die Kreuzholzlegende im Hartebok und ihre Verwandten Elly Vijfvinkel Lehrer und Propheten im Luzerner Osterspiel Besprechungen Criticising the Ruler in Pre-Modern Societies - Possibilities, Chances and Methods Karina Kellermann, Alheydis Plassmann, Christian Schwermann, 2019-12-09 In vormodernen Monarchien beobachten wir Widerspruch und Widerstand gegen einzelne Herrscher ihre politischen Entscheidungen und ihre Verwaltung aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System Wenn Unzufriedenheit zu Aufst nden und Revolten f hrten blieb es normalerweise bei einem blo en Austausch des Regenten Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Geh r verschaffen und zielten darauf ab die Qualit ten des Regenten zu verbessern oder spezifische Modi der Amtsf hrung zu reformieren Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes When looking at pre modern monarchical societies one does not expect to observe fundamental dissent directed at the social order as such or at the political system As a rule criticism was limited to individual monarchs their performance and decisions While discontent could lead to insurrection and rebellion which normally only culminated in the ruler being replaced by another monarchical figurehead the subtler methods of voicing criticism were applied within a framework of legality of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court The various forms of verbal or staged censure of rulers in pre modern monarchical societies are the subject of this volume *Courtly Love, the Love of Courtliness, and the History of Sexuality* James A. Schultz, 2006-08-15 One of the great achievements of the Middle Ages Europe s courtly culture gave the

world the tournament the festival the knighting ceremony and also courtly love But courtly love has strangely been ignored by historians of sexuality With *Courtly Love the Love of Courtliness and the History of Sexuality* James Schultz corrects this oversight with careful analysis of key courtly texts of the medieval German literary tradition Courtly love Schultz finds was provoked not by the biological and intrinsic factors that play such a large role in our contemporary thinking about sexuality sex difference or desire but by extrinsic signs of class bodies that were visibly noble and behaviors that represented exemplary courtliness Individuals became subjects of courtly love only to the extent that their love took the shape of certain courtly roles such as singer lady or knight They hoped not only for physical union but also for the social distinction that comes from realizing these roles to perfection To an extraordinary extent courtly love represented the love of courtliness the eroticization of noble status and the courtly culture that celebrated noble power and refinement

Ogling Ladies Sandra Lindemann Summers, 2019-03-18 In the European Middle Ages the harm a person's gaze could cause was greatly feared A stare was considered an act of aggression intense gazing was believed to exert immense power over the individual observed The love of looking or scopophilia is a common motif among female figures in medieval art and literature where it is usually expressed as a motherly or sexually interested gaze one sanctioned the other forbidden Sandra Summers investigates these two major variants of female voyeurism in exemplary didactic and courtly literature by medieval German authors Setting the motif against the period's dominant patriarchal ethos and its almost exclusive pattern of male authorship Summers argues that the maternal gaze was endorsed as a stabilizing influence while the erotic gaze was condemned as a threat to medieval order Summers examines whether medieval artists and writers invented the idea of ogling or whether they were simply recording a behavioral practice common at the time She investigates how the act of ogling altered the narrative trajectory of female characters and she also considers how it may have affected the regulation and restriction of women during Europe's Middle Ages Drawing upon contemporary gender studies women's studies film studies and psychology Summers argues that the female gaze ultimately governs social formation The exploration of the female gaze in period literature transcends medieval scholarship and impacts our understanding of the broader problem of gender perceptions and social structuring in Western civilization
