Helinand Of Froidmont:

The Verses on Death of Helinand of Froidmont Hélinand (de Froidmont), Jenny Lind Porter, 1999 Helinand c 1162-1237 was born to a noble Flemish family which had fled to France after the assassination of Charles the Bold In the richly creative rough and tumble world of the twelfth century he proved himself an accomplished poet In the first generation of vernacular poetry he may have been a jongleur a performer of lyric or epic poetry or a trouvère a lyric poet who also performed Some time around 1182 he turned his back on worldly success to enter the Cistercian abbey of Froidmont near Beauvais There he composed a number of Latin works including a Universal Chronicle and these Verses on Death his sole surviving work in French In Verses on Death Helinand combines his love of poetry and his love of monastic tradition From his cloister he instructs Death to visit those dearest to him to turn their attentions to the joys of eternity Both in Old French and in Jenny Lind Porter's translation the verses provide lively colloquial and arresting reflections on the transitory vanity of worldly pleasures

Mother of God Miri Rubin, 2009-04-21 A sweeping ambitious study of the Virgin Mary's emergence and role throughout Western history How did the Virgin Mary about whom very little is said in the Gospels become one of the most powerful and complex religious figures in the world To arrive at the answers to this far-reaching question one of our foremost medieval historians Miri Rubin investigates the ideas practices and images that have developed around the figure of Mary from the earliest decades of Christianity to around the year 1600 Drawing on an extraordinarily wide range of sources including music poetry theology art scripture and miracle tales Rubin reveals how Mary became so embedded in our culture that it is impossible to conceive of Western history without her In her rise to global prominence Mary was continually remade and reimagined by wave after wave of devotees Rubin shows how early Christians endowed Mary with a fine ancestry why in early medieval Europe her roles as mother bride and companion came to the fore and how the focus later shifted to her humanity and unparalleled purity She also explores how indigenous people in Central America Africa and Asia remade Mary and so fit her into their own cultures Beautifully written and finely illustrated this book is a triumph of sympathy and intelligence It demonstrates Mary's endless capacity to inspire and her profound presence in Christian cultures and beyond

From the "Liber de Cognitione Sui" of Hélinand of Froidmont Hélinand de Froidmont, Friendship and Faith: Cistercian Men, Women, and Their Stories, 1100-1250 Brian Patrick McGuire, 2024-10-28 In these articles Professor McGuire explores the riches of the Cistercian exemplum tradition These texts are made up of brief stories often with a miraculous content which provided moral support for novices and monks in Cistercian abbeys all over Europe in the High Middle Ages The Cistercians have been seen mainly in terms of their great writers like Bernard of Clairvaux and the impressive buildings they left behind But Cistercian literature also provides us with more humble insights from daily life shedding light on questions of sexuality anger depression and bonds of friendship also between monks and nuns They bring a freshness of

insight and immediate experience and their seeming naivety lets us be aware of monks commitment to each other in individual and community bonds In Cistercian storytelling the Gospel s message meets an historical context and bears witness to a transformation of Christian life and idealism while at the same time allowing us precious insights into how ordinary men and women not just monks and nuns lived and thought

Augustinian Theology in the Later Middle Ages Eric Leland Saak,2021-12-13 The culmination of thirty years of research Eric Leland Saak s Augustinian Theology in the Later Middle Ages offers a comprehensive new interpretation of late medieval Augustinianism The first of a two volume work the present book sets the stage and analyzes the conceptual and methodological structures requisite for interpreting the reception of Augustine in the later Middle Ages historically together with explicating the first two of the four pillars of Augustinian theology the Augustinian Hermits political theology the teaching in the Order s schools the Order s university theology and its moral theology Holistically fused with the Order s religious identity these distinct yet interconnected components of Augustinian theology rather than a narrow theologically defined anti Pelagianism provided the context for the emergence of the Reformation

Gemstone of Paradise S. J. G. Ronald Murphy,2010-07-27 The story of the Holy Grail has gripped the imaginations of millions since it first appeared in medieval romances among them Wolfram von Eschenbach s Middle High German Parzival c 1210 Strangely the Grail is identified in Parzival not as a cup or dish but as a stone This oddity is usually interpreted merely as further evidence of the difficulty of discerning the true sources of the Grail legend G Ronald Murphy

seeks to illuminate this mystery and to enable a far better appreciation of Wolfram's insight into the nature of the Grail and its relationship to the Crusades. Wolfram's sacred stone was in fact a consecrated altar precious by virtue of the sacrament but also, as Murphy argues, by virtue of the material from which it was made: a precious green stone associated with the rivers of Paradise. Parzival, as Murphy believes, was intended as an argument against continued efforts by Latin Christians to recover the Sepulchre by force. In Wolfram's story, warring Christians and Muslims are brought together in peace by the power of the Grail, a stone, as Murphy believes, which still exists. An entirely original reading of Wolfram's famous text, this engrossing and accessible book appeals not only to scholars and students of medieval literature but to anyone who is drawn to the lasting mystery of the Holy Grail.

The Splendor of the Church Henri De Lubac, 2013-03-25 Considered by many the bright jewel among the many enriching books of Cardinal Henri de Lubac, this work is a hymn to the beauty of the Church under some of whose leaders for a time he unjustly suffered. The Splendor of the Church is in a sense a personal testimony of the great theologian's humility and love of the Church of Christ. It is also a classic work in the theology of the Church. Indeed, de Lubac's profound insights significantly contributed to Vatican II's Dogmatic Constitution on the Church, *Lumen Gentium*, especially in its treatment of the Church as mystery and as the Sacrament of Christ. Chapters I The Church as Mystery II The Dimensions of the Mystery III The Two Aspects of the Church IV The Heart of the Church V The Church in the World VI The Sacrament of Christ VII Ecclesia Mater VIII Our Temptations concerning the Church IX The Church and Our Lady

Memory and Commemoration in Medieval Culture Dr Elma Brenner, Dr Mary Franklin-Brown, Dr Meredith Cohen, 2013-04-28 In medieval society, and culture, memory occupied a unique position. It was central to intellectual life and the medieval understanding of the human mind. Commemoration of the dead was also a fundamental Christian activity. Above all, the past and the memory of it occupied a central position in medieval thinking, from ideas concerning the family unit to those shaping political institutions. Focusing on France but incorporating studies from further afield, this collection of essays marks an important new contribution to the study of medieval memory and commemoration. Arranged thematically, each part highlights how memory cannot be studied in isolation but instead intersects with many other areas of medieval scholarship, including art history, historiography, intellectual history, and the study of religious culture. Key themes in the study of memory are explored, such as collective memory, the links between memory and identity, the fallibility of memory, and the linking of memory to the future as an anticipation of what is to come.

Emperor of the World Anne A. Latowsky, 2013-02-15 *Emperor of the World* traces the curious history of the story of the alliances forged by Charlemagne while visiting Jerusalem and Constantinople, revealing how the memory of the Frankish Emperor was manipulated to shape the institutions of kingship and empire in the High Middle Ages. The legend incorporates apocalyptic themes, such as the succession of world monarchies at the End of Days, and the prophecy of the Last Roman Emperor. Charlemagne's apocryphal journey to the East increasingly resembled the eschatological final journey of the Last Emperor, who was expected to end his reign in Jerusalem after reuniting the Roman

Empire prior to the Last Judgment Latowsky finds that the writers who incorporated this legend did so to support or in certain cases to criticize the imperial pretensions of the regimes under which they wrote Latowsky removes Charlemagne's encounters with the East from their long presumed Crusading context and shows how a story that began as a rhetorical commonplace of imperial praise evolved over the centuries as an expression of Christian Roman universalism Three Purgatory Poems Edward E Foster, 2004-07-01 Though our modern understanding of the medieval doctrine of Purgatory is generally shaped by its presentation by Dante in the Divine Comedy there is a lengthy history of speculation about the nature of such a place of purgation Through these fourteenth century Middle English poems readers can experience something of the controversies that surfaced and resurfaced even after Aquinas had articulated his doctrine of the Communion of Saints The Gast of Gy as Foster notes puts a human face on the doctrine of Purgatory not only in the amiable logical and patient person of the Gast of Gy himself but also in the careful and cautious dialogue between the Gast and the Pryor who questions him Sir Owain and The Vision of Tundale present two accounts of the purgatorial journeys of living individuals who are offered a chance to see the torments they have brought upon themselves by their less than perfect lives along with the opportunity to return and amend those lives All three poems were quite popular as was the doctrine of Purgatory itself And why not As Foster notes in his general introduction it the doctrine of Purgatory had everything adventure and adversity suffering and excitement and most importantly a profound theological warning wrapped in the joyful solace of communion with the departed and hope for our own sinful selves **Asceticism and Its Critics** Oliver Freiberger, 2006-10-19 Scholars of religion have always been fascinated by asceticism Some have even regarded this radical way of life the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self mortification as the ultimate form of a true religious quest This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style Scholars have often overlooked however that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically This book is a first attempt of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of

religions as asceticism itself is *Educating People of Faith* John H. Van Engen, 2004 A much needed addition to the emerging literature on the formative power of religious practices *Educating People of Faith* creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative *Educating People of Faith* will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C Cavadini Anne L Clark Lawrence S Cunningham Joseph Goering Robert Goldenberg Stanley Samuel Harakas Robert M Kingdon Blake Leyerle Michael A Signer Philip M Soergel David C Steinmetz John Van Engen Lee Palmer Wandel Robert Louis Wilken Elliot R Wolfson **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **A Commentary on Pseudo-Philo's Liber Antiquitatum Biblicarum** Howard Jacobson, 1996 This book offers a dramatically new translation of *Liber Antiquitatum Biblicarum* a commentary that deals extensively with LAB's place in ancient biblical exegesis and an introduction that treats the major problems associated with LAB's date original language manuscript tradition exegetical techniques
