**Hellenistic Art (330-50 B.C.)** Jean Charbonneaux, Roland Martin, François Villard, 1973      Hellenistic Art, 330-50 BC  
Jean Charbonneaux, Roland Martin, François Villard, 1973      **Hellenistic Art**, 1973      **Greek Art and Aesthetics in the Fourth Century B.C.** William A. P. Childs, 2018-04-10 Greek Art and Aesthetics in the Fourth Century B C analyzes the broad character of art produced during this period providing in depth analysis of and commentary on many of its most notable examples of sculpture and painting Taking into consideration developments in style and subject matter and elucidating political religious and intellectual context William A P Childs argues that Greek art in this era was a natural outgrowth of the high classical period and focused on developing the rudiments of individual expression that became the hallmark of the classical in the fifth century As Childs shows in many respects the art of this period corresponds with the philosophical inquiry by Plato and his contemporaries into the nature of art and speaks to the contemporaneous sense of insecurity and renewed religious devotion Delving into formal and iconographic developments in sculpture and painting Childs examines how the sensitive expressive quality of these works seamlessly links the classical and Hellenistic periods with no appreciable rupture in the continuous exploration of the human condition Another overarching theme concerns the nature of style as a concept of expression an issue that becomes more important given the increasingly multiple styles and functions of fourth century Greek art Childs also shows how the color and form of works suggested the unseen and revealed the profound character of individuals and the physical world      Light as Experience and Imagination from Paleolithic to Roman Times David S. Herrstrom, 2017-09-26 This book is an interdisciplinary synthesis and interpretation about the experience of light as revealed in a wide range of art and literature from Paleolithic to Roman times Humanistic in spirit and in its handling of facts it marshals a substantial body of scholarship to develop an explication of light as a central even dramatic reality of human existence and experience in diverse cultural settings David S Herrstrom underscores our intimacy with light not only its constant presence in our life but its insinuating character Focusing on our encounters with light and ways of making sense of these this book is concerned with the personal and cultural impact of light exploring our resistance to and acceptance of light Its approach is unique The book s true subject is the individual s relationship with light rather than the investigation of light s essential nature It tells the story of light seducing individuals down through the ages Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions to it as reflected in art Paleolithic through Roman architecture Egyptian Grecian Roman mythology and religion Paleolithic Egyptian and literature e g Akhenaten Plato Aeschylus Lucretius John the Evangelist Plotinus and Augustine This book celebrates the complexity of our relation to light s character No individual experience of light is truer than any other none improves on any previous experience of light s tidal pull on us And the wondrous variety of these encounters has yielded a richly layered tapestry of human experience By its broad scope and interdisciplinary approach

this pioneering book is without precedent      Rhetoric and Innovation in Hellenistic Art Kristen Seaman, 2020-04-16  
Hellenistic artworks are celebrated for innovations such as narrative characterization and description The most striking examples are works associated with the Hellenistic courts Their revolutionary appearance is usually attributed to Alexander the Great's conquest of the Near East the start of the Hellenistic kingdoms and Greek Eastern interactions In Rhetoric and Innovation in Hellenistic Art Kristen Seaman offers a new approach to Hellenistic art by investigating an internal development in Greek cultural production notably advances in rhetoric Rhetorical education taught kings artists and courtiers how to be Greek giving them a common intellectual and cultural background from which they approached art Seaman explores how rhetorical techniques helped artists and their royal patrons construct Hellenism through their innovative art in the scholarly atmospheres of Pergamon and Alexandria Drawing upon artistic literary and historical evidence this interdisciplinary study will be of interest to students and scholars in art and archaeology Classics and ancient history      The Hellenistic Aesthetic Barbara Hughes Fowler, 1989 Fowler's own insights are apparent throughout and they seem to distill the personal appreciation and understanding of a scholar who has devoted much of her career to both contemplating and enjoying Hellenistic poetry This book would make an excellent background text for courses in later Greek and Roman art and it can be read with profit by anyone interested in exploring the character of Hellenistic culture J J Pollitt American Journal of Archaeology Outstanding is the range of examples discussed both in poetry and art Theocritus Callimachus Apollonius the epigrammatists and others that is the major figures of the time are considered at length and in several different contexts Passages are quoted in the original Greek translated and analyzed Fowler's sensitivity to poetic forms evident in her other published writings is again evident here In addition however the philosophical context is not overlooked Also highly commendable are the liberal references to works of art Sculpture in the round and in relief portraits terracotta figurines original paintings grave stelai and Campanian murals mosaics gold and silver vessels and jewelry are introduced at various points Every work of art discussed is illustrated in astonishingly clear photographs which are interspersed in the body of the text Christine Mitchell Havelock The Hellenistic Aesthetic provides classicists with their first thorough discussion of the aesthetic unity found in Hellenistic art and literature Fowler examines parallels both in subject matter and in artistic approach among a diverse group of literary genres and artistic forms In twelve chapters The Hellenistic Aesthetic surveys Alexandrian epigrams pastorals epics sculptural groups mosaics paintings and jewelry to supply a convincing and frequently unexpected picture of a unified aesthetic vision Jeffrey Buller Classical Outlook      Modes of Viewing in Hellenistic Poetry and Art Graham Zanker, 2008-02-04 Taking a fresh look at the poetry and visual art of the Hellenistic age from the death of Alexander the Great in 323 B C to the Romans' defeat of Cleopatra in 30 B C Graham Zanker makes enlightening discoveries about the assumptions and conventions of Hellenistic poets and artists and their audiences Zanker's exciting new interpretations closely compare poetry and art for the light each sheds on the other He finds for

example an exuberant expansion of subject matter in the Hellenistic periods in both literature and art as styles and iconographic traditions reserved for grander concepts in earlier eras were applied to themes motifs and subjects that were emphatically less grand

The Art of the Scythians Esther Jacobson,2022-11-14 This volume considers the art of the Scythians of the northern littoral of the Black Sea as that art was expressed in gold silver bronze and bone Appearing by the seventh century B C at the edge of an expanding Hellenic world the history and art of the Scythians must be considered within a context that recognizes the sources of Scythian culture in the Eurasian Steppe as well as the historical contingency of West Asia and the Greek colonies By approaching the understanding of artistic traditions in terms of an evolving process rooted in an archaic steppe culture but ultimately shaped by the confrontation of Near Eastern Hellenic and Hellenistic tastes this discussion goes beyond the traditional location of Scythian art as a subset of Greek goldwork Particular consideration is given to the gradual transformation of object types and styles from their reflection of archaic zoomorphic representations in carved bone wood and bronze to traditions expressive of Hellenized tastes and sensibilities in gold and silver By examining in detail individual objects as well as classes of objects this volume articulates a specifically Scythian stylistic and iconographic tradition and a specifically Scythian contribution to the working of precious metals related to but ultimately distinguishable from the goldworking traditions of Achaemenid Iran late Classical Greece and the larger Hellenistic world This volume offers substantial bibliography relating to the extensive research on Scythian art archaeology and history published in the Russian and Ukrainian languages over the last 150 years

Macedonian Armies after Alexander 323-168 BC Nicholas Sekunda,2012-11-20 The death of Alexander the Great in 323 BC threw the Macedonians into confusion there was no capable heir and no clear successor among the senior figures in Alexander s circle For well over a century the largely mercenary armies of Alexander s successors imposed their influence over the whole of the Near East while absorbing local military practices After Rome s decisive defeat of Carthage in 202 BC Macedonia came under increasing pressure from the Romans Three wars between the two powers culminated in the Roman victory at Pydna in 168 BC which laid Alexander s empire to rest and established Roman hegemony in the Near East Drawing upon a wide array of archaeological and written sources and written by a noted authority on the Hellenistic period this survey of the organization battle history and appearance of the armies of Alexander s successors is lavishly illustrated with specially commissioned full colour artwork

**Demetrius the Besieger** Pat Wheatley,Charlotte Dunn,2020-04-29 Demetrius the Besieger offers the first historical and historiographical biography of Demetrius Poliorcetes 336 282 BC to be published in English Also

known as The Besieger of Cities Demetrius is an outstanding yet enigmatic figure who presided over the disintegration of Alexander the Great's Empire after 323 BC and the most fascinating and high profile of the Diadochoi or Successors to Alexander the Great His campaigns initiatives and personal life bestride the opening forty years of the so called Hellenistic age and are pivotal in its formation as he became the first of the Hellenistic Kings As his name suggests Demetrius was prodigious in his military adventures and profligate in his private life rendering him an icon for artists writers politicians and soldiers for many centuries He was especially famous for his spectacular siege operations against enemy cities and gained his unique nickname from his innovation in building gigantic siege engines which became legendary in the ancient world However much of Demetrius life was enigmatic oscillating wildly between successful and catastrophic ventures and his intrinsic qualities remain debatable to this day What is indisputable is that he presided over a formative period in history marked by great flux and enormous change His endeavours resulted in the fusion of Asiatic and Greek cultures producing the hybrid Hellenistic kingdoms which dominated the ancient world for some 200 years until the rise of the Roman Empire The period is of crucial importance in ancient Greek history and marks the point from which Hellenistic influence became fundamental in the development of modern Western culture

*Anglo-Saxon Gestures and the Roman Stage* Charles Reginald Dodwell, 2000 This 1999 book is concerned with the pictorial language of gesture revealed in Anglo Saxon art and its debt to classical Rome Reginald Dodwell was an eminent art historian and former Director of the Whitworth Art Gallery in Manchester In this his last book he notes a striking similarity of both form and meaning between Anglo Saxon gestures and those in illustrated manuscripts of the plays of Terence He presents evidence for dating the archetype of the Terence manuscripts to the mid third century and argues persuasively that their gestures reflect actual stage conventions He identifies a repertory of eighteen Terentian gestures whose meaning can be ascertained from the dramatic contexts in which they occur and conducts a detailed examination of the use of the gestures in Anglo Saxon manuscripts The book which is extensively illustrated illuminates our understanding of the vigour of late Anglo Saxon art and its ability to absorb and transpose continental influence

*Omens and Oracles* Matthew Dillon, 2017-07-14 Addressing the role which divination played in ancient Greek society this volume deals with various forms of prophecy and how each was utilised and for what purpose Chapters bring together key types of divining such as from birds celestial phenomena the entrails of sacrificed animals and dreams Oracular centres delivered prophetic pronouncements to enquirers but in addition there were written collections of oracles in circulation Many books were available on how to interpret dreams the birds and entrails and divination as a religious phenomenon attracted the attention of many writers Expert diviners were at the heart of Greek prophecy whether these were Apollo's priestesses delivering prose or verse answers to questions put to them by consultants diviners known as manteis who interpreted entrails and omens the chresmologoi who sang the many oracles circulating orally or in writing or dream interpreters Divination was utilised not only to foretell the future but also to ensure that the

individual or state employing divination acted in accordance with that divinely prescribed future it was employed by all and had a crucial role to play in what courses of action both states and individuals undertook Specific attention is paid in this volume not only to the ancient written evidence but to that of inscriptions and papyri with emphasis placed on the iconography of Greek divination The Horse and Jockey from Artemision Séan A. Hemingway, Séan Hemingway, 2004-07-08 In 1928 and again in 1937 parts of a large scale bronze horse and nearly complete jockey were recovered from the sea off Cape Artemision in Greece where they had gone down in a shipwreck These original Hellenistic sculptures known together as the Horse and Jockey Group from Artemision are among the very few surviving bronze sculptures from antiquity Se n Hemingway has been allowed by the National Museum in Athens to investigate the horse and jockey statuary group as no one ever has before and in this book combining archaeological and art historical methods of investigation he provides the first in depth study of this rare and beautiful monument New technical analyses of the statues by Helen Andreopoulou Mangou form an appendix to the volume Hemingway begins with an introduction to Hellenistic bronze statuary and what we know about this extraordinary class of ancient sculpture He then recounts with riveting detail the discovery and painstaking restoration of the statue group describing the technique of its creation and carefully reviewing scholarly knowledge and speculation about it He also provides a valuable compendium of what is known about ancient Greek horse racing the most prestigious and splendid of all Greek sports After a full consideration of all the available evidence he speculates further about the work s original meaning and function His study provides a glimpse of the excellence achieved by Hellenistic bronze sculptors and it will become the definitive resource on this unique sculpture from ancient Greece
