Stefanakis,Georgios Mavroudis,Fani K. Seroglou,2023-07-20 This volume publishes the proceedings of the conference of the same name held in Rhodes in October 2018 Contributions draw on archaeological and literary sources to explore both the development and continuity of cults in the Dodecanese from the Early Iron Age through to the 1st century BC Imperium and Cosmos Paul Rehak,2009-05-20 Caesar Augustus promoted a modest image of himself as the first among equals princeps a characterization that was as popular with the ancient Romans as it is with many scholars today Paul Rehak argues against this impression of humility and suggests that like the monarchs of the Hellenistic age Augustus sought immortality an eternal glory gained through deliberate planning for his niche in history while flexing his existing power Imperium and Cosmos focuses on Augustus s Mausoleum and Ustrinum site of his cremation the Horologium Solarium a colossal sundial and the Ara Pacis Altar to Augustan Peace all of which transformed the northern Campus Martius into a tribute to his major achievements in life and a vast memorial for his deification after death Rehak closely examines the artistic imagery on these monuments providing numerous illustrations tables and charts In an analysis firmly contextualized by a thorough discussion of the earlier models and motifs that inspired these Augustan monuments Rehak shows how the princeps used these on such an unprecedented scale as to truly elevate himself above the common citizen Discs of Splendor Alexandra Ann Carpino,2003 The Etruscans whose culture flourished in Italy from the late eighth century B C E to the first century B C E produced some of the most sumptuous bronze and silver mirrors found in the ancient Mediterranean Mirrors with relief decorations on their reverse sides are extremely rare and uniquely Etruscan Their designs inform us about artistic styles and supplement our understanding of Etruscan culture and taste The subjects illustrated on the mirrors give important insights into Etruscan mythology beliefs and cultural values filling the vacuum left by the loss of most of their literary record

Horace Between Freedom and Slavery Stephanie McCarter,2015-12-08 During the Roman transition from Republic to Empire in the first century B C E the poet Horace found his own public success in the era of Emperor Augustus at odds with his desire for greater independence In Horace between Freedom and Slavery Stephanie McCarter offers new insights into Horace s complex presentation of freedom in the first book of his Epistles and connects it to his most enduring and celebrated moral exhortation the golden mean She argues that although Horace commences the Epistles with an uncompromising insistence on freedom he ultimately adopts a middle course She shows how Horace explores in the poems the application of moderate freedom first to philosophy then to friendship poetry and place Rather than rejecting philosophical masters Horace draws freely on them without swearing permanent allegiance to any a model for compromise that allows him to enjoy poetic renown and friendships with the city s elite while maintaining a private sphere of freedom This moderation and adaptability McCarter contends become the chief ethical lessons that Horace learns for himself and teaches to others She reads Horace s reconfiguration of freedom as a political response to the transformations of the new imperial age **Slavery and Sexuality in Classical Antiquity** Deborah Kamen,C.
