Hessians and Hellhounds Tilly Wallace, 2021-08-06 Fire erases all even the undead One of London's most recognisable Afflicted has been incinerated in a horrifying way Whispers spread that a hellhound prowls the streets snatching the lost souls who have escaped the underworld Except Wycliff is doing no such thing could there possibly be another such creature in London While Hannah and Wycliff investigate the unnatural flames unrest grows on the streets as someone seeks to reveal the carefully kept secret of how the undead women stave off rot Someone is agitating for all Afflicted to be eradicated in a conspiracy that will set the common Englishman against the nobles To save the Afflicted and stop the uprising Wycliff must face the void that whispers his name from an inky darkness While in the afterlife can he also wrest Hannah free of the curse waiting to stop her heart Assuming they can get out alive **The Star of Tiris** Shaelyn R. W. Smith, 2024-09-27 From a young age Targos has always been called a long shot and regardless of any person's intent behind the moniker Targos made the name his own quite literally Targos Longshot is a name that circulated the city of Tiris the orphan who became a Shadow Knight the youngest of the elite order to ever be awarded the Star of Tiris medal and the one who adopted a strange surname that could never pass as noble Even though he has not yet entered his third decade of life Targos Longshot is something of a Tirish folktale But that's the thing about folktales they rarely tell the whole truth Targos has been many things a street rat a bounty hunter a Shadow Knight and a ranger He has served the queen of Tiris slept on the floor of the Wolf's Snout bar carried out knightly missions and dyed a very expensive cloak ranger green Targos takes great pride in his service as a

knight but he has never felt that such a life was truly his. He was drawn to the path of a ranger and in search of an adventure that is his own. Targos Longshot leaves both Tiris and the Shadow Knight order. With his faithful and vaguely magical dog in tow, Targos travels to the neighboring city of Aridante, renowned as a mage city. Targos has faith that the Aridantean libraries will be able to tell him more about the origins of the pup, and the ranger quickly finds himself swept up in new friendships, a bounty, and the Aridante Arena Tournament. However, when tumult more than the normal festivities overtakes the arena, Targos is called back to service as a Shadow Knight. Chaos is building on Tiris's border and potentially spilling into neighboring cities. Where neither Shadow Knights nor soldiers have seen success, Targos agrees to venture and face an unknown threat that wields very old, very potent magic. Facing a new enemy and old ghosts, Targos is fortunate to not be alone, even if his companions may bear scars as deep as his own.

Atlantis Rising Amy Cip, 2025-05-06 The lost city of Atlantis was cursed to the sky and it falls upon one girl with the help of an Atlantian refugee and a ragtag band of space pirates to return the magical city to the ground. When an accident on the mainland leaves her parents dead and her sister in long-term care, Ember Weathers is forced to drop out of school to run her parents' bookstore in Devil's Fork, Maine. Her only excitement is her pet dragon, who no one else can see. At least not until an attractive stranger named Shepherd walks in seeking her mother's art. Before she can get any answers from him, hellhounds chase them to the relative safety of a woman named Maryse, who turns out to be no friend at all but another seeker of Atlantis who will do anything to see the island returned. They're rescued by a band of space pirates led by Captain Hawkins, who are ancestors of Atlantis that seek and protect survivors from the curse of the Atlantian King's brother. Ember has a choice to stay with this band of survivors or pursue the return of Atlantis. In her quest, she'll be forced to seek out Maryse, who holds her sister hostage, as well as discover the secrets of Shepherd's past, including the dark magic allowing him to live hundreds of years. In the end, it's Ember who must go alone if she's to free her sister and return the island of magic and love to the world.
