Hey God, Can We Talk? Sarah Bowling,2021-01-19 A Hands on Guide for Meaningful Conversations with GodHey God Can We Talk is a practical book designed to transform your conversations with God from distant and religious into meaningful and authentic dialogues Deeply rooted in Scripture this book gives hands on tools for

interacting with God through the everyday stuff of life Each chapter **Hey God!** Frank Foglio,1972 The spiritual message contained in this book not only transcends organized religious groups but is entirely blind to all national political racial social and economic boundaries Hey, God! What Went Wrong and When Are You Going to Fix It? Samuel D. G. Heath,2009-05 Awarded an American Legion Scholarship I am also an award winning author and have published numerous articles and books Having attended several colleges and universities eventually earning my Ph D in Human Behavior I hold several life credentials in education earned during many years as an educator together with years spent working in the Aerospace Industry and other occupations But to call Einstein s famous equation $E=MC^2$ incomplete because it does not account for life and death does seem quite extraordinary yet these remain the two greatest mysteries they have ever been denying us thus far a theory of everything The title of this book Hey God What went wrong and when are You going to fix it is a perfectly legitimate question and one that often comes to the minds of most of us We know something animates life and departs with death but what this something is not all our science has yet discovered though things like the Large Hadron Collider may provide needed insight and it has been in the pursuit of knowledge about these two greatest mysteries that has compelled me into so many varied academic studies and careers attempting to make sense of the world and our place in it and how people think and deal with the issues of life and death philosophically religiously and politically The things I have discovered along the way compelled me to much research and speculation about these mysteries and how they impact our lives to communicate my thoughts about them to others But there are many things some of them terribly wrong which we wish God would intervene and set right and question why He does not Some years ago I removed from the greater part of society to live in semi seclusion alone with my books and thoughts in a quiet part of the Sequoia National Forest devoting myself to contemplation speculating about many things and committing my thoughts in writing fulltime As a writer and author given to much introspection and fascinated by human behavior nature and our universe it was important to me to simplify my life as much as possible as anyone given to philosophical speculation about many things must That much of my writing covers some metaphysical thoughts about God angels and demons an afterlife and Biblical stories of origins of prophecies of the End Times and so much more have been absorbing studies as well and I freely share my thoughts about these in this volume Hey, God, Got A Minute? John Barr,Noel Carroll,2010-08-12 Harold is a simple man long troubled by doubts about what he should or should not believe He fears the loss of his soul if he does not soon discover which of the world s indisputable truths are truly indisputable One night alone and distraught he falls asleep to the most realistic dream he has ever had a dream in which he is approached by the Big Guy come in person to address his pain Hey, God! Listen! Roxie C. Gibson,2006-09 This second book in the Panorama series covers the life of Jesus from the Nativity through to St Paul the Apostles and their missionary journeys This title is also ideal for all Christian families Homeschooling and Sunday School **The Seventh Telling** Mitchell Chefitz,2002-01-17 The Seventh Telling is a journey into the Kabbalah a spiritual

discipline hidden within the folds of Jewish history Stephanie and Sidney have been studying with Moshe Katan a kabbalist who shared his learning only when he perceived that a kabbalistic intervention might be necessary to save the life of Rivkah his wife What has happened to Moshe and Rivkah we do not know only that their house is now being used for an extraordinary storytelling a spiritual discipline to share with those willing to risk examining the very core of their beliefs

It Is What It Is Coco Blu,2008-06 *It Is What It Is* is an urban tale of a girl who struggles to become a productive and secure woman When this young girl becomes an adult she is forced to look at the crossroads of her life She doesn t know which way to turn since she has carried so much emotional and destructive baggage with her from her past This baggage doesn t allow her to clearly see her future as crystal clear as she would like When she tries to let go of the pain from her past 25 years after the fact she thinks maybe it s too late She wants to live long enough to learn the lesson that is needed to get over her pain but isn t sure if she has the time to apply that lesson to her life The book mainly centers on Sasha Miller as she navigates aspects of her personal and professional experiences The tale touches upon diverse challenges one tends to find in a sometimes uncertain urban society paying special attention to the relative complexities of human interaction In numerous twists and turns the tale

also highlights notions of identity loyalty and belief in various forms **Conversations with My Grandchildren About God, Religion, and Life** William Powell Tuck, 2019-05-24 Passing our faith from generation to generation is difficult It has been this way from the time that Cain killed his brother through Israel s call for a king because Samuel s sons were not like him up to the present day when children reject their parents faith Prolific author 37 books and counting William Powell Tuck wants to tell to the next generation the glorious deeds of the Lord his might and the wonderful things he has done Psalm 78 4 In this book he does so by answering serious questions from his grandchildren many of whom are college age He s not afraid to address the controversial questions with them including current issues of politics climate change and human sexuality But all of these questions are addressed from a foundation of informed Christian faith honed through years of preaching teaching and writing At the same time he addresses questions from the younger grandchildren in simpler terms With an accessible question and answer layout the reader can find direction in addressing these topics during their own family discussions or in teaching them in small groups Sunday School or even from the pulpit Every generation can benefit from this book but those who teach will find it especially helpful Shouldn t that be every Christian She's All Business Terry Rasner, 2021-08-16 In less than five years with little business experience I built an eight figure empire all because I allowed God to be the CEO If others can t quite understand your behavior thinking you re acting a bit out of character smile and tell them you re listening to the call from your spirit within and you re ready to get on your She Is All Business headset and give her the reins to take you to that place of passion where God wants you to be pursuing the integrated life changes that ll give you greater access to your God given talents gifts and passions There are certainly many messages in She Is All Business but above all until I understood and believed with all my heart and soul that God was the message of my success and blessings all the wonderful and exciting concepts I learned about business and people meant little She Is All Business will help you recognize the work of God in your life through His actions His words and the Holy Spirit For you see and must know God is always on the move in our lives make way for his leadership and your life as an entrepreneur and successful business owner will be a witness to how well you listened to and are obedient to God War of the Worlds Adrian Plass, 2011-10-01 Adrian Plass considers the pull of the spirit and of the flesh and how this often leads us to live compartmentalised lives We allow God only into certain bits and suffer embarrassment when our compromised private lives and shiny public lives collide War of the Worlds is about spiritual warfare maturity prayer and the fear of true commitment It s a book that battles to reunite the secret world of what we are with the public world of what we appear to be in an outrageous and seriously funny advance into the no man s land of genuine Christian engagement Adrian brings the Bible alive with rather unexpected soap opera characters he introduces us to a God who is much more playful than we thought and asks questions such as If doubt and insecurity are the elephants in the room how do we deal with these huge creatures How have we allowed so many herds of sacred cows to grow so large True authenticity demands a major cull The Final Exam Skye Warren, 2024-12-31 A shadow looms over Tanglewood

University It threatens the professors and the students It threatens the dean I m powerless to stop corruption that goes deep into the city s underworld Professor William Stratford has the secrets we need And I find inside me a strength that has nothing to do with escaping my family It has to do with building a new one Can we reclaim the college Can we forge a future together We need more than bravery to win but it will mean nothing without love THE FINAL EXAM is the breathtaking final book in the Tanglewood University trilogy **God's Beacon** Reeree Mckinstry Brown,2011-02-28 *Preschool and Elementary* Mary Pride,1991-06 Preschool and elementary volume 2 **The Glory Door** B.
