Living on the Border of the Holy L. William Countryman,1999-01-01 I wish every self identified person of faith could read this remarkable thought provoking book Bruce Bawer author of Stealing Jesus There is a lot of tension in churches today about whose ministry is primary that of the laity or of the clergy Living on the Border of the Holy offers a way of understanding the priesthood of the whole people of God and the priesthood of the ordained by showing both are rooted in the fundamental priestly nature of life After an exploration of the ministries of laity and ordained Country examines the implications of this view of priesthood for churches and for those studying for ordination For anyone struggling with how to live in the thin places between heaven and earth Dr Countryman s brilliant offer hope companionship and the fruits of years of experience His theory of a fundamental human priesthood gives us all a compassionate guide to follow as we enter the borderlands and it should help end the division between clergy and laity Countryman s human priesthood leads us into the future where God calls us to be Nora Gallagher author of Things Seen and Unseen A Year Lived in Faith *The Holy Spirit*

and the Church Charles Gore, 2008-08-18 Charles Gore 1853 1932 was successively bishop of Worcester Birmingham and Oxford and a leading figure in the Christian Social Union founded by Scott Holland in 1889 Although he acknowledged his debt to Maurice Gore always said that his passion for social justice dated from a tour of the slums of Oxfordshire he was given by the trade union leader Joseph Arch His socialism was cautious he indicated that he would probably prefer to stop somewhere this side of full fledged socialism but always added that we have a very long way to go before we get there

The Spirit of Atonement Steven M. Studebaker, 2021-01-14 Steven M Studebaker proposes a Pentecostal approach to a major Christian doctrine the atonement The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism evangelical atonement theology to articulate its experience of the Holy Spirit as well as the Pneumatological nature of Pentecostal praxis He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to re imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology creation and Christology in the biblical narrative of redemption It gives theological expression to not only the pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories

Tempted for Us John E. McKinley, 2009-07-01 This is an approach to Christ s impeccability and temptation through exploring and evaluating the theological models that have been developed from the early church to the present day Drawing from tradition and the relevant biblical evidence John McKinley argues that Jesus was truly tempted in ways that are closely relevant to the temptations common to us Having been tempted for us in this way Jesus can provide true help as the credible example to follow and truly sympathetic ally in the fight against sin Key to understanding how Jesus remained unable to sin and sharply vulnerable to temptation is the role of the Holy Spirit *A Commentary on the Holy Scriptures* Johann Peter Lange, William Greenough Thayer Shedd, Philip Schaff, 1866
