

# Questions to Help Kids SOLVE PROBLEMS

Wholehearted School Counseling

What do you hope will happen instead  
of what is bothering you?

Can you be 100% sure that your thought is 100% true?  
What else could be possible?

What is the worst thing that could happen?  
What is the best thing that could happen?

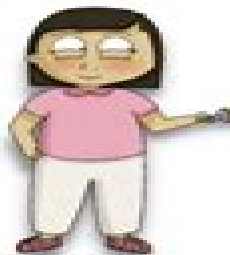

If you could wave a magic wand and things changed in the way you'd like,  
how would you know magic had happened? What would be different?

What has helped you move closer to your goal or  
hope so far? (Even if it has just been a little help.)

What are 2-3 small steps you can take which will  
help move you closer to your goal?

If the worst really did happen, what could you do  
to cope and who could help you?

When is a time you faced a similar problem,  
and what did you do that helped?

What would you advise your best friend if they  
were dealing with a similar challenge?
