Help It All Make Sense Lord:

Making Sense of "God" Norman Solomon, 2023-05-04 All over the world people talk about God and argue endlessly about what God said and what if anything we should do about it Do they know what are they talking about Do they ever seriously consider what it might look like or feel like if God actually spoke to you How could you tell if someone said God spoke to them whether they were deluded bluffing or high on drugs The reflections dialogues and arguments in this book address such questions often with humor sometimes provocatively as when the author suggests the ancient gods have returned to invade the institutions of our great religions or when two spirits William and James viewing the world from afar voice their doubt as to whether the human species will ever attain the pinnacles of cooperation reason beauty and love Ancient texts from the Mayan Popol Vuh through the Bible to the Chinese classics are invoked and the discoveries of modern science from anthropology to zoology are brought into play as the reader is gently led to an appreciation of the role of religious language in modern society *Making Sense of Martin Luther* David J. God Timothy Keller,2016-09-20 We live in an age of skepticism Our society places such faith in empirical reason historical progress and heartfelt emotion that it s easy to wonder Why should anyone believe in Christianity What role can faith and religion play in our modern lives In this thoughtful and inspiring new book pastor and New York Times bestselling author Timothy Keller invites skeptics to consider that Christianity is more relevant now than ever As human beings we cannot live without meaning satisfaction freedom identity justice and hope Christianity provides us with unsurpassed resources to meet these needs Written for both the ardent believer and the skeptic Making Sense of God shines a light on the profound value and importance of Christianity in our lives **God Always Makes Sense** Naomi Westbrook Martinez,2011-08 Have you

ever questioned God s righteousness and judgment If you have ever wondered why something bad happened to someone good then the answer is yes and that probably means the book of Job has often left you puzzled Ezekiel makes reference to a righteous man named Job and scholars have often assumed this Job and the protagonist of the book of Job were one in the same But once he s subjected to dreadful trials and tribulations does Job truly behave in a manner that would please God Has the intended message of Job been distorted God Always Makes Sense will challenge your belief in Job s character and renew your confidence in God s righteousness Join Naomi Westbrook Martinez in this illuminating study of the book of Job to discover new and fresh lessons about how we should respond to life s trials *One Day It'll All Make Sense* Common,Adam Bradley,2012-09-18 From the hip hop icon and Hollywood star a candid New York Times bestselling memoir ranging from his

childhood on Chicago's South side and his emergence as one of rap's biggest names *God Makes Sense* Gordon Wong, 2008 **Why God Makes Sense in a World That Doesn't** Gavin Ortlund, 2021-10-26

It has never been more important to articulate the wonder and enchantment of the Christian message. Yet the traditional approaches of apologetics are often outmoded in an age of profound disenchantment and distraction, unable to meet this pressing need. This winsome apologetics book for a new generation makes the case that Christianity offers a compelling explanatory framework for making sense of our world. Pastor and writer Gavin Ortlund believes it is essential to appeal not only to the mind but also to the heart and the imagination as we articulate the beauty of the gospel. *Why God Makes Sense in a World That Doesn't* reimagines four classical theistic arguments: cosmological, teleological, moral, and Christological, making a cumulative case for God as the best framework for understanding the storied nature of reality. The book suggests that Christian theism can explain such things as the elegance of math, the beauty of music, and the value of love. It is suitable for use in classes yet accessibly written, making it a perfect resource for churches and small groups. **Christian Doctrine** Mike

Higton, 2024-01-31. Providing an accessible one-volume guide to Christian doctrine, this is a thorough re-write of the first edition. Since the original was published, many students and teachers of doctrine in theological colleges and beyond have been learning to take more seriously the global context of their work and to recognise the difference made by facets of their identities and social locations like race, class, gender, and disability. In this edition, Mike Higton seeks to do justice to this learning and invites readers to understand doctrine as an unfinished conversation between many different voices. Fully updated for clarity and yet retaining its role as a rigorous introduction to its subject, the book includes new interruptions which introduce voices that question the book's arguments and offer new directions for readers to pursue. **Making Sense of Death** Gerry Cox, Robert Bendiksen, Robert Stevenson, 2021-11-18. The editors of *Making Sense of Death: Spiritual, Pastoral, and Personal Aspects of Death, Dying, and Bereavement* provide stimulating discussions as they ponder the meaning of life and death. This anthology explores the process of meaning-making in the face of death and the roles of religion and spirituality at times of loss, the profound and devastating experience of loss in the death of a spouse or a child, a psychological model of spirituality, the dimensions of spirituality, humor in client-caregiver relationships, the worldview of modernity in contrast to postmodern assumptions, the Buddhist perspective of death, dying, and pastoral care, meaning-making in the virtual reality of cyberspace, individualism and death, and the historical context of Native Americans, the concept of disenfranchised grief, and its detailed application to the Native American experience. It also explores a qualitative survey on the impact of the shooting deaths of students in Colorado, a team approach with physicians, nursing, social services, and pastoral care, a study of health-care professionals comparing clergy with other health professionals, marginality in spiritual and pastoral care for the dying, a qualitative research study of registered nurses in the northeast United States, and loss and growth in the seasons of life. **Making Sense of God's Love** Lorraine Cavanagh, 2012-05-04. How can we be restored to God's love? Is there a way

back Many people are put off Christianity by the idea of God punishing his Son for our sins They find it hard to believe in a loving God who appears to be so angry and vindictive Many also feel that the things Christians teach publicly or privately do not work for them in real life This book therefore addresses some of the difficult questions that these people are asking It is also for those who may be wanting to return to their faith and for those who would like to explore it in greater depth It aims to create an open theological landscape which will take account of the many different ways in which we are saved and restored Making Sense of God's Love will help to guide seekers towards a new understanding of what it really means to live as people who have been forgiven and brought into an honest and deep relationship with God through the atoning and redemptive work of Jesus Christ

In the Twilight with God Benjamin W. Farley, 2014-11-19 Granted that God may exist how may God be defined in our time Addressing this issue Benjamin Farley explores a variety of belief systems Western and Eastern religious and skeptical Taking an approach that is both critical of religion as well as sympathetic Farley refuses to shy away from hard questions or to dismiss constructive answers that speak to the human condition He distinguishes human intellectual ascent towards God from humankind's innate and inner sense to know and relate to the living God demonstrating the efforts and rewards of both approaches in Christianity as well as in Hinduism Buddhism Taoism and Zen Alongside these more obviously religious approaches Farley reviews the methodologies and findings of today's greatest scientific minds including skeptics such as Hawking Dawkins and Wilson as well as their skeptical forerunners of the past He argues that belief in God can no more ignore the scientific truth about the universe than science can dismiss the spiritual yearnings and hunger of humanity for purpose meaning and its inescapable sense of the presence of God
