European Institutions: Co-operation, Integration, Unification Arthur Henry Robertson, 1973 *European Integration and National Adaptations* Hans Mouritzen, Ole Wæver, Håkan Wiberg, 1996 *European Integration National Adaptations A Theoretical Inquiry* **European Integration** Konstanty Adam Wojtaszczyk, Tadeusz Wallas, Paweł Stawarz, 2023-09-08 The monographs *European Integration Conditions Essence and Consequences* and its follow up *The Future of the European Union* were compiled in the course of the project *Quo vadis Unio a racja stanu Polski* under the DIALOG research programme between 2019 and 2023 They are the result of contributions by Europeanists political scientists lawyers economists cultural scholars and historians who study the issues of European integration The content presented in both publications reflects the research outcomes and views of the individual authors The first monograph was designed as an attempt to summarise the integration process within the European Union to date and its legal and institutional dimension The monograph consists of four parts *The State of European Integration* *Selected Problems of European Integration* *EU and National Concepts of Reforms of the European Union* and *Theoretical Problems of Research on European Integration* We hope that the issues discussed in the monograph will attract the interest of potential readers especially academics and students involved in European studies political science economics sociology history law and cultural studies Insight into these issues may also be useful to government officials and NGO activists as well as to a wide audience interested in European issues European Spatial Planning and Territorial Cooperation Stefanie Dühr, Claire Colomb, Vincent Nadin, 2010-10-18 There is a strong international dimension to spatial planning European integration strengthens interconnections development and decision making across national and regional borders EU policies in areas such as environment transport agriculture or regional policy have far reaching effects on spatial development patterns and planning procedures Planners in the EU are now routinely engaged in cooperation across national borders to share and devise effective ways of intervening in the way our cities towns and rural areas develop In short the EU has become an important framework for planning practice research and teaching Spatial planning in Europe is being Europeanized with corresponding changes for the role of planners Written for students academics practitioners and researchers of spatial planning and related disciplines this book is essential reading for everybody interested in engaging with the European dimension of spatial planning and territorial governance It explores spatial development trends and their influence on planning the nature institutions and actors of the European Union from a planning perspective the history of spatial planning at the transnational scale the planning tools perspectives visions and programmes supporting European cooperation on spatial planning the territorial impacts of the Community's sector policies the outcomes of European spatial planning in practice **The New Politics of European Integration** Ghita Ionescu, 1972-06-18 **Christian Churches in European Integration** Sergei A. Mudrov, 2016-06-03 All too often religion is largely ignored as a driver of identity formation in the European context whereas in reality Christian Churches are central

players in European identity formation at the national and continental level Christian Churches in European Integration challenges this tendency highlighting the position of churches as important identity formers and actors in civil society Analysing the role of Churches in engaging with two specific EU issues that of EU treaty reform and ongoing debates about immigration and asylum policy the author argues that Churches are unique participants in European integration Establishing a comprehensive view of Christian Churches as having a vital role to play in European integration this book offers a substantial and provocative contribution both to our understanding of the European Union and the broader question of how religious and state institutions interact with one another

**The Unfinished History of European Integration** Koen Zon,Matthew Broad,Aleksandra Komornicka,Paul Reef,Alessandra Schimmel,2025-10-01 The Unfinished History of European Integration is a companion to the history of the European Union From the aftermath of the First World War to the EU of 27 member states and Russia s invasion of Ukraine it guides the reader past the main events crucial sites and key actors that shaped the EU we know today How did it evolve from a market project to a geopolitical force what explains the expansion of its membership institutions policies and the resistance to this growth and why does it function as it does This book provides more than just a chronological account of over seventy years of European integration It also shows how observers past and present have made sense of the EU The Unfinished History of European Integration is therefore a unique introduction for readers with different disciplinary backgrounds to understanding the EU If over seventy years of European integration have taught us anything it is that fundamental crises as well as moments of rapid institutional change have been constants in its history

**Economic networks and European integration** Michel Dumoulin,Université catholique de Louvain (1970- ). Institut d'études européennes,2004 Actes du colloque de Bruxelles organisae par l Institut d aetudes europaeennes de l Universitae catholique de Louvain et la Fundaciaon Academia Europea de Yuste 16 18 octobre 2002 P opp t p Integration of Cultural Considerations in European Union Law and Policies Evangelia Psychogiopoulou,2008 Drawing on a series of EC policy areas that possess a cultural component this book offers an encompassing and in depth analysis of the integration of cultural considerations in EC law and action assessing the impact of Article 151 4 EC in the process

**European Integration Since the 1920s** Mark Hewitson,2024-10-14 Brexit populism and Euroscepticism seem to have challenged old assumptions about European integration and raised the prospect of disintegration This book re examines why the European Union and its forerunners were created and investigates how and why they have changed It links contemporary events to historical explanation arguing that there were long term sets of conditions dating back to the 1920s which pushed European governments to cooperate economically and to try to resolve their diplomatic differences The failure of the French and German governments to create what Aristide Briand had called a European federal union demonstrated both the precariousness of the enterprise and its connection to the domestic politics of European states After 1945 the unexpected advent of a Cold War and the military diplomatic and economic presence of the United States in Europe facilitated the

gradual development of habits of cooperation and institutional integration but they also placed limits on European governments activities as did disagreements between political parties and the expectations of citizens As a consequence supranational bodies such as the European Commission have been accompanied and often overshadowed by intergovernmental institutions such as the European Council with the EU as a whole functioning in important respects as a type of confederation The volume addresses a series of large scale historical questions which are integral to an understanding of the European Union It asks how and why citizens of member states have identified with the EU how matters of security affected the development of the European Community during and after the Cold War whether economic and social convergence have taken place and with what consequences and why European institutions have come to function as they have The study is thematic focusing on the most important aspects of European integration and explaining why member states have decided to carry out or have consented to the unique experiment of the European Union

**Parliamentary Agency and Regional Integration in Europe and Beyond** Bruno Theodoro Luciano, 2021-08-17 This comparative book analyses the development of regional integration parliaments in three different continents of the world It assesses and compares the expansion and current stage of institutional development of three regional assemblies the European Parliament the Pan African Parliament and the Mercosur Parliament for Latin America Looking in particular at parliamentary agency it aims to answer why and to what extent these regional parliaments have developed differently in terms of their functions and legislative competences Drawing on new and original empirical data official documents and secondary literature the book focuses on the critical junctures in the trajectory of the three assemblies and argues that parliamentary agency has impacted the institutional development of the parliaments leading to diverse paths of regional parliamentarisation This book will be of key interest to scholars and students of global and regional governance comparative regionalism European Union studies legislative studies and more broadly to international relations history law political economy and international organisations

**Adapting to European Integration** Kenneth Hanf, Ben Soetendorp, 2014-09-11 Adapting to European Integration describes how the political institutions in eight small member states and two non members responded to the internal and external demands springing from the process of European integration in general and EC EU membership in particular The study makes a distinction between governmental administrative adaptation political adaptation and strategic adaptation The chapters focus in the first instance on the governmental administrative responses at the level of central government the organisational adjustments and the changes in institutional capacity to meet the new challenges The authors also look at the willingness of the political decision makers to internalise the EC EU dimension in domestic policy making and the way in which the country's own history as well as the attitude towards European integration facilitate or hinder adaptation and change

**European Disintegration** Hans Vollaard, 2018-05-16 This book accounts for whether and how the path of the European Union EU has developed towards potential disintegration These questions have become

particularly relevant since the outbreak of the debt crises in the Eurozone and the Brexit referendum The author critically subverts theories of European integration and analyses the rise and fall of federations empires and states in a comparative perspective The most promising theory presented here indicates that Brexit is not likely to be followed by other member states leaving the EU Nevertheless the EU has been undermined from within as it cannot adequately address Eurosceptic dissatisfaction from both the left and right This book is an essential read for everyone interested in the EU and its future

**European Union Politics** Michelle Borraran Cini (Nieves Perez-Solorzano), 2025 This edited textbook covers a broad range of topics being taught in courses on the European Union The 25 chapters are written by experts from around the world and provide extensive coverage of history theories institutions and actors policies and issues and debates Political Economy of Financial Integration in Europe Jonathan Story, Ingo Walter, 1997 This timely volume traces the political financial and economic steps toward financial union in Europe focusing on the political economy of the process notably the dynamics of a Europe of sovereign states Few aspects of the great European integration project have been as difficult and fraught with political conflict as the creation of a single financial market and monetary union It is clear however that monetary union and financial integration are now on the front burner in Europe and will remain so until at least the year 2000 This timely volume traces the political financial and economic steps toward financial union in Europe focusing on the political economy of the process notably the dynamics of a Europe of sovereign states It is the first integrated view of the issue combining political economic and financial perspectives Authoritative comprehensive and accessible the volume is essential reading for students researchers policy makers journalists and anyone who needs to know about financial integration in Europe The Populist Radical Right Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research **Overcoming Fragmentation in Southeast Europe** Panayiotis Getimis, 2017-11-28 With the expansion of the European Union the countries of Southeast Europe have finally been brought together within one socio political entity The restructuring of these economies following globalization and neoliberalization has meant that this region has become much more open to geopolitical shifts and trends While the various countries have all entered into the slow process of

European integration the historic fragmentation of this region has led to various conflicts and contradictions in the restructuring and transition of national economies This volume provides a theoretical and comparative overview which examines the prospects for spatial cohesion in this region With the need to handle persisting problems and conflicts from the past while coping with new economic and political structures Southeast Europe proves to be a challenging yet fruitful testing ground for how best to overcome fragmentation and establish a long term process of social and economic integration

**The EU's Experience in Integration** Lisheng Dong,Günter Heiduk,2007 The thirteen ASEAN 3 countries are inching forward toward closer economic cooperation Can the European Union serve as a model for this Asian interregional integration process Although there are common cultural threads running through all ASEAN 3 countries these countries have not so far envisaged themselves forming a political and supra national legal community similar to the EU Nevertheless the EU as innovator and forerunner offers Asia an unparalleled road map to further regional integration Where are the boundaries of the European Model What form will Asian economic cooperation take Asian and European scholars discussed these and other pressing questions on the invitation of the EU China European Studies Centres Programme ESCP at a conference entitled The EU s Experience in Integration A Model for ASEAN 3 held in Shanghai in January 2006 Their findings are presented in this collection of fifteen papers on politics economics and history of the two regions

**Challenges to Effective Multilateralism** Bates Gill,2009-05 The contrast between Europe s and Asia s experiences with regional integration and institution building raises numerous questions about the changing nature of economic integration and multilateral cooperation in the 21st century Similarities in these trends raise questions about the value of comparing the experiences of Asia and Europe To date little serious discussion and research about such a comparison has occurred and dialogue between Asian and EU experts has been equally elusive The intention of this conference was to fill the gap in the literature catalyze a more sustained dialogue and generate policy relevant recommendations for U S policymakers

European Union Politics Michelle Cini,Nieves Pérez-Solórzano Borragán,2022 As the most complete and most issues led textbook on the European Union this bestselling text fully equips you to understand the EU and the many topical issues and debates that surround it Alongside rigorous coverage of he theory institutions and policies of the EU it engages with contemporary debates and current crises The text s accessible writing style makes it the ideal starting point for anyone wishing to fully understand the workings of this complex and ever evolving system Along the way helpful features including key points questions and examples support your learning Book jacket
