

European Parliament And The European Community

European Parliament

European Parliament And The European Community:

People and Parliament in the European Union Jean Blondel, Richard Sinnott, Palle Svensson, 1998 The power of the European Parliament has been steadily and visibly increasing in recent years This arises from EU treaty changes and from the fact that more and more decisions are being made at the European level At the same time however the already low rate of turnout in European elections has actually been declining This powerful new study examines a seemingly paradoxical situation which has raised deep concern about the democratic deficit in the European Union The authors analyse the concepts of participation democracy and legitimacy and their applicability at the European level and develop a typology of voter participation and abstention in the European context Combining extensive new data from specially commissioned surveys in all 1994 member states with a searching review of the existing evidence they provide a comprehensive account of the legitimacy of the European Union and examine the images of the European Parliament citizens experiences of the 1994 campaign and their perceptions of the parties and the candidates In an analysis that challenges existing interpretations the institutional demographic and attitudinal sources of participation and abstention are fully explored The study concludes by considering how participation and democratic representation might be enhanced acknowledging forthrightly the obstacles and inherent limits that such efforts are likely to face

The European Parliament, the National Parliaments, and European Integration Richard S. Katz, Bernhard Wessels, 1999-06-24 European integration is progressing at an even more rapid rate Accompanying this progress is an increasing debate about the institutional shape and legitimacy of this new political order This debate is driven in part by conflicting values and in part by uncertainty This book addresses the question of parliamentary involvement in the emerging European political system by looking at both national and European levels of parliamentary representation In doing this it gives greater attention to the role of national parliaments than is usual in discussions about democracy in the European Union Based on interviews and surveys among members of parliament at the European level and in eleven member states it analyses the role of parliaments and parliamentarians the linkages between national citizenry and the European level and the problems and perspectives of institutional change The book provides analyses of the views from within concerning European integration and concentrates on three dimensions the MPs themselves their embeddedness in the process and their perspectives on institutional structures These views from within offer new insights and answers to institutional problems in the European Union and the so called democratic deficit

European Parliament Ascendant Adrienne Héritier, Katharina L. Meissner, Catherine Moury, Magnus G. Schoeller, 2019-06-08 If one wants to understand why from its modest beginnings the European Parliament has become a major player in EU decision making look no further than this book It presents to date the theoretically most compelling methodologically disciplined and empirically richest account of parliamentary self empowerment over time across key functions and policy areas This volume will be a main point of reference for work on the European Parliament the dynamics of inter institutional politics and EU

integration more generally for years to come Berthold Rittberger Professor of International Relations University of Munich Germany Anyone interested in the rise of the European Parliament as a significant actor in the EU should read this book It offers a fascinating insight into the strategies used by the Parliament to achieve its aims and the conditions for its success or failure It ranges widely across time and policy areas to give a comprehensive analysis of the Parliament's changing institutional position Michael Shackleton Professor of European Institutions Maastricht University The Netherlands and former EP official This book analyses the European Parliament's strategies of self empowerment over time stretching across cases of new institutional prerogatives as well as substantive policy areas It considers why and how the Parliament has managed to gain formal and informal powers in this wide variety of cases The book provides a systematic and comparative analysis of the European Parliament's formal and informal empowerment in two broad sets of cases on the one hand it examines the EP's empowerment since the Treaty of Rome in three areas that are characteristic of parliamentary democracies namely legislation the budget and the investiture of the executive On the other hand it analyses the European Parliament's role in highly politicised policy areas namely Economic and Monetary Governance and the shaping of EU trade agreements

The European Parliament Francis Jacobs, Richard Corbett, 2019-07-11 This book explains the state of the art in the European Parliament It considers the future options available to the Parliament and the kinds of reform that it is likely to seek and examines the historical evolution of the Groups within the Parliament **The European Union and the People** Mette Jolly, 2007-05-24 Publisher description **The European Parliament in the Contested Union** Edoardo

Bressanelli, Nicola Chelotti, 2020-06-09 The European Parliament in the Contested Union provides a systematic assessment of the real influence of the European Parliament EP in policy making Ten years after the coming into force of the Treaty of Lisbon which significantly empowered Europe's only directly elected institution the contributions collected in this volume analyse whether and under what conditions the EP has been able to use its new powers and shape decisions Going beyond formal or normative descriptions of the EP's powers this book provides an up to date and timely empirical assessment of the role of the EP in the European Union focusing on key cases such as the reforms of the EU's economic governance and asylum policy the Brexit negotiations and the budget The book challenges and qualifies the conventional view that the EP has become more influential after Lisbon It shows that the influence of the EP is conditional on the salience of the negotiated policy for the Member States When EU legislation touches upon core state powers as well as when national financial resources are at stake the role of the EP notwithstanding its formal powers is more constrained and its influence more limited This book provides fresh light on the impact of the EP and its role in a more contested and politicised European Union Bringing together an international team of top scholars in the field and analysing a wealth of new evidence The European Parliament in the Contested Union challenges conventional explanations on the role of the EP tracking down empirically its impact on key policies and processes It will be of great interest to scholars of the European Union European politics and

policy making The chapters were originally published as a special issue of the Journal of European Integration **The European Parliament** European Community Information Service,1965 **The European Parliament's Role in Closer EU Integration** R. Corbett,2015-12-22 Nearly 20 years after it first became an elected institution it is time to assess the impact of the European Parliament on the process of European integration This book does so beginning with an analysis of what integration theorists expected of the directly elected Parliament when such an idea was still on the drawing board and then examining what the Parliament has achieved in practice It concludes that the Parliament has been extremely significant though not always in the ways initially expected The European Parliament in Times of EU Crisis Olivier Costa,2018-11-24 This book assesses the many changes that have occurred within the European Parliament and in its external relations since the Lisbon treaty 2009 and the last European elections 2014 It is undoubtedly the institution that has evolved the most since the 1950s Despite the many crises experienced by European integration in the last years the Parliament is still undergoing important changes in its formal competences its influence on policy making its relations with other EU institutions its internal organisation and its internal political dynamics Every contribution deals with the most recent aspects of these evolutions and addresses overlooked topics providing an overview of the current state of play which challenges the mainstream intergovernmental approach of the EU This project results from research conducted at the Department of European Political and Governance Studies of the College of Europe Individual research of several policy analysts of the European Parliamentary Research Service EPRS have contributed to this endeavour Official Journal of the European Communities European Parliament,1974 **Interregionalism and the European Union** Mario Telò,Louise Fawcett,Frederik Ponjaert,2016-03-09 Is the EU isolated within the emergent multipolar world Concentrating on interregional relations and focussing on the European Union s EU evolving international role with regards to regional cooperation this innovative book collects a set of fresh empirical analyses of interregional ties binding the EU with its Eastern and Southern neighbourhood as well as with Asia Africa and the Americas The 25 leading authors from 5 continents have contributed original and diverse chapters and the book advances a novel theoretical post revisionist approach beyond both the Eurocentrism of Europe First perspectives as well as the Euroscepticism of those advocating to simply move Beyond Europe After a Foreword by A Acharya the book s five sections reflect the main drivers of EU interregional policies The European Union as a Sophisticated Laboratory of Regional and Interregional Cooperation with chapters by M Tel L Fawcett and T Risse De Facto Drivers of Regionalism F Ponjaert M Shu A Vallad o and C Jakobeit De Jure Drivers of Regionalism S Lavenex G Finizio C Jakobeit R Coman C Cocq S Teo L Shah Cognitive Drivers of Regionalism J R land E Fitriani S Stavridis S Kingah P Bacon and Instrumental Drivers of Regionalism B Delcourt C Olsson G M ller A Malamud P Seabra and L Fioramonti J Kostopoulos The European Parliament Bernard Steunenbergh,J. J. A. Thomassen,2002-07-02 Exploring the European Union s democratic deficit this book traces the halting development of parliamentary democracy at the European

level Arguing that the key actor in this crucial process is the European Parliament the contributors concentrate on two of the classic functions of a parliament the legislative and the representative The contributors analyze the ongoing tensions between party orientations and national loyalties between national parties and European party groups and between representatives at the national and regional level Visit our website for sample chapters *The European Parliament and its International Relations* Stelios Stavridis, Daniela Irrera, 2015-03-24 Following the Lisbon Treaty the powers of the European Parliament in external relations have gradually expanded and it is increasingly influencing the foreign policy of the European Union This book analyses the role of the European Parliament as an international actor and presents a new debate about its role outside the EU territory It explores different policy areas including human rights international aid trade crisis management and the environment to provide a systematic analysis of the modern global role of the European Parliament The book also considers the European Parliament's regional interactions with Africa Latin America the United States Asia and the Middle East With a common analytical framework and research covering the lifespan of the European Parliament from its first direct elections in 1979 to the present day this comprehensive volume presents an unparalleled analysis of one of the most important institutions in the European Union This book will be of interest to students and scholars of European Union politics and institutions European policy government international relations and European history **European Union Contested** Elisabeth Johansson-Nogués, Martijn C. Vlaskamp, Esther Barbé, 2019-11-01 The European Union's foreign policy and its international role are increasingly being contested both globally and at home At the global level a growing number of states are now challenging the Western led liberal order defended by the EU Large as well as smaller states are vying for more leeway to act out their own communitarian principles on and approaches to sovereignty security and economic development At the European level a similar battle has begun over principles values and institutions The most vocal critics have been anti globalization movements developmental NGOs and populist political parties at both extremes of the left right political spectrum This book based on ten case studies explores some of the most important current challenges to EU foreign policy norms whether at the global global or intra EU level The case studies cover contestation of the EU's fundamental norms organizing principles and standardized procedures in relation to the abolition of the death penalty climate Responsibility to Protect peacebuilding natural resource governance the International Criminal Court lethal autonomous weapons systems trade the security development nexus and the use of consensus on foreign policy matters in the European Parliament The book also theorizes the current norm contestation in terms of the extent to and conditions under which the EU foreign policy is being put to the test *European Union Policies at a Time of Crisis* Tomasz Grzegorz Grosse, 2017-03-02 In recent years and more specifically since the outbreak of the Eurozone crisis in 2010 the model of integration has changed The rising political power of the strongest Member States and the political segmentation of the European Union into separate circles of integration have become the new reality These processes have been accompanied by a range of related changes

such as the growing politicisation of the European Commission increasing institutionalisation of the euro area and petrification of the geographical and political division into central and peripheral states in the EU At this point it is difficult to predict whether these changes will prove temporary or permanent and what will be their systemic consequences or in other words how will they impact Europe s political system It is similarly difficult to judge how the changes will influence specific EU policies An attempt to answer these difficult but compelling questions is the objective of our book Tomasz Grzegorz Grosse Professor of Political Science and Head of Department of European Union Policies at the University of Warsaw author of In Search of Geo economics in Europe and coeditor of The Aspects of a Crisis The authors of this volume offer a comprehensive analysis of conditions and results of EU policies in the context of European integration The ambitious scope of the project required the knowledge of economics history political science international relations law and even sociology The authors fulfill their promise to the readers the volume contains a comprehensive and detailed elucidation of the influence of the crisis on the integration practice and on the contemporary conditions of EU integration including both its structure and functioning Zbigniew Czach r author of The Crisis and Disrupted Dynamics of the European Union The volume edited by Tomasz G Grosse promises to be a very valuable contribution to Polish European studies It belongs to the broader field of critical reflections on European integration and as such it opens new possibilities of constructive debate about the present and the future of the European Union Janusz Ruszkowski coauthor of Euro Common Currency of the United Europe The Authors Pawe J Borkowski Jacek Czaputowicz Tomasz Grzegorz Grosse Krzysztof M Ksi opolski Justyna Miecznikowska Jadwiga Nadolska Artur Nowak Far Kamila Proni ska Ma gorzata Smutek Krzysztof Szewior Jolanta Szyma ska Joanna Zi kowska

EU Foreign Policy, Transitional Justice and Mediation Laura Davis, 2014-07-11 This book analyses how the European Union translates its principles of peace and justice into policy and puts them into practice particularly in societies in or emerging from violent conflict The European Union treaty states that in its relations with the wider world the EU is to promote peace security the protection of human rights and the strict observance and the development of international law The EU is active in peace processes around the world yet its role in international peace mediation is largely ignored This book offers the first scholarly analysis of how the EU engages in peace processes and justice for human rights violations focussing on the point where mediation and transitional justice intersect Drawing on extensive fieldwork the book includes case studies of how the EU sought to promote peace and justice in the Democratic Republic of Congo DRC how it supports international justice through the International Criminal Court and a model of the EU as a mediator These provide an evidence base for policy makers and practitioners as well as strong empirical contributions to theory The book addresses whether and how the EU pursues its principles of both peace and justice in conflict zones where in practice these principles may be in conflict and the implications of these findings for understanding EU foreign policy and the EU as a security actor This book will be of much interest to students of EU foreign policy transitional justice peace and conflict studies and security

studies Azerbaijan and the European Union Eske van Gils, 2019-11-07 This book provides a comprehensive and up to date overview of EU Azerbaijan relations It examines the current state of Azerbaijan and its regime charts the development of EU Azerbaijan relations over time and discusses the dynamics at work in the relationship It details the nature of the Azerbaijani regime including its authoritarian character and allegations of corruption explores the differences between European values and the values of the Azerbaijani government and explains the difficulties that have arisen in the relationship including the Nagorno Karabakh conflict resolution process media suppression and human rights violations The book includes a comparison with EU relations with other states in the region

A 'Social Turn' in the European Union? Jacek Kubera, Tomasz Morozowski, 2020-04-08 Social Europe is a key topic in the construction of the EU and its institutions This volume examines the current state of and perspectives for Social Europe as well as key issues in European social policy including the posting of workers the impact of the free market and regulations on social convergence work automation digitalisation taxation and democracy in the workplace The aim of this volume is to identify a course to be followed in integrating the EU's social policies and point to areas in which co operation between member states is likely to produce best results While a Social Europe was previously seen to be a natural consequence of political and economic integration it is now viewed as a separate area that requires active policies to preserve the European project The EU's big question today concerns the level at which this policy should be pursued the volume's contributors outline difficulties with harmonising social policies across the Union but they nevertheless argue that owing to the common challenges faced by Europe the idea of a Social Europe must not be abandoned and requires specific action The volume consists of 11 chapters written by a variety of expert authors analysing the idea of a Social Europe and proposing ways in which it could be put into practice Social policy can no longer be seen as derived from economic policy but rather as a separate driver of development that could be of interest to the northern southern and eastern states of the EU Jacek Kubera PhD Assistant Professor Faculty of Sociology Adam Mickiewicz University in Pozna Tomasz Morozowski PhD candidate Faculty of Political Science and Journalism Adam Mickiewicz University in Pozna and analyst at the Pozna Institute for Western Affairs

EU External Relations Law and Sustainability Ramses A. Wessel, Jamile Bergamaschine Mata Diz, Júlia Péret Tasende Társia, Saide Esra Akdogan, 2025-02-01 This book delves into the integration of sustainability within the European Union's external activities emphasizing the necessity to weave sustainability throughout its relations with third states and international organizations Unique in its approach this collective work brings together a diverse range of experts each contributing a chapter that explores different facets of sustainability in the context of the EU's increasing external actions The pressing demands for sustainable development as outlined in the EU Treaties specifically Articles 3 5 and 21 of the TEU and Articles 11 and 191 of the TFEU are examined through a compilation of theoretical analyses legal dogmatic approaches and detailed case studies These contributions aim to offer a cohesive understanding of the legal implications and strategies for embedding

sustainability into the EU's external engagements providing a multidisciplinary perspective on a critical global issue. Furthermore, the book critically examines how sustainability is operationalized within various EU external policies, providing readers with a deep dive into the mechanisms and outcomes of such integration. It addresses the challenges and opportunities that lie ahead for the EU in maintaining its commitment to sustainability, making it a timely contribution to the discourse on global environmental policy and governance. Designed for scholars, legal practitioners, policymakers, and students interested in European Union law, sustainability, and external relations, this collective work serves as an essential resource. It offers a nuanced perspective on the complexities of legal frameworks that govern the EU's sustainable external actions and their significant impact on global environmental governance.

Ramses A. Wessel is a Professor of European Law at the Faculty of Law of the University of Groningen. Jamile B. Mata Diz is a Professor of International Public Law and Coordinator of the Jean Monnet Center of Excellence of the Federal University of Minas Gerais. Julia Pretorius is a PhD Candidate at the Federal University of Minas Gerais. Saide Esra Akdogan is a lecturer and researcher at Wageningen University and Research.

Oxford Principles of European Union Law Robert Schütze, Takis Tridimas, 2018-02-23

Since the 1957 Rome Treaty, the European Union has changed dramatically in terms of its composition, scope, and depth. Originally established by six Western European States, the EU today has 28 Members and covers almost the entire European continent, and while initially confined to establishing a common market, the EU has come to influence all areas of political, economic, and social life. In parallel with this enormous geographic and thematic expansion, the constitutional and legislative principles underpinning the European Union have constantly evolved. This three-volume study aims to provide an authoritative academic treatment of European Union law. Written by leading scholars and practitioners, each chapter offers a comprehensive and critical assessment of the state of the law. Doctrinal in presentation, each volume nonetheless tries to present a broader historical and comparative perspective. Volume I provides an analysis of the constitutional principles governing the European Union. It covers the history of the EU, the constitutional foundations, the institutional framework, legislative and executive governance, judicial protection, and external relations. Volume II explores the structure of the internal market, while Volume III finally analyses the internal and external substantive policies of the EU.

Unveiling the Magic of Words: A Report on "**European Parliament And The European Community**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring.
