European Readings Of American Popular Culture Contributions To The Study Of Popular Culture:

European Readings of American Popular Culture John R. Dean, Jean-Paul Gabilliet, 1996 Since the Second World War Europe has undergone a continual invasion wave after wave of American popular culture The diffusion of American culture in Europe is both a European story about America and an American story about Europe This work examines this cross cultural phenomenon from the European viewpoint Nearly two dozen European experts in their respective fields offer an invigorating engaging and open minded examination of America as perceived with the acute insight of the interested European outsider a fruitful tradition that stretches back to Lafayette de Tocqueville and Goethe to name three Of interest to scholars students and general readers alike The book s focus is both sensuous and intellectual how America is seen The Image heard Popular Music perused The Written Word digested Food learned from its common ways Social Customs perceived by minorities Ethnic Cultures and taken as an instrument of change Americanization It is the first book of its kind published in the United States It is rich with selected up to date critical bibliographies in areas for which very little information is otherwise available In sum a cogent cross cultural analysis of how U S popular culture exposes both European dreams of well being and nightmares of discontent These are insights which deserve to be savored Four Years in Europe with Buffalo Bill Charles Eldridge Griffin, 2010-01-01 William F Buffalo Bill Cody was the entertainment industry s first international celebrity achieving worldwide stardom with his traveling Wild West show For three decades he operated and appeared in various incarnations of the western world s greatest traveling attraction enthraling audiences around the globe When the show reached Europe it was a sensation igniting Wild West fever by offering what purported to be a genuine experience of the American frontier The Use of Arthurian Legend in Hollywood Film Samuel J. Umland, Rebecca A. Umland, 1996-10-21 This is the first book to examine the various uses of the Arthurian legend in Hollywood film covering films from the 1920s to the present The authors use five representational categories intertextual collage or cult film melodrama which focuses on the love triangle conservative propaganda pervasive during the Cold War the Hollywood epic and the postmodern quest which commonly employs the grail portion of the legend Arguing that filmmakers rely on the audience s rudimentary familiarity with the legend the authors show that only certain features of the legend are activated at any particular time This fascinating study shows us how the legend has been adapted and how through the popular medium of Hollywood films the Arthurian legend has survived and flourished Americanism and Americanization Mel van Elteren, 2006-09-28 With the current state of foreign affairs the terms Americanism and Americanization sometimes take on an unexpected and an unflattering connotation Americanism essentially involves values beliefs ideals goods and practices in local settings outside the United States that are in some way related or attributed to American influence While the validity of this influence may be under scrutiny it requires a detailed historical and sometimes cultural analysis to understand all the dynamics and implications of Americanization A variety of factors contributes to this influence including the preoccupation and reception of the relevant

culture itself For instance many European countries have at times demonstrated a preoccupation with all things American which was not necessarily swayed by any action of America itself The overall actualization of Americanization however encompasses a number of societal dimensions including power differentials in the exchange processes concerned Informed by a history of relevant developments since the early nineteenth century this volume presents an in depth critical analysis of the Americanization process Beginning with a survey of early European preoccupations with things American the book goes on to discuss European concerns regarding American influence after World War II The work then looks at Americanism and its influence within the United States itself especially regarding developments during the New Deal and beyond The primary goal of the analysis is the construction of an interpretative framework allowing for a more balanced approach to the study of Americanism abroad Written from a critical social emancipatory perspective the author s approach blends economic military social political cultural and psychological dimensions as well as an examination of the ways in which these areas interact Finally Americanism is examined as part of a U S style corporate globalization at the current juncture Instructors considering this book for use in a course may request an examination copy here

Writing Horror and the Body Linda Badley,1996-06-18 In this sequel to Film Horror and the Body Fantastic Badley examines horror fiction as a fantastic genre in which images of the body and the self are articulated and modified Badley places horror fiction in its cultural context drawing important connections to theories of gender and sexuality As our culture places increasing importance on body image horror fiction has provided a language for imagining the self in new ways often as ungendered transformed or re generated Focusing on the works of Stephen King Clive Barker and Anne Rice Badley approaches horror as a discourse that articulates the anxieties of our culture

American Culture in Europe Mike-Frank G. Epitropoulos,Victor Roudometof,1998-10-23 These essays e amine the proliferation of American culture in Europe and focus on the degree and manner in which cultural influences are spread Topics range from German advertising in the 1980s to US influence in post Soviet Russia to Greek youth s fascination with American commercial culture

Outsider Features Richard K. Ferncase,1996-06-21 In the early 1980s serious American independent films including Stranger Than Paradise Blood Simple

and *She's Gotta Have It* attracted ever widening audiences culminating with Steven Soderbergh's award winning *sex lies and videotape*. This film which won the Cannes Film Festival's top award and took more than 30 million at the box office in the United States alone capped a remarkable decade for off Hollywood filmmakers. *Outsider Features* takes an in depth look at 10 of the most successful independent feature films made during this decade from John Sayles's seminal and groundbreaking *The Return of the Secaucus Seven* to Michael Moore's wry and irreverent *Roger Me* the most lucrative non music documentary ever made. *Outsider Features* offers accounts of the genesis of each film complete synopses and critical analyses and biographies of each filmmaker.

Yankee Go Home (& Take Me With U) George McKay, 2016-10-06 We can do little to escape the experience of the United States of America through many media TV pop music youth culture Hollywood fast food. How do these traces and images affect us? Do we internalize them? Want to be American? Do we can we resist them? Is our desire for them a symptom of European pop culture's crisis? From black face minstrelsy rap music and fiction to McDonald's rock festivals and *Star Trek* the cultural conception of America is critically unpacked by contributors from Europe Israel and the USA. McKay rounds off the picture by offering a comprehensive introduction that explains theoretical approaches to Americanization from the thesis of Yankee cultural imperialism to America as site of liberation or fantasy.

Readings in African Popular Fiction Stephanie Newell, 2002 a useful introduction to an important field of African creative writing that has been invisible for the most part in North America and Europe. Eileen Julien *Readings in African Popular Fiction* explores the social political and economic contexts of popular narratives by bringing together new and classic essays by important scholars in African literature and eight primary texts. Excerpts from popular magazines cartoons novellas and moral and instructional pamphlets present African popular fiction from all areas of the continent. Selections include essays on Hausa creative writing the influence of Indian film in Nigeria Onitsha market literature writing and popular culture in Cameroon Kenyan romances Swahili literature art and cartoons works by South African writers of the 1950s and popular crime thrillers in Malawi. Stephanie Newell's introduction engages themes and trends in popular fiction in contemporary Africa. The Miracle Years Hanna Schissler, 2020-12-08 Stereotypical descriptions showcase West Germany as an economic miracle or cast it in the narrow terms of Cold War politics Such depictions neglect how material hardship preceded success and how a fascist past and communist sibling complicated the country's image as a bastion of democracy Even more disappointing they brush over a rich and variegated cultural history That history is told here by leading scholars of German history literature and film in what is destined to become the volume on postwar West German culture and society In it we read about the lives of real people from German children fathered by black Occupation soldiers to communist activists from surviving Jews to Turkish guest workers from young hoodlums to middle class mothers We learn how they experienced and represented the institutions and social forces that shaped their lives and defined the wider culture We see how two generations of West Germans came to terms not only with war guilt division from East Germany and the Angst of nuclear threat but also with changing gender relations the Americanization of popular culture and the rise of conspicuous consumption Individually these essays peer into fascinating overlooked corners of German life Together they tell what it really meant to live in West Germany in the 1950s and 1960s In addition to the editor the contributors are Volker R Berghahn Frank Biess Heide Fehrenbach Michael Geyer Elizabeth Heineman Ulrich Herbert Maria H hn Karin Hunn Kaspar Maase Richard McCormick Robert G Moeller Lutz Niethammer Uta G Poiger Diethelm Prowe Frank Stern Arnold Sywottek Frank Trommler Eric D Weitz Juliane Wetzel and Dorothee Wierling

European Culture and the Media Ib Bondebjerg, Peter Golding, 2004-07-01 We are witnessing a dynamic reshaping of the European mediascape This has been underway for more than a decade since the fall of the Berlin wall in 1989 the growing impact of globalisation and the birth of new technologies and new media or the convergence between old and new

media A new and more intense mediatization of society and everyday life is emerging This is happening alongside the rapid reconstruction of the cultural and economic landscape of Europe itself In this transformation the communicative and ideological dimensions the digitalization of technology and changes in culture the imaginary the discursive universe of politics and communication are all crucial areas for research The cultural industries film television books magazines entertainment and music but also the world of news actuality infotainment and the internet are key areas for the study of what we may begin to understand as a changing European culture in all its complexity and with all its differences and conflicts The media and the cultural industries are among the fastest growing sectors in the global economy

The Cultural Career of Coolness Ulla Haselstein, Irmela Hijiya-Kirschner, Catrin Gersdorf, Elena Giannoulis, 2013-10-10 Cool is a word of American English that has been integrated into the vocabulary of numerous languages around the globe Today it is a term most often used in advertising trendy commodities or more generally in promoting urban lifestyles in our postmodern age But what is the history of the term cool When has coolness come to be associated with certain modes of contemporary self fashioning On what grounds do certain nations claim a privilege to be recognized as cool These are some of the questions that served as a starting point for a comparative cultural inquiry which brought together specialists from American Studies and Japanese Studies but also from Classics Philosophy and Sociology The conceptual grid of the volume can be described as follows

- 1 Coolness is a metaphorical term for affect control It is tied in with cultural discourses on the emotions and the norms of their public display and with gendered cultural practices of subjectivity
- 2 In the course of the cultural transformations of modernity the term acquired new importance as a concept referring to practices of individual ethnic and national difference
- 3 Depending on cultural context coolness is defined in terms of aesthetic detachment and self irony of withdrawal dissidence and even latent rebellion
- 4 Coolness often carries undertones of ambivalence The situational adequacy of cool behavior becomes an issue for contending ethical and aesthetic discourses since an ethical ideal of self control and a strategy of performing self control are inextricably intertwined
- 5 In literature and film coolness as a character trait is portrayed as a personal strength as a lack of emotion as an effect of trauma as a mask for suffering or rage as precious behavior or as savvy This wide spectrum is significant artistic productions offer valid insights into contradictions of cultural discourses on affect control
- 6 American and Japanese cultural productions show that twentieth century notions of coolness hybridize different cultural traditions of affect control

Edison's Kinetoscope and Its Films

Ray Phillips, 1997-11-13 Motion pictures were first seen in 1894 when Thomas Edison introduced the Kinetoscope a device for individually looking at film through a viewer Over the next three years Edison manufactured almost 1 000 Kinetoscopes and produced some 250 films to show in them A million people worldwide first saw motion pictures through these devices This book describes in detail how Kinetoscopes worked and how they were sold and describes the parlors to which the public flocked fascinated by the novelty of moving images It examines how the machines were copied by others and later eclipsed by the advent of projection It also indicates where surviving machines can be found in the United States and Europe The book concludes with an index to Edison's films between 1892 and 1896 and presents titles filming dates subject descriptions and information on the location of surviving copies Copiously illustrated the book is a vital research tool for all students of motion picture history
