 Boston Fodor's Washington D.C. and Fodor's New York City Manet and Modern Beauty Gloria Groom, 2019-06-25 This
 stunning examination of the last years of douard Manet's life and career is the first book to explore the transformation of his
 style and subject matter in the 1870s and early 1880s The name Manet often evokes the provocative heroically scaled
 pictures he painted in the 1860s for the Salon but in the late 1870s and early 1880s the artist produced quite a different body
 of work stylish portraits of actresses and demimondaines luscious still lifes delicate pastels intimate watercolors and
 impressionistic scenes of suburban gardens and Parisian cafés Often dismissed as too pretty and superficial by critics these
 later works reflect Manet's elegant social world propose a radical new alignment of modern art with fashionable femininity
 and record the artist's unapologetic embrace of beauty and visual pleasure in the face of death Featuring nearly three
 hundred illustrations and nine fascinating essays by established and emerging Manet specialists a technical analysis of the
 late Salon painting *Jeanne Spring* a selection of the artist's correspondence a chronology and more *Manet and Modern
 Beauty* brings a diverse range of approaches to bear on a little studied area of this major artist's oeuvre *Kuno Francke's
 Edition of the German Classics (1913-15)* Jeffrey L. Sammons, 2009 The twenty volume edition of *The German Classics
 Masterpieces of German Literature Translated into English* was edited by Kuno Francke of Harvard 1855-1930 the most
 prestigious professor of German in America at the time While it bears the imprint dates 1913 and 1914 it was not completed
 until mid 1915 just in time for the submarine sinking of the passenger liner *Lusitania* in May of that year The edition was
 publicized with great fanfare and was well received at first but with the outbreak of the European war in 1914 and the entry
 of the United States into it in 1917 American sentiment turned against all things German The reviews became hostile the
 edition was nearly pulped its publisher went bankrupt and Francke felt obliged to resign his Harvard professorship Kuno
 Francke's *Edition of The German Classics 1913-15* describes the origins of the edition recounts the careers of the editors and
 some fifty professional contributors seeks to identify approximately 115 translators and comments on the nearly 500
 illustrations mostly German art of the nineteenth century This book also introduces the selections from the 114 featured
 authors almost a third of whom were still alive at the time of publication and evaluates the critical commentary The edition
 emerges from the study as a laboratory of the high prestige of German literature and culture in the United States before it
 fell into permanent decline at the time of World War I **Bernardo Bellotto and the Capitals of Europe** Bernardo
 Bellotto, Irina Artem'eva, Irina Artemieva, Museo Correr, Andrzej Rottermund, Martina Frank, Museum of Fine Arts,
 Houston, Gregor J.M. Weber, 2001-01-01 Bernardo Bellotto is considered to be one of the greatest topographical and

landscape painters of the eighteenth century Trained as a painter of cityscapes he produced vivid and memorable images of many of the greatest cities of Europe including Venice Florence Rome Dresden Munich Vienna and Warsaw He also ventured successfully into genre portraiture allegory and history painting This beautiful book written by leading specialists on Bellotto examines his career and artistic development places his work in the context of the political needs of central European monarchs and presents a selection of his major paintings from each of his principal periods and genres Bellotto began as a painter of conventional views of Venice in the manner of his more famous uncle Canaletto However his quest for new subject matter led him to visit half a dozen cities in northern and central Italy in the early 1740s and at twenty five he left Italy for northern Europe where he spent the rest of his life working for royal and aristocratic patrons In Dresden he was engaged in the service of Augustus III where he created many glorious canvases and was awarded the title of Court Painter He then moved to Vienna and recorded its attractions for Empress Maria Theresa He ended his career as Court Painter in Warsaw and his detailed paintings of the city played an important role in its reconstruction after the Second World War The book demonstrates that in each of the places Bellotto lived he was able to capture the particular light and life with sensitivity and imagination
