volume aims to reflect on the changing structure experience and aspirations of European business as it approaches the Millennium including chapters in issues including business scandals in the Weimar Republic the evolution of management consultancies in Portugal and Spain and the British Public Sector The yearbook exploits these changes by serving as a forum for debate in Europe and aims to bring work on individual countries to a wider European audience Responding to the challenge of globalization cooperation within a single European market and an increasing interest in corporate governance and environmental issues the yearbook broadens to include socio political issues along with stimulating new types of scholarship among European business historians and new preservation strategies by business archivists Global Brands Teresa da Silva Lopes, 2007-09-24 In a world focused on science and new technology brands help to explain why several of the world's multinational corporations have little to do with either Rather they are old firms with little critical investment in patents or copyrights For these firms the critical intellectual property is trademarks Global Brands first published in 2007 explains how the world's largest multinationals in alcoholic beverages achieved global leadership considers the predominant corporate governance structures for such firms and looks at why these firms form alliances with direct competitors Brands also determine the waves of mergers and acquisitions in the beverage industry Global Brands contrasts with existing studies by providing a new dimension to the literature on the growth of multinationals through the focus on brands using an institutional and evolutionary approach based on original and published sources about the industry and the firms **The Oxford Handbook of Business History** Geoffrey Jones, Jonathan Zeitlin, 2008-01-24 Introduction Approaches and debates Forms of business organization Functions of enterprise Enterprise and society *Business History around the World* Franco Amatori, Geoffrey Jones, 2003-09-18 This 2003 book offered the first in depth international survey of contemporary research and debates in business history Over the two decades leading to its publication enormous advances had been made in writing the history of business enterprise and business systems Historians are documenting and analyzing the evolution of a wide range of important companies and systems their patterns of innovation production and distribution their financial affairs their political activities and their social impact Each essay is written by a prominent authority who provides an assessment of the state and significance of research in his or her area This volume is a reference work that will be of immense value to historians economists management researchers and others concerned to access the latest insights on the evolution of business throughout the world *The History of Family Business, 1850-2000* Andrea Colli, 2003 In this new textbook Andrea Colli gives a historical and comparative perspective on family business examining through time the different relationships within family businesses and among family enterprises inside different political and institutional contexts He compares the performance of family businesses with that of other economic organizations and looks at how these enterprises have contributed to the evolution of contemporary industrial capitalism Central to his discussion are the reasons for both the decline and persistence of family business how it evolved historically the different forms it has taken over time and how it has

contributed to the growth of single economies The book summarises previous research into family business and situates many aspects of family business such as their strategies contribution failure and decline in an economic social political and institutional context It will be of key interest to students of economic history and business studies     *Economic Policy* Jim Tomlinson,2004 Documentary focusing on the legendary Goodwood Motor Circuit a high speed track which started out as the perimeter of an RAF base during World War II The programme covers Goodwood s history from its creation through to the present day     *Remaking Management* Chris Smith,Brendan McSweeney,Robert Fitzgerald,2008-05-08 Debates about the consequences for work practices posed by the rapidly growing transnationalisation of business have become increasingly central to management studies sociology political science geography and other disciplines Remaking Management brings together a range of international contributors from different sub disciplines in management to examine current theories of change or continuity of work practices in the context of fashionable claims about unstoppable globalisation or unmoveable national business systems It provides theoretical and empirical challenges to both of these explanations Rejecting an overemphasis on inevitable convergence or enduring divergence the book reveals a mix of international national and organisational level influences on workplace practice This is a rich and wide ranging resource for graduate students and academics concerned with how organisations are responding to an increasingly complex commercial environment     *The Endurance of Family Businesses* Paloma Fernández Pérez,Andrea Colli,2013-09-30 A collection of essays offering an overview of the importance and resilience of family controlled large businesses     **Jewish and Greek Communities in Egypt** Najat Abdulhaq,2016-02-18 In the years following Nasser s rise to power the demographic landscape and the economy of Egypt underwent a profound change Related to the migration of diverse communities that had a distinguished role in Egyptian economy from Egypt these shifts have mostly been discussed in the light of postcolonial studies and the nationalisation policies in the wider region Najat Abdulhaq focuses instead on the role that these minorities had in the economy of pre Nasser Egypt and by giving special attention to the Jewish and Greek communities residing in Egypt investigates the dynamics of minorities involved in entrepreneurship and business With rigorous analysis of the types of companies that were set up Abdulhaq draws out the changes which were occurring in the political and social sphere at the time This book whilst primarily focused on the economic activities of these two minority communities has implications for an understanding analysis of the political the juridical the intellectual and the cultural trends at the time It thus offers vital analysis for those examining the economic history of Egypt as well as the political and cultural transformations of the twentieth century in the region     **National Cultures and International Competition** Christopher Kobrak,2002-10-07 This book is first and foremost a history of Schering AG one of Germany s best known pharmaceutical companies from its birth as a pharmacy in the middle of the 19th century to the first steps of its re birth as a multinational in 1950 It traces the various stages of Schering s development its relationships to other chemical companies its government its bankers and other shareholders The

book also tries to put this history in the context of Schering's changing and for the most part increasingly hostile political social and economic environment      *The Growth of the Italian Economy, 1820-1960* Jon S. Cohen, Giovanni Federico, 2001-09-06 This volume in the New Studies in Economic and Social History series examines Italy's transformation from a largely rural state in the nineteenth century to today's industrial powerhouse At the time of unification in 1861 much of the country was backward poor and agrarian few would have believed that a hundred years later Italy would become one of the seven largest industrial countries its people among the wealthiest in the world This process of development and structural change has generated an enormous and evolving literature alive with controversies and compelling insights New research and reinterpretation of existing data have led to a reevaluation of the nature of Italian Dualism while revisions to national income accounts are modifying the traditional picture of economic growth Jon Cohen and Giovanni Federico provide a concise up to date account of this literature highlighting new views on old issues and signalling areas in need of further research      *The Dictators: Hitler's Germany, Stalin's Russia* Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils      **Crossroads of Entrepreneurship** Guido Corbetta, Morton Huse, Davide Ravasi, 2004-03-31 Combines different disciplinary perspectives management economics sociology business history Addresses current topics like ethnic entrepreneurship the role of the state and state owned companies in promoting entrepreneurship entrepreneurship and family business collective entrepreneurship differences in entrepreneurship dynamics around the world Gathers perspectives from different countries and research traditions Softcover version of the original that published in March 2004
