Committee on Appropriations, 1944 *The Young Victims of the Nazi Regime* Simone Gigliotti, Monica Tempian, 2016-05-05 During the Nazi regime many children and young people in Europe found their lives uprooted by Nazi policies resulting in their relocation around the globe *The Young Victims of the Nazi Regime* represents the diversity of their experiences covering a range of non European perspectives on the Second World War and aspects of memory This book is unique in that it places the experiences of children and youth in a transnational context shifting the conversation of displacement and refuge to countries that have remained under examined in a comparative context Featuring essays from an international range of experts this book analyses the key themes in three sections the migration of children to countries including England Canada Australia New Zealand Kenya and Brazil the experiences of young people who remained in Nazi Europe and became victims of war displacement and deportation and finally the challenges of rebuilding lives and representing traumas in the aftermath of war In its comparisons between Jewish and non Jewish experiences and how these intersected and diverged it revisits debates about cultural genocide through the separation of families and communities as well as contributing new perspectives on forced labour families and the Holocaust and Germans as war victims *Holocaust a History* Deborah Dwork, Robert Jan Pelt, 2003-08-26 Unrivaled in scope Holocaust is a story of all Europe of the vast sweep of events in which this great atrocity was rooted from the Middle Ages to the modern era **A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942**, 1942 *Food and Age in Europe, 1800-2000* Tenna Jensen, Caroline Nyvang, Peter Scholliers, Peter Atkins, 2019-01-16 People eat and drink very differently throughout their life Each stage has diets with specific ingredients preparations palates meanings and settings Moreover physicians authorities and general observers have particular views on what and how to eat according to age All this has changed frequently during the previous two centuries Infant feeding has for a long time attracted historical attention but interest in the diets of youngsters adults of various ages and elderly people seems to have dissolved into more general food historiography This volume puts age on the agenda of food history by focusing on the very diverse diets throughout the lifecycle **Lessons and Legacies XIII** Alexandra Garbarini, Paul Jaskot, 2018-09-15 *Lessons and Legacies XIII* New Approaches to an Integrated History of the Holocaust is an edited collection of thirteen original essays that reflect current research on the Holocaust in a range of disciplines Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. recognition as an important feature of the 18th century criminal code Mercy and British Culture 1760 1960 looks first at mercy s religious and philosophical aspects its cultural representations and its embodiment It then looks at large scale mobilisation of mercy discourses in Ireland during the French Revolution in the British empire and in warfare from the American war of independence to the First World War This study concludes by examining mercy s place in a twentieth century shaped by total war atomic bomb and decolonisation *A History of Women Photographers* Naomi Rosenblum,2010 The definitive text on women in photography now in an affordable paperback edition **AB Bookman's Weekly** ,1993

Suffer the Little Children Anita Casavantes Bradford,2022-03-28 In this affecting and innovative global history starting with the European children who fled the perils of World War II and ending with the Central American children who arrive every day at the U S southern border Anita Casavantes Bradford traces the evolution of American policy toward unaccompanied children At first a series of ad hoc Cold War era initiatives such policy grew into a more broadly conceived set of programs that claim universal humanitarian goals But the cold reality is that decisions about which endangered minors are allowed entry to the United States have always been and continue to be driven primarily by a geopolitics of compassion that imagines these children essentially as tools of political statecraft Even after the creation of the Unaccompanied Refugee Minors program in 1980 the federal government has failed to see migrant children as individual rights bearing subjects The claims of these children especially those who are poor nonwhite and non Christian continue to be evaluated not in terms of their unique circumstances but rather in terms of broader implications for migratory flows from their homelands This book urgently demonstrates that U S policy must evolve in order to ameliorate the desperate needs of unaccompanied children

mothers increasingly desperate to find food to feed their families as hunger became part of everyday life When the Nazis and the puppet Vichy regime began rounding up Jews to ship east to concentration camps the full horror of the war was brought home and the choice between collaboration and resistance became unavoidable Sebba focuses on the role of women many of whom faced life and death decisions every day After the war ended there would be a fierce settling of accounts between those who made peace with or worse helped the occupiers and those who fought the Nazis in any way they could Anne Sebba has the nearly miraculous gift of combining the vivid intimacy of the lives of women during The Occupation with the history of the time This is a remarkable book Edmund de Waal New York Times bestselling author Wonderfully researched puts women s stories and the complications of their lives under Occupation centre stage Kate Mosse New York Times bestselling author
