GEORGE KASSIMERIS

Europes Last Red Terrorists The Revolutionary Organization 17 November

Daniel Byman

Europe's Last Red Terrorists The Revolutionary Organization 17 November:

Europe's Last Red Terrorists George Kassimeris, 2001 This volume focuses on the ideology and operations of Europe's last Marxist Leninist terrorists the Greek revolutionary organisation November 17 Tracing the history of November 17 which began in the 1970s this book demonstrates how it has persevered despite never developing widespread revolutionary guerrilla warfare

Europe's Last Red Terrorists George Kassimeris, 2001-12 Since the 1970s Europe's last Marxist Leninist terrorists the Greek Revolutionary Organization 17 November have waged a violent campaign against US and NATO personnel Turkish diplomats and members of the Greeks military and business elite In May 2000 they assassinated a top British diplomat in Athens in a daring daylight attack Yet no one suspected of belonging to the organization let alone of being involved in its terror campaign has ever been arrested This is the first book to deal with revolutionary terrorism in Greece Tracing the history of 17 November Kassimeris demonstrates how it has persevered with a one dimensional view of a world peopled by heroes and villains that has precluded the emergence of a coherent ideology Combining fanatical nationalism contempt for the existing order and the cult of violence for its own sake 17 November has stubbornly refused to accept that its eclectic belief system is incompatible with modern democratic principles Unlike Italy's Red Brigades or Germany's Red Army Faction which both assailed the capitalist state and its agents 17 November hopes to create an insurrectionary mood that will propel the Greeks into revolutionary political action without disrupting society as a whole As such 17 November's terror campaign has been an audacious protest aimed at discrediting and humiliating the Greek establishment and the US government but one that has never sought to develop widespread revolutionary guerrilla warfare

17N's Philosophy of Terror Ioanne K. Lekea, 2014-02-10 This book uses a cross disciplinary approach to examine the creation development ideology and practice of the Marxist terrorist group 17N Were the members of 17N individuals with high moral principles as they claimed who did their best to protect the civilians who happened to be within their field of operations Or were they simply violent guerillas who prioritized successful assassinations of their targets at any cost The textual analysis of this book addresses these questions and studies 17N from inception to the time when its members were arrested providing a uniquely thorough examination of the organization manifestos and its correlation to the group's ideology and actual practices 17N's Philosophy of Terror An Analysis of the 17 November Revolutionary Organization first outlines the political and ideological framework of 17 and then describes their terrorist strategy and tactics The authors consider these operations in the context of the manifestos that followed the terrorist acts and conclude the work by addressing the events following the apprehension of 17N members the trial the verdicts the appeal trial and the conclusion of appeal trial

Inside Greek Terrorism George Kassimeris, 2013-10-01 George Kassimeris explores the complexity of the motivations and emotions of those who have led Greece's network of modern terrorist groups and urban guerrillas

Encyclopedia of Terrorism Peter Chalk, 2012-11-21 A valuable up to date reference tool for understanding the latest developments in national and international terrorism one of

the most pressing security challenges facing the world today Terrorism has emerged as one of the main foreign and national policy challenges of the 21st century Encyclopedia of Terrorism provides comprehensive coverage of the events individuals groups incidents and trends in terrorism in the modern era This essential work presents accurate concise and crucial information on developments since the watershed events of September 11 2001 providing readers with an invaluable reference tool for understanding major developments that have occurred in domestic and international terrorism The work is fully cross referenced to provide a comprehensive research tool for high school students academics security analysts and other readers interested in the study of terrorism

Greece Roderick Beaton,2019-03-07 We think we know ancient Greece the civilisation that shares the same name and gave us just about everything that defines western culture today in the arts sciences social sciences and politics Yet as Greece has been brought under repeated scrutiny during the financial crises that have convulsed the country since 2010 worldwide coverage has revealed just how poorly we grasp the modern nation This book sets out to understand the modern Greeks on their own terms How did Greece come to be so powerfully attached to the legacy of the ancients in the first place and then define an identity for themselves that is at once Greek and modern This book reveals the remarkable achievement during the last 300 years of building a modern nation on sometimes literally the ruins of a vanished civilisation This is the story of the Greek nation state but also and perhaps more fundamentally of the collective identity that goes with it It is not only a history of events and high politics it is also a history of culture of the arts of people and of ideas

Tying Greece to the West Mogens Pelt,2006 Tying Greece to the West US West German Greek Relations 1949 74 examines the reconstruction of Greece in the post war era and how the Greek foreign economic and political relations with the United States and West Germany developed especially the Greek West German trade and the American and West German financial and aid policy Furthermore it investigates what impact Greek foreign relations had on the domestic development particularly in relation to the establishment of the dictatorship in 1967 the so called Colonels Regime The Second World War disrupted the Greek economy polarized politics and left Greece in a state of severe economic and social disorder The Axis occupation was followed by civil war with devastating consequences and the Greek Civil War was one immediate reason for the declaration of the Truman Doctrine in 1947 The Truman Doctrine made Greece subject to the most costly overseas American aid program ever in peace time However gradually West Germany became the b

Fatal Future? Richard M. Pearlstein,2004-04-01 Annotation This groundbreaking book examines the evolution of terrorism in the context of the new global disorder

Terrorism As a Political Philosophy Frank DeAngelis, **Terrorism and Counterintelligence** Blake W. Mobley,2012 Discussing the challenges terrorist groups face as they multiply and plot international attacks while at the same time providing a framework for decoding the strengths and weaknesses of their counter intelligence Blake W Mobley offers an indispensable text for the intelligence military homeland security and law enforcement fields

UK's Legal Responses to Terrorism Yonah Alexander,Edgar H. Brenner,2013-03-04 First published in 2003 Routledge is an

imprint of Taylor Francis an informa company **The United Kingdom's Legal Responses to Terrorism** Yonah Alexander, Edgar Brenner, 2021-10-01 The United Kingdom provides a useful model of the effectiveness of counter terrorism responses in that the same measures were applied to both international and domestic terrorism with differing results The United Kingdom s legal responses to the challenge of terrorism constitutes a substantial and far ranging body of executive and legislative acts international treaties and conventions and court cases This book constitutes the first academic effort after the September 11 2001 brutal attacks to study the UK s legal experience and provides lessons for other democracies combating terrorism at home and abroad Material included in the volume consists of a large body of documents such as the Prime Minister s statement concerning al Qaida the Terrorism Act 2000 the Anti Terrorism Crime and Security Act 2001 the Human Rights Act of 1998 the Treaty of Maastricht and numerous other court cases e g the bombing of Pan Am 103 Important cases reproduced include Al Magrahi Kebeline and Chahal Published under the Transnational Publishers imprint

Intelligence in Democratic Transitions Sofia Tzamarelou, 2024 Reforming the intelligence agencies is essential when a state transitions from authoritarianism to democracy But what kinds of reforms matter how do we know when there has been transformation and how and where do authoritarian legacies persist Sofia Tzamarelou conducts a comparative examination of three cases the democratic transitions of Portugal Greece and Spain during the 1970s She draws important conclusions about how to ensure thorough reform and what happens when intelligence democratization is incomplete She does this through the lens of five Security Sector Reform SSR indicators Lustration Control Oversight Collection Recruitment and Civil Society Although these three European countries started their transition around the same time they present significantly different results Legacies of the past and legacy personnel emerge as the main barriers to reform Other important findings are the relationship between consumers and producers of intelligence and the role of civil society The study is unique due to the source material used the countries studied and its comparative framework for the study of intelligence democratization

World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era James Ciment, 2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts **The Five Front War** Daniel Byman, 2008 A comprehensive look at the War on Terror and the best way to a safer future Scholar Daniel Byman offers a new approach to fighting the war on terrorism He convincingly argues that two of the main solutions to terrorism offered by politicians military intervention and the democratization of the Arab world shouldn t even be our top priorities Instead he presents a fresh way to face intelligence and law enforcement challenges ahead conduct counterinsurgency operations undermine al Qaeda s ideology selectively push for reforms and build key lasting alliances

Daniel Byman Washington DC directs the Security Studies Program and the Center for Peace and Security Studies at Georgetown University He is a Senior Fellow at the Saban Center for Middle East Policy at the Brookings Institution and also served on the 9 11 Commission He regularly writes about terrorism and the Middle East for the Washington Post Slate and other publications

Underground Violence Luis de la Calle, Ignacio Sánchez-Cuenca, 2024-04-17 What makes terrorism a unique form of political violence is its underground nature According to the conceptualization of the phenomenon offered in this book terrorism is the kind of violence carried out when the perpetrators lack territorial control There is a strong link between terrorism and secret clandestine operations making terrorists attacks ephemeral as opposed to battles and assaults The book offers a comprehensive conceptual analysis of terrorism comparing it with competing theories and views on the subject such as terrorism is killing civilians or terrorism is a form of violence that relies on the distinction between direct and indirect targets The conceptualization advanced here makes sense of some peculiar traits of terrorism from international attacks in which the underground constraint is most obvious to lone actor ones in which a single individual commits a deed It also delimits the possibility of state terrorism as covert operations by security forces normally abroad Approaching terrorism in terms of the underground not only makes sense of how we talk about terrorism but it also generates testable consequences Through a combination of statistical and comparative analyses it is shown that the use of terrorism is driven by the degree of asymmetry between the contending parties

Bibliographie Internationale de Science Politique, 2002-12 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Stewards of the Land Brenda L. Marder, 2004 *Deadly Connections* Daniel Byman, 2005-06-27 Thousands of people have died at the hands of terrorist groups who rely on state support for their activities Iran and Syria are well known as sponsors of terrorism while other countries some with strong connections to the West have enabled terrorist activity by turning a blind eye Daniel Byman's hard hitting and articulate book analyzes this phenomenon Focusing primarily on sponsors from the Middle East and South Asia it examines the different types of support that states provide their motivations and the impact of such sponsorship The book also considers regimes that allow terrorists to raise money and recruit without providing active support The experiences of Iran Pakistan Afghanistan Syria Saudi Arabia and Libya are detailed here alongside the histories of radical groups such as al Qaida and Hizballah The book concludes by assessing why it is often difficult to force sponsors to cut ties to terrorist groups and suggesting ways in which it could be done better in the future

[Europe's Red Terrorists](#) Yonah Alexander, Dennis A. Pluchinsky, 2012-11-12 This unique volume explores Europe's most dangerous communist terrorist organizations and reveals how they use violence as a means of political communication and persuasion It outlines seven terrorist groups from Germany Greece Spain France Belgium Italy and Turkey and gives their modus operandi rationale and political messages in translated communiqués never before available in English
