that the European Union could deal more efficiently with the tasks the new political system had acquired since the early 1990s With respect to its international role reorganization of the EU s external relations department was high on the list The New World Architecture explores the contribution that the European Union is making to the emerging global governance system It discusses the theoretical and historical aspects of European integration within the framework of the emerging regional EU and global governance systems It explores three regimes of governance that are contributing to holding together the new emerging EU multilevel governance system None of these is complete all are partial They include the political regime of governance the socioeconomic regime of governance and the territorial regime of governance The author assesses the impact of the European Union on global politics The Mediterranean and Latin America represent regions in which the European Union is investing considerable effort in order to create new forms of cooperation Magone argues that within the next twenty five years global governance may and should emerge as the new and reconfigured stable system of international relations In this system the European Union is and will remain the most advanced regional system This volume will be of interest to specialists scholars and students of European Politics and the European Union *The Trader's Guide to the Euro Area* David J. Powell, 2013-08-14 The euro area remains in a state of flux and appears to be unsustainable in its present form The outcome of the crisis may be unknown for years and a judgement on the project s success or failure may be out of reach for decades In the meantime analysts portfolio managers and traders will still have daily weekly quarterly and annual benchmarks They will have to analyze economic developments in the euro area and their impacts on financial assets The objective of this book is to provide a framework for that analysis that is comprehensible to most financial market participants The book begins with a focus on coincident and leading economic indicators for the euro area The following section looks at euro area institutions The next chapter focuses on the euro crisis It attempts to provide an explanation of its origins and a glimpse of the potential outcomes In addition the tools needed to analyze the crisis as it evolves are presented The last sections provide information unique to the economies of Germany France the U K Switzerland Sweden and Norway

GLOBAL AGING ISSUES AND POLICIES Yushi (Boni) Li, 2013-06-01 Aging society is an urgent global issue that challenges almost all human societies in the world When nations evolve into aging societies they must establish and implement policies and approaches to meet the needs of the elderly population such as elderly services long term care health care policies institutional facilities illness and healing processes financial support and retirement life and leisure The fundamental purpose of this book is to help students and readers develop their knowledge on worldwide elderly issues To accomplish this goal the text incorporates 18 chapters from different countries with a variety of aging topics which are divided into continents including Africa Asia Europe North and South America and the Oceanic Islands Specific chapters from the following countries regions are included Sub Saharan Africa South Africa China Japan Israel Singapore Thailand Austria United Kingdom Estonia Portugal Spain Sweden United States Australia New Zealand Argentina and Uruguay By

sharing these regions and nations elderly issues and their particular solutions to the challenges it provides readers with global views on current aging processes policies and strategies The book effectively helps readers understand that the increase of the elderly population is a major development of the 21st century The text further helps comprehend the importance of improving the elderly population s overall quality of life as well as valuing the contribution they can make to their communities and society The reader will gain insights about why global elderly issues are critical and how the lives of elderly have been impacted and influenced by different policies societies and cultures in which they live The book is designed as a college text for study of aging issues with a global perspective Also any readers interested in topics of the elderly will find the book to be a most beneficial resource

**Gender, Work, and Economy** Heidi Gottfried, 2013-11-15 This engaging new text uses a feminist lens to crack open the often hidden worlds of gender and work addressing enduring questions about how structural inequalities are produced and why they persist Making visible the social relationships that drive the global economy the book explores how economic transformations not only change the way we work but how we live our lives The full extent of changing patterns of employment and the current financial crisis cannot be fully understood in the confines of narrow conceptions of work and economy Feminists address this shortcoming by developing both a theory and a political movement aimed at unveiling the power relations inherent in old and new forms of work By providing an analysis of gender work and the economy Heidi Gottfried brings to light the many faces of power from the bedroom to the boardroom A discussion of globalization is threaded throughout the book to uncover the impact of increasing global interconnections and vivid case studies are included from industrialized countries such as the US and the global cities of New York London and Tokyo as well as from developing countries and the emerging global cities of Beijing Shanghai and Dubai This comprehensive analysis of gender and work in a global economy incorporating sociology geography and political economy perspectives will be a valued companion to students in gender studies and across the social sciences more generally

**Senses and Citizenships** Susanna Trnka, Christine Dureau, Julie Park, 2013-05-02 What does disgust have to do with citizenship How might pain and pleasure movement taste sound and smell be configured as aspects of national belonging Senses and Citizenships Embodying Political Life examines the intersections between sensory phenomena and national and supra national forms of belonging introducing the new concept of sensory citizenship Expanding upon contemporary understandings of the rights and duties of citizens the volume presents anthropological investigations of the sensory aspects of participation in collectivities such as face to face communities ethnic groups nations and transnational entities Rethinking relationships between ideology aesthetics affect and bodily experience the authors reveal the multiple political effects of the senses The book demonstrates how various elements of political life including some of the most fundamental aspects of citizenship rest not only upon our senses but on their perceived naturalization Vivid ethnographic examples of sensory citizenship in Europe the United States the Pacific Asia and the Middle East explore themes such as sight in political
