Eva The Fugitive:

Eva the Fugitive Rosamel del Valle, 1990-07-23 An early cameo of Latin American surrealism Rosamel del Valle's erotic narrative of ecstasy and perdition creates the rhythm of the dream and the tempo of madness Intermittently a waiflike young woman Eva intrudes into the daily routine of the writer Her appearances are marked by a circle of red and the vision of a deep well with a star hanging over it A tone poem of surrealist encounter pursuit and loss *Eva y la Fuga* was written in 1930 and finally published posthumously in 1970 by Monte Avila Press in Venezuela Anna Balakian offers here the first translation of the work into any other language She brilliantly conveys in English the author's highly metaphoric language and the immediacy of surrealist experience signaled in the narrative by frequent lapses into a haunting present tense On their walks through the streets of Santiago Eva and the narrator mingle in the fiesta atmosphere of the Chilean Amusement Park with its gigantic Ferris Wheel Bits of real life dialogue float through the air But the couple move on different wavelengths from the crowd and often from each other Passing in and out of his life Eva exercises a hypnotic fascination over the writer and makes an equally profound impression on the reader This narrative is in the same genre as Gerard de Nerval's *Aurélia* André Breton's *Nadja* and Michel Leiris's *Aurora* and should be counted among the most compelling works of twentieth century surrealist literature

The Fugitive's Properties Stephen M. Best, 2010-05-15 In this study of literature and law before and since the Civil War Stephen M Best shows how American conceptions of slavery property and the idea of the fugitive were profoundly interconnected *The Fugitive's Properties* uncovers a poetics of intangible personified property emerging out of antebellum laws circulating through key nineteenth century works of literature and informing cultural forms such as blackface minstrelsy and early race films Best also argues that legal principles dealing with fugitives and indebted persons provided a sophisticated precursor to intellectual property law as it dealt with rights in appearance expression and other abstract aspects of personhood In this conception of property as fleeting indeed fugitive American law preserved for much of the rest of the century slavery's most pressing legal imperative the production of personhood as a market commodity By revealing the paradoxes of this relationship between fugitive slave law and intellectual property law Best helps us to understand how race achieved much of its force in the American cultural imagination A work of ambitious scope and compelling cross connections *The Fugitive's Properties* sets new agendas for scholars of American literature and legal culture

Four weeks of teaching in a lower East Side school had deprived Constance Bailey of many of the Ideals in Education which during four years at college she had trustingly acquired But despite many discouragements despite an unintelligible dialect and an autocratic Course of Study she clung to an ambition to establish harmony in her kingdom and to impress a high moral tone upon the fifty eight little children of Israel entrusted to her care She was therefore troubled and heavy of heart when it was borne in upon her that two of her little flock cousins to boot and girls had so far forgotten the Golden Rule as to be mad on themselves and wouldn't talk even as that Bureau of Fashionable Intelligence Sarah Schrodsky duly reported Und Teacher Sarah continued Eva Gonorowsky's mamma has a mad on Sadie Gonorowsky's mamma und her papa has a mad on her papa und her gran ma has a mad on both of papas und both of mammas und her gran pa has a mad somethin fierce on both of uncles und her auntie

Fade In, Crossroads Robert Jackson, 2017 *Fade In Crossroads* is a history of the relations between black and white southerners and films from the silent era to midcentury It illustrates how the rise and fall of the American film industry coincided with that of the South's most important modern product and export Jim Crow segregation

Spectacles of Reform Amy E. Hughes, 2012-12-17 In the nineteenth century long before film and television arrived to electrify audiences with explosions car chases and narrow escapes it was America's theaters that offered audiences such thrills with sensation scenes of speeding trains burning buildings and endangered bodies often in melodramas extolling the virtues of temperance abolition and women's suffrage In *Spectacles of Reform* Amy

E Hughes scrutinizes these peculiar intersections of spectacle and reform revealing that spectacle plays a crucial role in American activism By examining how theater producers and political groups harnessed its power and appeal Hughes suggests that spectacle was and remains central to the dramaturgy of reform Engaging evidence from lithographs to children's books to typography catalogs Hughes traces the cultural history of three famous sensation scenes the drunkard suffering from the delirium tremens the fugitive slave escaping over a river and the victim tied to the railroad tracks assessing how they conveyed allayed and denied concerns about the rights and responsibilities of citizenship These images also appeared in printed propaganda suggesting that the coup de th tre was an essential part of American reform culture Additionally Hughes argues that today's producers and advertisers continue to exploit the affective dynamism of spectacle reaching an even broader audience through film television and the Internet To be attuned to the dynamics of spectacle Hughes argues is to understand how we see Consequently Spectacles of Reform will interest not only theater historians but also scholars and students of political literary and visual culture who are curious about how U S citizens saw themselves and their world during a pivotal period in American history

America's England Christopher Hanlon, 2013-03-04 The wealth of transatlantic scholarship to emerge in recent years has greatly enriched our understanding of the mutual far reaching cultural exchange between Great Britain and the United States Yet scholars often lose sight of this relationship in the years immediately leading up to the outbreak of the Civil War Drawing on a capacious array of travel narratives novels poems political scuffles and more Christopher Hanlon's innovative study examines the patterns of affiliation through which U S culture encoded the turmoil of antebellum America in terms of imagined connections with England Through engagement with contemporaneous renditions of English race history landscape aesthetics telecommunications and economic discourse America's England reveals how northern and southern partisans reimagined the terms behind their antagonisms forming a transatlantic surround for the otherwise cisatlantic political struggles that would dissolve the Union in 1861 Among other ramifications the re conceptualization of sectional issues in transatlantic terms undermined the notion that white citizens of the United States formed a unified biological or cultural community effectively polarizing the imagined ethnic and cultural bases of the American polity But beyond that a continued reference to English historical cultural and political formations allowed figures such as Ralph Waldo Emerson Frederick Douglass Henry Timrod Lydia Maria Child Nathaniel Hawthorne Charles Sumner and others to situate an era of developing national acrimony along longer historical and transnational curves forming accounts of national crisis that situated questions of a domestic political bearing at oceanic removes from northern and southern combatants Demonstrating that English genealogies geographies and economics shaped the sectional crisis for antebellum Americans on both sides of the Mason Dixon America's England locates the key crisis points of the period in a broader transatlantic constellation that provided distinctive circumstances for literary production
