Eva Davidova:

Eva Davidová, Anna Fárová, Jana Horváthová, 2004 Ethnographer sociologist art historian and photographer Eva Davidova is one of the founders of Gypsy Roma studies in the Czech Republic and has been illuminating and investigating this secretive society for half a century Davidova took her first photographs of Slovak and Olah Gypsy formerly nomadic Romani communities and made the first audio recordings of Gypsy stories and music in the 1950s The collected photographs in the present volume made between 1956 and 1995 constitute an unparalleled social and artistic document of everyday Gypsy life and the roads the Gypsies have traveled over this past half century Anna Fárová a leading historian of Czech photography and Jana Horváthová Director of the Museum of Romani Culture in Brno provide essays *The Rights of the Roma* Celia Donert, 2017-12-14 Explores the evolving human rights of Roma in Eastern Europe's recent history and the complex politics of Roma rights today *Re/imaginings of Disability in State Socialism* Kateřina Kolářová, Martina Winkler, 2021-06-23 Die Geschichte von Menschen mit Behinderungen die in den staatssozialistischen Gesellschaften lebten ist bislang weitestgehend unerforscht Die Beiträge dieses Bandes beheben dieses Desiderat Sie bieten erstmals eine interdisziplinäre internationale systematische und vergleichende Perspektive auf Disability in den ehemaligen Ostblockstaaten gehen dabei über den bisherigen begrenzten Fokus auf die UdSSR hinaus und bringen Disability mit anderen sozialen Kategorien Ethnizität Jugend Geschlecht und Sexualität ins Gespräch **A History of The Gypsies of Eastern Europe and Russia** D. Crowe, 2016-09-23 In this fully updated edition with a new foreword by Andre Liebich David M Crowe provides an overview of the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages up until the present drawing from previously untapped East European Russian and traditional sources *Cultural Politics of Ethnicity* Vera Sokolova, 2012-02-27 This book maps out the history of Czechoslovak linguistic and social practices directed at Roma during the communist period It explains how contemporary Czech society has come to understand the Romani population in terms of inherited social medical and juridical ideas Rather than focusing on the Roma people as an object of analysis the book problematizes assumed notions of Gypsiness and Czechness in mainstream society by highlighting the role of different socialist discourses in constructing images of Roma as socially deviant and abnormal By uncovering the lines of continuity in the intersections of ethnic discrimination social deviance and citizenship from the 1950s to the collapse of communism this book comes to terms with a variety of questions that have not yet been adequately addressed in the literature What underlying assumptions informed the socialist regime's understanding of Gypsiness and how did these conceptions relate to notions of citizenship equality and normality How and why did the meaning of the terms Gypsies and Roma become imbued in popular discourse with ideas of unhealthiness and social deviance What implications does translating perceived cultural traits and lifestyles of Roma into non ethnic frames of reference have for understanding racism and ethnic sensibilities in the country today The work emphasizes historical continuities between contemporary xenophobia

and the strategies which the communist regime used to deal with the Gypsy question Focusing on the discrepancies between written laws and policies as well as their implementation this study exposes the intricate relationships between official beliefs institutional policies and popular consciousness under the communist regime For it was these relationships which together created the mechanisms of social control that facilitated discrimination of Czechoslovak Roma under the guise of social welfare

The Gypsies of Eastern Europe David Crowe, John Kolsti, Ian Hancock, 2016-07-22 In recent news coverage of the dramatic political events in Eastern Europe Gypsies have been a favourite sidebar topic Some of the stories have been truly horrifying others are written condescendingly and to amuse but what has become clear is how little we really know about this people In a concerted effort to uncover the modern history of the Rom in Eastern Europe the authors examine the Gypsy experience in Albania Czechoslovakia Hungary Romania and Yugoslavia with special attention to the Nazi Holocaust as well as to the record of the forced settlement and education programmes instituted by communist regimes **Eva Davidova**

Eva Davidova, Utopia Parkway (Galería), 1996 **Scapegoats and Social Actors** Danièle Joly, 2016-07-27 Dani Joly brings together theoretical and empirical research on ethnic minorities in Eastern and Western Europe showing that their positions and the increased prejudices they encounter share many similarities throughout Europe Whether racism and exclusion are related to exploitation and power relations ideologies or social status they pervade interactions between the majority society and its ethnic minorities The history of such ideologies the upsurge of racism and xenophobia through the general crisis of Western Europe and the various arenas of racism in Germany are respectively studied by Eide Alt and Blaschke while Jarabova and Matei Aluas examine prejudice and racism in the Czech lands and Romania What international legal and theoretical instruments there are to counteract these trends are explored by Phillips and Rex while Lloyd focuses on the social practice of anti racist movements Finally Anthias theorises the different categories of disadvantage for ethnic minority women experience Still looking at women Campani Vasquez and Xavier de Brito demonstrate how those establish themselves as social actors in the reception country **Legitimacy** Italo Pardo, Giuliana B. Prato, 2018-10-17 Global in scope this original and thought provoking collection applies new theory on legitimacy and legitimation to urban life An informed reflection on this comparatively new topic in anthropology in relation to morality action law politics and governance is both timely and innovative especially as worldwide discontent among ordinary people grows The ethnographically based analyses offered here range from banking to neighbourhoods from poverty to political action at the grassroots They recognize the growing gap between the rulers and the ruled with particular attention to the morality of what is right as opposed to what is legal This book is a unique contribution to social theory fostering discussion across the many boundaries of anthropological and sociological studies **Between Past and Future** Will Guy, 2001 This collection of papers discusses the experience of the Roma in eastern and central Europe since the collapse of Communism [The East European Gypsies](#) Zoltan D. Barany, 2002 Includes statistics **Lifelong Learning and the Roma Minority in Central and Eastern Europe** Andrea

Óhidý,Katalin R. Forray,2019-09-30 This book discusses the current educational climate and the impact of these policy measures for Roma people in eight Central and Eastern European countries There is a severe lack of information about the Roma people in the public domain This book seeks to raise awareness of this forgotten minority Migration in the Czech Republic and Slovakia Wadim Strielkowski,2012-02-20 This book presents some novel empirical findings on the economics of migration in Eastern European countries represented by the Czech Republic and Slovakia Unique historical experience of these countries together with the in depth economic analysis of their past and the future might be of some interest to the world of science Not much has been said about this part of Europe in the context of migrations and economics of migrations Therefore it is believed that this work might trigger off further research that would draw from the rich history and experience of this part of the world *Music - Memory - Minorities: Between Archive and Activism* Zuzana Jurková,Veronika Seidlová,2020-12-01 What can music say about group specifics especially the specifics of ethnic minorities In this volume the focus is on one distinctive aspect of minority culture collective memory This is not an imprint of the past it arises as an image created from the motives of the past but shaped by the needs and interests of the present and various actors participate in its creation If the medium of remembrance is music a powerful medium which thanks to its polysemantic character makes it possible to connect the individual and the collective to represent communities and to rewrite group boundaries who are the actors and what images do they create The book Music Memory Minorities Between Archive and Activism focuses on the musical remembrance of Roma and Jews In addition to exploring individual cases the text presents and follows a remarkable arc that allows us to observe the role of music in the ethno emancipatory process of minorities Inward Looking Aleksandar G. Marinov,2019-10-03 At present Roma are an integral part of Europe though they face structural and social inequalities and different forms of exclusion and discrimination Inward Looking seeks to understand the relationship between Romani identity performance and migration Particularly it studies the idea of Romanipe through the prism of the personal accounts of Romani migrants It also seeks to understand the relationships between the Romani groups in Europe due to their increased travel and convergence and predict the effects of migration on new Romani consciousness The findings are based on qualitative data gathered from Romani migrants from three towns in Bulgaria **This Thing Called Music** Victoria Lindsay Levine,Philip V. Bohlman,2015-05-21 The most fundamental subject of music scholarship provides the common focus of this volume of essays music itself For the distinguished scholars from the field of musicology and related areas of the humanities and social sciences the search for music itself in its vastly complex and diverse forms throughout the world characterizes the lifetime of reflection and writing by Bruno Nettl the leading ethnomusicologist of the past generation This Thing Called Music Essays in Honor of Bruno Nettl salutes not only a great scholar and beloved teacher but also a thinker whose search for the meaning and ontology of music has exerted a global influence Editors Victoria Lindsay Levine and Philip V Bohlman have gathered essays that represent the many dimensions of musical meaning

addressing some of the most critically important areas of music scholarship today The social formations of musical communities play counterpoint to analytical studies investigations into musical change and survival connect ethnography to history offering a collection of essays that can serve as an invaluable resource for the intellectual history of ethnomusicology Each chapter explores music and its meanings in specific geographic areas North and South America Europe Asia and the Middle East crossing the boundaries of genre repertory and style to provide insight into the aesthetic zones of contact between and among the folk classical and popular musics of the world Readers from all disciplines of music scholarship will find in this collection a proper companion in an era of globalization when the connections that draw musicians and musical practices together are more sweeping than ever Chapters offer models for detailed analysis of specific musical practices while at the same time they make possible new methods of comparative study in the twenty first century together posing a challenge crucial to all musicians and scholars in search of this thing called music
