Evaluation For Continuing Education A Comprehensive Guide To Success

Anthony Selkirk, Maria Tichenor

Evaluation For Continuing Education A Comprehensive Guide To Success:

Evaluation for Continuing Education Alan B. Knox, 2002-10-02 Evaluation for Continuing Education provides the useful and practical tools necessary to ensure a successful program evaluation. The book presents systematic guidelines aimed at enhancing understanding of evaluation concepts and procedures and offers manageable ways to selectively include evaluation activities as an integral part of program planning, implementation, and justification. Author Alan Knox reveals that the key to successful evaluations that improve education programs for adults is a basic rationale for why and how. He helps readers select and develop their own rationale throughout the course of the book while suggesting fundamental evaluation concepts and procedures. He shows how to distinguish some program aspect upon which a specific evaluation project will focus, including needs assessment, goals and policies, staffing assessment, materials development, and more, and summarizes examples of evaluation reports that reflect the various types of providers and scales on which evaluations are conducted. Knox offers a particularly wide variety of these examples, enabling readers to reflect on implications for their own evaluations and fashion unique guidelines and procedures that fit their own situations.

Assessment, Evaluation, and Accountability in Adult Education Lilian H. Hill, 2023-07-03 This book is intended to help practitioners in adult education become better informed about assessment, evaluation, and accountability as these are critical functions of administering and running adult education programs. The book is for adult educators who have been asked to serve on assessment committees, produce detailed reports for funders, and accreditors, create a culture of assessment within their program and organization, and/or develop reports for accountability purposes. Section one presents an introductory overview of assessment and evaluation in adult education. Section two gives guidance on practices for specific areas of adult education practice, such as military education, human resource development, and continuing professional education. Section three provides assessment practices for adults in higher education, with chapters dedicated to distance learning, health professions education, and graduate education.

Improving Professional Learning Alan B. Knox, 2023-07-03 Given the tremendous importance of keeping up with the explosion of knowledge in professional fields from medicine and health to teaching in schools and colleges, getting the most out of every learning opportunity is vital to the growth and vitality of our society as well as to the development of professional practitioners themselves. In this concise practical guide to improving professional learning and performance, Alan Knox brings decades of experience and study to bear on 12 key tasks for the leader of professional learning activities. Illustrated with examples from a wide variety of learning settings across the helping professions, e.g., health care, teaching, social work, the chapters will provide essential guidance to instructors and facilitators seeking to improve learning activities and thereby enhance professional performance. The combination of evidence-based concepts and practical examples is designed to enable readers to improve the learning activities they lead and thereby enhance the performance of learners in their ongoing professional practice.

Encyclopedia of Terminology for Educational Communications and

Technology Rita C Richey, 2013-11-08 The Encyclopedia of Terminology for Educational Communications and Technology is a volume of scholarly definitions and short discussions of approximately 180 key terms of the field Each 200 500 word entry includes material such as the salient attributes of the term any alternative views and interpretations of the term and future trends The definition discussions are supported with relevant literature from educational communications and technology and related fields such as communications or educational psychology Individual signed entries are written by over 50 established scholars from throughout the field and throughout the world The terms included in the encyclopedia cover the many topics addressed by the field s practitioners and scholars They encompass six general categories of educational technology content foundational subjects instructional design technology and media analysis and evaluation management and organizational improvement and research and theory Return on Investment in Training and Performance Improvement Programs Jack J. Phillips, 2012-06-25 The second edition of this bestselling book Return on Investment in Training and Performance Improvement Programs guides you through a proven results based approach to calculating the Return on Investment in training and performance improvement programs Jack Phillips has composed user friendly ROI calculations plus ten post program data collection methods ten strategies for determining the amount of improvement that is directly linked to training programs ten techniques for converting both hard and soft data to monetary values Return on Investment in Training and Performance Improvement Programs Second Edition continues as a primary reference for learning how to utilize ROI to show the contribution of training education learning systems performance improvement and change initiatives throughout organizations The book also details implementation issues provides worksheets and pinpoints non monetary program benefits A case study takes the reader through the ROI process step by step Standards-Based and Responsive Evaluation Robert E. Stake, 2004 We can be grateful that Dr Stake decided to cap his distinguished career by sharing his ideas in writing This is a book that evaluators will want to have in their personal library It tells us a lot about our field highlights contrasting ways of evaluating without pitting one against the other and manages to remind us why many of us chose this line of work in the first place EVALUATION AND PROGRAM PLANNING Authored by a master writer and evaluator Standards Based and Responsive Evaluation explores the many conceptual choices an evaluator needs to make when doing an evaluation devoting attention to stakeholders weighing ethical risks and writing a useful report The book begins with the main strategic choices an evaluator needs to make between approaches quantitatively by explicating criteria needs standards and performances or qualitatively by studying the activity aspirations problems and accomplishments of the participants and critical observers After reading the text students will have a better appreciation of evaluation as a process that needs to be custom fit to the situation Throughout the book Stake presents evaluation as a series of choices for the reader To remain independent or to join with program staff or stakeholders To value personal experience as evidence or to shun it as biased To aid development formatively or to assess the existing program summatively To use issues goals gains efficiency or problem

solving as the key conceptual structure To invest small or large in trying out and validating data gathering procedures To support the standards and ethical codes of professional associations Standards Based and Responsive Evaluation will prove an essential text for program evaluation courses in education nursing social work psychology sociology communication and anthropology Experienced researchers and professional evaluators will also find this an invaluable reference for a more experiential interpretive approach to evaluation work and policy setting Key Features Provides readers with the tools they need to make choices while practicing evaluation Employs quotations poetry and cartoons to help the reader experience the concepts of evaluation Includes boxed examples from a variety of cases giving readers the opportunity to compare an actual evaluation situation with one in which they may be engaged Allows readers to access extensive examples of evaluation reports coding excerpts and more through a complementary Web site appendix **Resources in Education** ,2001
