Diffey, Ryan A. Brandt, Justin McLendon, 2024-12-04 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way **We Evangelicals and Our Mission** David J. Hesselgrave, Lianna Davis, 2020-09-17 Classical orthodoxy the Reformational understanding of the gospel and the Great Awakening beliefs and behaviors including missions missiology reflect what the evangelical movement and its mission should be if it is to have a future Evangelicals must work and pray together in resubmission of their ways of thinking and working to the Word and the ministry of the Holy Spirit They must recover the faith of the fathers and the mission of the revivalists Nothing less will rescue American missions from a marginal role Nothing less will reinvigorate historic doctrine and get missions back on the track to world evangelization [River of God](#) Douglas D. Priest Jr., Stephen E. Burris, 2012-04-19 River of God is an introduction to world missions aimed at undergraduate students However the readers will soon discover that the book is rich in its content far beyond the editors original plan It

serves as a reader for people with various levels of missiological interest and competence and deals with cutting edge issues in missions This book introduces a new paradigm Kingdom Missiology which builds on shalom in the Old Testament and as Jesus applied to the Kingdom of God in the New Testament The first half of the book looks at Kingdom Missiology from the biblical historical and cultural dimensions The second half of the book describes helpful strategies in the implementation of this paradigm The importance of urban ministry is woven throughout the book **Missionary Methods** Craig Ott,J.D. Payne,2013-06-15 One hundred years ago Roland Allen authored his landmark study Missionary Methods St Paul s or Ours The 2012 annual conference of the Evangelical Missiological Society celebrated this centennial by addressing this ever relevant topic The present volume brings to readers insights from that conference examining the theological foundations historical precedence and practical challenges regarding missionary methods Missiologists missionary practitioners and strategic leaders alike will benefit from these essays which give fresh perspective on methods for fulfilling the Great Commission in our day *Mission in the Way of Paul* Christopher R. Little,2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today Guiding Light Kevin George Hovey,2019-04-18 Rev Dr Alan Tippett was arguably one of the leading missiologists of the twentieth century Through his prolific pen poignant observations and powerful insights he significantly influenced mission research and activity in the period of the 1960s to 1980s This was particularly facilitated through his research writing and teaching at the Institute of Church Growth Fuller Theological Seminary School of World Mission and his inaugural editorship of the American Society of Missiology s journal Missiology An International Review Yet for those who did not know Tippett s material well the very specific nature of his research and writing limited the influence of his insights For example without already knowing the pertinent content why would a missionary to Thailand think of reading Tippett s Solomon Islands Christianity However according to Doug Priest editor of a number of Tippett s posthumous publications this volume has done what even Tippett himself did not do and that is to capture the key features of his missiology in one volume So Guiding Light functions as an in depth overview of The Essential Alan Tippett I can attest that the nature of Tippett s material continued to inform and inspire me throughout the eleven years of the research and writing of this study *Theology in the Context of World Christianity* Timothy C. Tennent,2009-05-26 Thinking more globally about the formation of theology enriches our understanding of what it means to be a Christian It s no secret that the center of Christianity has shifted from the West to the global South and East

While the truths of the Christian faith are universal different contexts and cultures illuminate new questions understandings and expressions What does this mean for theology as Western theologians understand it Timothy Tennent argues that the Christian faith is culturally and theologically translatable Theology in the Context of World Christianity is written to expand our ecclesiastical cartography by highlighting within each of the major themes of systematic theology studies that are engaging the global church such as Anthropology with studies drawn from the different views of human identity between Eastern and Western cultures Christology with a focus on the emphases that African Christians place on the characteristics of Christ Pneumatology by looking at the role of the Holy Spirit in Latin American Pentecostalism Eschatology by focusing on how this branch of theology shapes world missions and evangelism Each of the ten chapters examines traditional theological categories in conversation with theologians from across the globe making this volume valuable for students pastors missionaries and theologians alike Theological reflection is active and exciting in the majority world church and Tennent invites you to your own reflection and celebration of Christ s global church These are perspectives that should be heard considered and brought into conversation with Western theologians Global theology can make us aware of our own blind spots and biases and has much to offer toward the revitalization of Western Christianity *Invitation to World Missions* Timothy C. Tennent, 2010 A primary resource introducing missions for the passionate follower of Christ **Landmark Essays in Mission and World Christianity** Robert L. Gallagher, Paul Hertig, 2009 Gallagher and Hertig have collected a range of seminal articles and papers that offer students insight into thinking by the makers of modern mission and world Christian studies This is a priceless book for the classroom bringing between two covers the most important reflections on these issues in our age This marvelous book answers the prayers of teachers who have struggled for a generation with the problem of providing their students a resource that will offer an entre into the best thinking on the nature of mission and the emergence of world Christianity **A Time for Mission** Samuel Escobar, 2013-07-14 Christian mission in the twenty first century has become the responsibility of a global church The heart of mission is the drive to cross geographical cultural and social barriers in order to share the good news of Jesus Christ with all peoples Drawing on his involvement in missionary work over many years Samuel Escobar explores how the church spreads the Christian faith God s Word forms the foundation for his reflections while he uses insights from theological and historical studies as well as from the social sciences to gain a clearer understanding of the church s missionary calling His stimulating and challenging analysis contributes significantly to a global evangelical dialogue on mission today and in the future
