## **Evangelicals And Development Toward A Theology Of Social Change:**

*Evangelicals and Development* Ronald J. Sider, 1982      **The Christian Political Theology of Dr. John Henry Okullu**  
Jemima Atieno Oluoch, 2006      American Evangelicals and the 1960s Axel R. Schäfer, 2013-08-23 In the late 1970s the New Christian Right emerged as a formidable political force boldly announcing itself as a unified movement representing the views of a moral majority But that movement did not spring fully formed from its predecessors American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade Bringing together fresh research and innovative interpretations this book demonstrates that evangelicals actually participated in broader American developments during the long 1960s that the evangelical constituency was more diverse than often noted and that the notion of right wing evangelical politics as a backlash was a later creation serving the interests of both Republican conservative alliances and their critics Evangelicalism s involvement with rather than its reaction against the main social movements public policy initiatives and cultural transformations of the 1960s proved significant in its 1970s political ascendance Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history      *Theology in Turmoil* Alan P.F. Sell, 1998-05-13 In *Theology in Turmoil* Alan Sell examines the controversy between conservatives and liberals The perennially important question What is the Christian gospel was writes the author thrust to the fore in that debate between theological conservatives and liberals which was at its height between 1890 and 1930 and of which echoes may be heard to this day In this book I seek to trace the roots of this debate to outline its course and draw some lessons from it      **The Churches and the Development Debate** Ignatius Swart, 2006-05-01 This book newly addresses the question about the Christian churches participation in development The innovative element of this reflection is the way in which the author finds meaning and significance particularly in the concept of a fourth generation approach to strategic development engagement The book s essential argument is that a fourth generation strategy an approach that makes the contemporary social or people s movements the primary subjects of its development action and theory holds the greatest prospect for authentic participation by the Christian churches in development      *Bridging the Gaps* Tara Hefferan, Julie Adkins, Laurie A. Occhipinti, 2009-01-01 This edited collection provides an in depth study of faith based development organizations in Latin America and the Caribbean With both analytical rigor and ethnographic awareness the essays explore faith based organizations as a possible model for economic development      The ^ABusiness Turn in American Religious History Amanda Porterfield, Darren Grem, John Corrigan, 2017-07-19 Focusing on the interdependence of business and religious life in America this volume explores the business aspects of numerous religious organizations with attention to the financing production marketing and distribution of religious goods and services and to the role of wealth and economic organization in

worship charity philanthropy institutional growth and missionary work Treating religion and business holistically the essays show how business practices have continually informed American religious life and how business has operated as a vital domain of religious life that historians of religion often overlook

**Transforming Mission: Paradigm Shifts in Theology of Mission** David J. Bosch, 2011 David Bosch's *Transforming Mission* now available in over a dozen languages is widely recognized as an historic and magisterial contribution to the study of mission Examining the entire sweep of Christian tradition he shows how five paradigms have historically encapsulated the Christian understanding of mission and then outlines the characteristics of an emerging postmodern paradigm dialectically linking the transcendent and imminent dimensions of salvation In this new anniversary edition Darrel Guder and Martin Reppenhagen explore the impact of Bosch's work and the unfolding application of his seminal vision

*Good News and Good Works* Ronald J. Sider, 1999-03-01 Concerned to promote an authentic biblical faith this book suggests ways to combine evangelism with social action for effective witness in today's world

*Evangelism and Social Action* Ronald J. Sider, 1993

*God's Internationalists* David P. King, 2019-05-31 Over the past seventy years World Vision has grown from a small missionary agency to the largest Christian humanitarian organization in the world with 40 000 employees offices in nearly one hundred countries and an annual budget of over 2 billion While founder Bob Pierce was an evangelist with street smarts the most recent World Vision U S presidents move with ease between megachurches the boardrooms of Fortune 500 companies and the corridors of Capitol Hill Though the organization has remained decidedly Christian it has earned the reputation as an elite international nongovernmental organization managed efficiently by professional experts fluent in the language of both marketing and development *God's Internationalists* is the first comprehensive study of World Vision or any such religious humanitarian agency In chronicling the organization's transformation from 1950 to the present David P King approaches World Vision as a lens through which to explore shifts within post World War II American evangelicalism as well as the complexities of faith based humanitarianism Chronicling the evolution of World Vision's practices theology rhetoric and organizational structure King demonstrates how the organization rearticulated and retained its Christian identity even as it expanded beyond a narrow American evangelical subculture King's pairing of American evangelicals interactions abroad with their own evolving identity at home reframes the traditional narrative of modern American evangelicalism while also providing the historical context for the current explosion of evangelical interest in global social engagement By examining these patterns of change *God's Internationalists* offers a distinctive angle on the history of religious humanitarianism

**'Discerning the Obedience of Faith'** David Parker, 2018-05-10 The Theological Commission of the World Evangelical Alliance formerly World Evangelical Fellowship was established in 1974 but its origins go back to 1968 when the inspiration of Scripture was under intense discussion in a meeting of the WEF in Lausanne Switzerland This book tells the story of how at that meeting New Zealand missionary theologian Bruce J Nicholls then working in India gave a stimulating paper on theological issues involved in the growth of

Christian witness in Asia which resulted in the recognition of a need for organised efforts to promote theological reflection After a pilot program the TC was formed and went on to harness the best evangelical theological life around the world to develop higher standards of theological education provide direction on key issues through many conferences books and journals and to help the WEA present the evangelical voice on important platforms This volume marks forty years of activity and shows how the Theological Commission under its vision of discerning the obedience of faith makes a unique contribution to evangelical life and witness around the world

**EMPOWERED! Discovering Your Place in God's Story** Stuart Simpson, 2013-09-12 Surveys indicate that most Christians feel disempowered Wrong dualistic thinking which separates the whole of life into spiritual and secular and creates a division within the Church between those in full time ministry and those who are not has robbed many believers of the joy of knowing their life can make a difference The purpose of this book is to help give every Christian believer the realization that they have a special God given role and place in the fulfillment of God's Story and the Great Commission Our life story fits into God's bigger story HIStory Our mission and purpose in life fits within his global mission and purpose God is calling us today towards the consummation of his story and his mission This task is not just for church workers or overseas missionaries Whatever your vocation in life you have a destiny to fulfill and a unique contribution to make With practical tools and study questions

**Engage/social Action**, 1983 *The Church in Response to Human Need* Vinay Samuel, Chris Sugden, 2003-02-04 An important contribution to the ongoing discussion of the church's relationship to social development this book contains the revised conference proceedings from the consultation The Church in Response to Human Need held in Wheaton Illinois in June of 1983 In the papers collected here writers from five continents consider whether the Bible indicates any method for ministry among the poor the place of the poor in God's plan God's purpose and the movement of human history the nature of the gospel of the kingdom and the interrelation of the gospel and human culture In addition to the individual papers the book includes the statement Transformation which was produced by the consultation as a whole

The Good Work of Non-Christians, Empowerment, and the New Creation Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace

protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous **New Directions in Mission and Evangelization 2** James A. Scherer, 2015-03-24 Stott on the Christian Life Tim Chester, 2020-05-07 John Stott was a twentieth century pastor theologian widely hailed for his heart for missions and expository preaching Even today Stott's legacy continues to influence churches around the world As both a faithful preacher and a thoughtful writer Stott profoundly shaped evangelicalism's contemporary understanding of Christianity through an approach to the Christian life founded on the word shaped by the cross and characterized by the pursuit of Christlikeness in every area of life Tim Chester invites a new generation of readers to experience the Christian life as John Stott envisioned it not simply a theological puzzle to be solved but the daily practice of humble service and compassion found in the gospel of Jesus Christ
