Reveals the history of our struggle with alcoholism and the emergence of a search for sobriety that is as old as our nation In
Drunks Christopher Finan introduces us to a colorful cast of characters who were integral in America s moral journey to
understanding alcoholism There s the remarkable Iroquois leader named Handsome Lake a drunk who stopped drinking and
dedicated his life to helping his people achieve sobriety In the early nineteenth century the idealistic and energetic
Washingtonians a group of reformed alcoholics led the first national movement to save men like themselves After the Civil
War doctors began to recognize that chronic drunkenness is an illness and Dr Leslie Keeley invented a gold cure that was
dispensed at more than a hundred clinics around the country But most Americans rejected a scientific explanation of
alcoholism A century after the ignominious death of Charles Adams came Carrie Nation The wife of a drunk she destroyed
bars with a hatchet in her fury over what alcohol had done to her family Prohibition became the law of the land but nothing
could stop the drinking Finan also tells the dramatic story of Bill Wilson and Dr Bob Smith who helped each other stay sober
and then created AA which survived its tumultuous early years and finally proved that alcoholics could stay sober for a
lifetime This is narrative history at its best entertaining and authoritative an important portrait of one of America s great
liberation movements and essential reading for anyone involved in the addiction community [A Mile Square of Chicago](#)
