The Epworth Herald ,1896 The Scandal of Evangelism Elmer John Thiessen,2018-04-26 In today's multi cultural and multi religious world evangelism is often viewed as scandalous not only by those who are opposed to anything religious but also by many Christians In this book Elmer Thiessen provides a response to those who find most or even all Christian evangelism objectionable He does this through a careful analysis of what the Bible says about the ethics of evangelism Based on this inductive study mainly of the New Testament Thiessen proposes thirty guidelines for ethical evangelism Part II examines some specific contexts that pose unique challenges for doing evangelism ethically evangelism of children evangelism within a professional context like the secular academy evangelism within the context of humanitarian aid and finally the problem of proselytism understood in the special and narrow sense of sheep stealing

North-western Christian Advocate ,1919 **Constructing Mission History** Stanley H. Skreslet,2023-01-17 Three master narratives currently dominate the analysis of modern mission history One puts foreign missionaries at the heart of the story A second emphasizes the colonial aspect of modern missions Here missionaries are not heroes but villains who are implicated in hegemonic schemes of imperial domination Thirdly mission history is subordinated to one of its outcomes the advent of World Christianity In this master narrative the concept of contextualization looms large bolstered by Sanneh's notion of translatability and emphasis on the agency of non Westerners who participate in and subtly shape the complex social processes of evangelization While all three of these master narratives are insightful none of them adequately balances concern for missionary initiative and indigenous agency Borrowing from speech act theory Skreslet offers a new analytical approach to the modern roots of World Christianity that differentiates between what a speaker might intend to communicate and the effects of what has been said or actions taken both in the moment and over time Corresponding to the concepts of illocution and perlocution as these technical terms are used in speech act theory the book is structured in two main sections Initially the focus is on expressed missionary motives Part two engages a representative set of modern era mission performances involving many more actors than just the foreign evangelizers whose stated or implied intentions are emphasized in part one

A Tale of Two Churches UnChan Jung,2021-09-07 Though a majority of commentators have admitted or naturally assumed that there were many divergences amongst the Pauline churches many tend to concentrate on similarities more than dissimilarities contra John M G Barclay Craig de Vos Especially the previous scholarly treatments of divergences in the Pauline churches have shed little light on certain areas of study in particular the early Christians socio economic status The thesis therefore underlines the conspicuous differences between the Thessalonian and Corinthian congregations concerning their socio economic compositions social relationships and further social identities while extrapolating certain circles of causality between them through socio economic and social scientific criticism This study concludes Paul's teachings of grace community and ethics were manifested and modified in different communities in

different ways because of these different socio economic contexts **Christian Writers' Market Guide 2008** Sally E.
