Geisler,David Geisler,2009 Witnessing used to involve laying out the truth and guiding a person to understand and accept it But the awareness of basic Christian principles has changed and so have the needs of pre believers With a passion for people authors David and Norman Geisler share an engaging conversational approach to evangelism as they address What makes old models of witnessing ineffective in today s culture Why evangelism must start with relational pre evangelism How to ask questions listen attentively and understand what someone believes Ways to identify the real barriers to belief in order to build a bridge to truth How to keep dialogue going with different personality types This refreshing practical resource is ideal for churches and individuals Readers will discover how God uses their everyday encounters for great things when they switch from trying to witness effectively to effectively being a witness through communication and compassion **Conversational Evangelism** David Geisler,Norman Geisler,2014-10-01 Witnessing used to involve laying out the truth and guiding a person to understand and accept it But the awareness of basic Christian principles has changed and so have the needs of pre believers With a passion for people authors David and Norman Geisler share an engaging conversational approach to evangelism as they address What makes old models of witnessing ineffective in today s culture Why evangelism must start with relational pre evangelism How to ask questions listen attentively and understand what someone believes Ways to identify the real barriers to belief in order to build a bridge to truth How to keep dialogue going with different personality types This refreshing practical resource is ideal for churches and individuals Readers will discover how God uses their everyday encounters for great things when they switch from trying to witness effectively to effectively being a witness through communication and compassion *Telling the Story, Second Edition* Luis Palau,Tim Robnett,2023-07-26 Have you been called to tell the story Maybe you think you would like to serve God as a full time missionary or evangelist but you re not sure And if you are called how do you move forward Telling the Story answers those

Challenging the Church Monster Douglas J. Bixby,2007-09-01 The church monster according to Bixby is the personification of a wide variety of problems which have arisen in local churches as a result of the heightened levels of conflict and anxiety with which they are dealing His goal is to help pastors as well as laity to challenge the church monster by dealing with conflict and working through issues that are causing stagnation early dismissal of pastors and other discord that detracts from the mission and vision of the church Bixby invites churches as well as shows them how to be open to the genuine and exciting possibilities that emerge from two core principles downsizing and centralizing church government and developing a radical commitment to congregational decision making This means fewer meetings more ministry and less conflict more community He also offers fresh new ways for churches to function so that mission and ministry can once again become priorities and people can begin to feel their time and energy are being used for something other than adding fuel to the fire of conflict within the congregation

The Resurgent Church Mike McDaniel,2016-05-24 For the first time in centuries the Church no longer has a primary place in the cultural dialogue Christian leaders living off old assumptions are struggling while missional churches are discovering new ways to reinvent themselves arrest the general decline and become catalysts for new strategies for reaching non believers These new voices are following the lead of the early church shifting their focus to a missional model The Resurgent Church will help church leaders who are struggling to find and incorporate this new paradigm into their local church body

A Strategy For Reaching Secular People Ernan A. Norman, D. Min.,2007-05-11 Dr Ernan A Norman D Min has identified strategies to implement John 13 35 All people will know that you are my followers if you love each other An excellent source for the essential principles of discipleship in a postmodern world This book is written in nontechnical language based on the experiences as a student pastor and professor I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth Meeting people at their level putting their needs ahead of His own treating people with respect befriending the nonreligious and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people This book is an outstanding and important piece of work and easily readable I would urge *A Strategy for Reaching Secular People* on

members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people. Strategies that remove the barriers that keep people from hearing about God's love and to create a warm, friendly, uncritical and non-judgmental attitude of acceptance are clearly presented. Full of practical how-tos and watch-outs, this book by Ernan Norman is for individuals serious about sharing the love of God. As we interact with and minister to secular people, matters such as marriage and family, academics, employment, addictions, and human rights must be addressed. Norman clearly gives strategies for intentional efforts to reach secular, postmodern men and women in our day. The central concept is the example of Jesus that we should follow. A must-read. Weymouth Spence, Ed D, President of Washington Adventist University.

Saving Souls, Serving Society Heidi Rolland Unruh, Ronald J. Sider, 2005-10-06 Recent years have seen unprecedented attention to faith-based institutions as agents of social change, spurred in part by cuts in public funding for social services and accompanied by controversy about the separation of church and state. The debate over faith-based initiatives has highlighted a small but growing segment of churches committed to both saving souls and serving society. What distinguishes faith-based from secular activism? How do religious organizations express their religious identity in the context of social services? How do faith-based service providers interpret the connection between spiritual methodologies and socioeconomic outcomes? How does faith motivate and give meaning to social ministry? Drawing on case studies of fifteen Philadelphia area Protestant churches with active outreach, *Saving Souls, Serving Society* seeks to answer these and other pressing questions surrounding the religious dynamics of social ministry. While church-based programs often look similar to secular ones in terms of goods or services rendered, they may show significant differences in terms of motivations, desired outcomes, and interpretations of meaning. Church-based programs also differ from one another in terms of how they relate evangelism to their social outreach agenda. Heidi Rolland Unruh and Ronald J. Sider explore how churches navigate the tension between their spiritual mission and the constraints on evangelism in the context of social services. The authors examine the potential contribution of religious dynamics to social outcomes as well as the relationship between mission orientations and social capital. Unruh and Sider introduce a new vocabulary for describing the religious components and spiritual meanings embedded in social action and provide a typology of faith-based organizations and programs. Their analysis yields a framework for Protestant mission orientations that makes

room for the diverse ways that churches interrelate spiritual witness and social compassion Based on their observations the authors offer a constructive approach to church state partnerships and provide a far more objective understanding of faith based social services than previously available *A New Vision, a New Heart, a Renewed Call* David Claydon,2005

other technological advancements that help us achieve this comfort You will be surprised at how the every day comforts that we take for granted have sprouted and perpetuated this attitude on our churches This pursuit of comfort is driving our churches to make decisions based on attaining their own personal comfort rather than sacrificing that comfort for the sake of the Great Commission Comfortable Christianity exposes this attitude and the different ways that it shows itself in our churches Comfortable Christianity gives careful attention to what needs to be done in order to overcome this attitude and turn our churches into Great Commission centers of the Gospel
