Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God s Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners In *Preaching to a Postmodern World* Johnston shows pastors seminary students professors lay teachers and church leaders can reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God s truth The author s keen insights into contemporary pop and media culture also help equip speakers to address today s listeners with clarity and relevance **Preaching for Special Services** Scott M. the Old and New Testaments within several different genres but closer attention might be given to the genres of the parables of Jesus and the speeches in the book of Acts As a topic of preaching the parables can be understood as examples of allegory simile and or metaphor The speeches in Acts offer a picture window of a sort into the homiletical mindset of the apostles and other disciples as they proclaimed the gospel to the world as they knew it Preaching is a demand of the Bible and a specific task of those who are privileged to do it **Connections: A Lectionary Commentary for Preaching and Worship**

Cross Joni S. Sancken, 2016-04-21 It has never been easy to preach about the cross and resurrection of Jesus but difficulties

today are particularly challenging Hearers ask tough questions of the church and the Christian faith and they are not satisfied by formulaic answers People are often suspicious of doctrine and are attracted to a broad but vague or pluralistic spirituality rather than the classical claims of Christianity In this climate preachers often see preaching on the central events of the Christian story the crucifixion and resurrection as more of a problem than a possibility more of a burden than a joy They wonder not only how to preach the old old story of cross and resurrection but whether they should preach these themes at all This book addresses these concerns and shows preachers how to preach the cross and resurrection in fresh culturally relevant ways that deepen Christian discipleship Each chapter shows the relevance of preaching the cross for addressing a particular congregational concern What has ironically become a stumbling block in the pulpit the stone that preachers often reject preaching on the cross and resurrection of Jesus can serve as the cornerstone for building up the congregation for discipleship in our world **Preparing for Christian Ministry** David P. Gushee,Walter C. Jackson,1996-09-01

Encouragement for students to reflect on the nature and task of ministry in the 21st century and to seek education to equip them for ministry **Preaching** Jason C. Meyer,2013 The sermon is under attack This comprehensive biblical theology of preaching examines what it is how to do it and why it s so important exploring the concept s canonical development and relevance for key doctrines Applying the Sermon Daniel Overdorf,2009-08-28 Finally a tool to help Pastors shape applications that so many congregations have long desired Even the most seasoned homileticsians balk at sermon application Why Because application requires preachers to toss a grenade like thus saith the Lord into people s lives and to do so repeatedly From the introduction Despite the concern many pastors feel when it comes to sermon application most homiletics texts devote little more than a chapter if that to this vital topic Daniel Overdorf has filled this glaring gap with Applying the Sermon This book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations Each chapter includes snippets of interviews with five of today s most respected homileticsians Haddon Robinson Will Willimon Tom Long Vic Pentz and Bob Russell A great addition to any pastoral library and a valuable resource for Bible college and seminary courses Overdorf s Applying the Sermon also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands on experience with these techniques
