Beware of the Other Side(s) Heike Schwarz, 2014-03-15 This interdisciplinary study examines the still vivid phenomenon of the most controversial psychiatric diagnosis in the United States multiple personality disorder now called dissociative identity disorder This syndrome comprehends the occurrence of two or more distinct identities that take control of a person's behavior paired with an inexplicable memory loss Synthesizing the fields of psychiatry and the dynamics of the disorder with its influential representation in American fiction the study researches how psychiatry and fiction mutually shaped a mysterious syndrome and how this reciprocal process created a genre fiction of its own that persists until today in a very distinct self-referential mode

I Am Light-Love-Life! Michael Hunter, 2020-07-26 Did you know that God did not kill Adam and Eve Is death a natural and normal part of human existence Why does everything die Will there always be death What happens when we die Where do we go Is there life after death Will there be a Rapture for Christians Did you know that the teaching of Evolution is the third oldest lie in the whole world Which two lies are even older Is there intelligent alien life in outer space Is there a Devil Did you know that God is not the One who will destroy the Earth and humanity during the coming Great Tribulation Is Jesus Christ really coming back to Earth Will He come for a Bride before the Judgement Day Is He going to return to save mankind from self-annihilation Is it the end of the world I hope this book will be helpful both to those who are curious about God and also to those who are already Christian to help you be ready always to give an answer to every man that asks you a reason of the hope that is in you 2 Peter 3:15 KJV
