Even Greater Things Hope And Challenge After Vatican II:

Even Greater Things Bernard Michael Daly, Remi J. De Roo, Mae Daly, 1999 **Vatican II** Michael Attridge, Catherine E. Clifford, Gilles Routhier, 2011-05-21 Le deuxième concile du Vatican 1961-1965 fut l'un des événements religieux les plus importants du vingtième siècle Au Canada il coïncida avec une période de changements culturels et sociaux sans précédent entraînant chez les vaticanistes catholiques canadiens un réexamen de la place et de la mission de l'église dans le monde Pendant quatre ans les vaticanistes catholiques canadiens se réunirent avec leurs collègues de partout dans le monde pour réfléchir aux questions urgentes qui se posaient à l'église et en débattre Ce livre bilingue étudie l'interprétation et la réception de Vatican II au Canada analysant diverses questions dont le rôle des médias les réactions des autres chrétiens les contributions des participants canadiens l'impact du Concile sur la pratique religieuse et sa contribution à la progression du dialogue interreligieux The Church in the Making Richard R. Gaillardetz, 2006 Vatican II has become a place marker in the ecclesiastical and ideological geography of contemporary Catholicism Yet forty years later few who refer to the council and its teachings whether with approval or criticism demonstrate a solid grasp of those teachings Even fewer are aware of the important debates that have taken place in the past four decades regarding the council's authentic reception and implementation of its documents *A History of Canadian Catholics* Terence J. Fay, 2002 A history of the first 400 years of Catholic life in Canada *Arc*, 1999 **Quill & Quire**, 1999 **Egalitarianism and Local Liturgical Practice** Elizabeth Marie Harmatys Park, 2006 Sessions D'étude Canadian Catholic Historical Association, 1999 **Canadian Books in Print 2002** Marian Butler, 2002-02 *Western Oblate Studies*, 2000 Canadian Periodical Index, 2000 The Reception of Vatican II Matthew L. Lamb, Matthew Levering, 2017 A sequel to Vatican II Renewal within Tradition OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception *Archbishop Fulton J. Sheen* Cheryl D. Hughes, 2024-11-30 Venerable Fulton J Sheen was one of the greatest spiritual leaders and entertainers in America's tumultuous twentieth century His television shows for which he eventually won an Emmy Award reached millions of viewers and in the 1950s and 60s Fulton Sheen was a household name But his greatest gift was in finding lost sheep Through his thought wit and compassion many thousands of people likely entered the Church from all walks of life This in-depth work by historian Cheryl C D Hughes lets readers inhabit the postwar America where Bishop Fulton Sheen thrived in order to reveal what made him such a magnetic figure in his own era It peers into the complex lives of the celebrities and fallen stars who saw in the warm brilliant bishop a sign of God's grace and it offers a study in the inner dynamics of conversion *Canadian Books in Print*, 2003 *The Tablet*, 1875

Vatican II and Phenomenology J.F. Kobler, 2012-12-06 The thesis of this essay may be stated quite briefly Vatican II is a demonstration model of the phenomenological method employed on an international scale It exemplifies the final developmental stage postulated by Husserl of an inter subjective phenomenology which would take its point of departure not from individual subjectivity but from transcendental intersubjectivity Vatican II accordingly offers a unique application of a universal transcendental philosophy in the field of religious reflection for the practical purposes of moral and socio cultural renewal Phenomenology as a distinctively European development is relatively unknown in America at least in its pure form Our contact with this style of intuitive reflection is usually filtered through psychology or sociology However Edmund Husserl The Father of Phenomenology was originally trained in mathematics and he entered the field of philosophy because he recognized that the theoretical foundations of modern science were disintegrating He foresaw that unless this situation were rectified modern men would eventually slip into an attitude of absolute scepticism relativism and pragmatism After the First World War he saw this theoretical problem mirrored more and more in the social turbulence of Europe and his thoughts turned to the need for a renewal at all levels of life In 1937 when Nazism was triumphant in Germany and Europe on the brink of World War II he wrote his last major work The Crisis of European Sciences and Transcendental Philosophy Key Questions about Christian Faith John Goldingay, 2010-11 A biblical theologian explores what the Old Testament says about twenty five important questions of the Christian faith drawing practical sensible applications for today's church **Signs of Hope** Oyer, Gordon, 2021-10-20 Explores the thinking of the famous Trappist monk on topics of social concern peace race ecology through his correspondence with particular activists scholars and thinkers **Dictionnaire biographique des évêques catholiques du Canada** Jean LeBlanc, 2002 A People of Hope John L. Allen, Jr., Timothy M. Dolan, 2013-07-09 One of the world's most respected religion journalists profiles New York's Archbishop Timothy Dolan one of the country's and possibly the world's most important Catholic leaders through lengthy exclusive interviews Unique among the current leadership of the Catholic Church Archbishop Dolan shares his insightful perspective in this series of conversations on the present and future of Catholicism In these pages Dolan shares a perspective which is typically not part of the information an average person would know through today's media This omission often leaves outsiders with a terribly flawed grasp of what's actually happening in the Church Legitimate stories on for example abuse and Church authority can't be dissolved by reactive conspiracy theories about how the media is out to get the Catholic Church That said if these scandals are all there is to the Catholic Church why would anyone bother being Catholic It may not be surprising that there are an estimated 22 million ex Catholics out there yet it is revealing that even more people have chosen to remain with the Church Tens of millions of Americans and hundreds of millions more around the world still turn to the Church for inspiration for its sacramental life for its experience of community and service In every diocese in America you can find parishes that are flourishing The faith represented there is not an exaggerated religious frenzy that feeds an uncritical view of the Church

Catholics are nothing if not sober realists about the humanity of their institutions and leaders. They see the Church not as a debating society or a multinational enterprise but a family with all the flaws and dysfunction but also all the joy and life of families everywhere. This is why Archbishop Dolan is such an important part of the Church's emerging landscape. In *A People of Hope*, Dolan is seen at his best capturing an upbeat, hopeful, affirming Catholicism that's the untold story about the Church today. As readers spend time with Dolan here, they may find that his love for people and zest for friendship is what's truly fundamental about the man, not a PR device calculated to conceal some other agenda. Dolan can and does draw lines in the sand when he believes that core matters of Catholic identity are at stake. He's well aware that we live in a deeply secular world in the West in which powerful pressures, both subtle and overt, seek to blur the counter-cultural message of Catholicism on many fronts. One key to Dolan's character, however, is that changing hearts, not knocking heads, is always his first instinct. John Allen draws out a picture of future trends by exploring where Dolan wants to lead and how will a Church that increasingly bears his imprint look and feel. To understand this, what's really necessary is to get inside his head and then let him speak for himself. To that end, Allen frames questions in a way that allows Dolan to expand on the topic himself as much as possible. The result is a book more with Dolan than a book about him, which is indeed the best way to understand the man. At the end, one can agree or disagree with Dolan's outlook, but one may at least be better equipped to understand why thoughtful modern women and men might still believe there's something worth considering in the Catholic message. Whatever the future may have in store for Dolan, staying in New York until he dies, being called to Rome to work in a senior Vatican post, or something else entirely, he will be a force in the Catholic Church both nationally and internationally for some time to come, and it's well worth trying to discern what that might mean.
