Recovering 9/11 in New York Robert Fanuzzi, Michael Wolfe, 2014-04-23 This collection of essays offers a rich variety of approaches to how people and institutions in greater New York have sought to find meaning in the 9 11 attacks on the World Trade Center now a decade on The views and practices documented here join memory recovery and rebuilding together to form a vital new chapter in New York's metropolitan history Contributors contest the dominant nationalist narrative about 9 11 to generate a more local and socially engaged form of scholarship that connects directly with the experiences of people who lived or came to work in New York that fateful day and the years that followed In doing so these essays give academics and clinical professionals an opportunity to reflect upon and work with the people of a community in this case metropolitan New York as essential partners and even the main protagonists in creating new paradigms to capture the significance of these events and their aftermath The collection is comprised of sixteen essays by experts drawn from a wide range of scholarly and professional fields They investigate how people across the New York metropolitan region initially responded to and have since remembered the events of September 11th as they rippled out into the city the surrounding metropolitan region and the nation at large They engage directly with the emotional and psychological aftermath of the attacks approaching the questions of healing and teaching from a variety of institutional professional and non professional perspectives The volume concludes with a selection of essays that grapple with the challenge of Representing 9 11 Contributors to this section evaluate contemporary novels and films that have risked engagement with deep narrative traditions to translate the recent memory of public events into resonant stories and imaginative language Readers are invited to consider how all these responses in literature memorials media representations and the words and actions of diverse individuals still contribute to the complex yet inescapable challenge of making meaning of 9 11

9/11 in American Culture Norman K. Denzin, Yvonna S. Lincoln, 2003-01-29 In response to the events following September 11 2001 a number of leading cultural studies and interpretive qualitative researchers write from their own experiences and hearts These essays by noted scholars Kellner Fine McLaren Richardson Denzin Giroux and others were written in crisis within days and weeks of September 11 The immediacy of their writing is refreshing and reflects the varied emotional and critical responses that bring meaning to this event From the poetic to the personal the theoretical to the historical these contributions represent intelligent and reflective responses to crises This collection of essays allows the contributors to tell us how they made sense of these tragic events and predicts what the place of the humanities and the

social sciences might hold in an age of terror The articles were originally published in journals Qualitative Inquiry and Cultural Studies Critical Methodologies

The Scope of Understanding in Sociology (RLE Social Theory) Werner Pelz,2014-08-13 In their efforts to emulate the methodology which had proved so successful in the natural sciences the social sciences including sociology have not yet faced the question as to what constitutes understanding in their area with sufficient seriousness This book asks again what does understanding denote in an area where man tries to understand man where self understanding is involved where new understanding immediately becomes part of that which is to be understood What can we know and what is the use and limitation of knowledge in sociology When are we conscious that we know and understand Werner Pelz argues for a thorough reorientation in our

approach to sociological thinking and suggests that scientific preconceptions have often precluded possibly fruitful approaches to humane understanding He investigates the relations between various kinds of knowing and examines the new possibilities of understanding made available for example by psychoanalytical and phenomenological insights as well as by those of poets artists mystics He shows that in the social and humanistic sciences creative or constitutive contributions illuminate rather than demonstrate and that for this reason sociology has not yet found an appropriate method for conveying them without serious distortions

Renaissance Drama 31 Jeffrey Masten, Wendy Wall, 2002-07-24 Performing Affect Volume 31 of Renaissance Drama examines the rehearsal of emotion on the Renaissance stage These new essays consider the ways in which Renaissance plays represent emotional states while also presenting new scholarship specifically on the performance of affect on the early modern stage The essays thus consider the continuing effects of affect in early modern culture more broadly beyond the thrust stage asking the question what are the instrumental and performative effects of Renaissance drama in a larger conception of Renaissance emotions How do we reckon the effects of early modern drama and performance within a larger history of the emotive self A number of these essays significantly press at the borders of the customary terms we use to denote emotional states states for which the best early modern terms may well be affect and passions Topics include emotion and the humoral body domestic abuse and trauma the politics of onstage gesture the relation of idolatry desire and necrophilia the performance of such affective states as religious fervor memory jealousy melancholy and heroic masculinity Renaissance Drama an annual and interd
