The Elect Jim Corbett, Merry Corbett, 2010-04 The Elect the sequel to A White Stone is grounded in Matthew 24 24 For false Christs and false prophets will appear and perform great signs and miracles to deceive even the elect if that were possible It s probably the most intense book we have ever written and it will cause you to examine what you truly believe Follow the lives of Ben Fairchild Reefer McGee Gloria Manly and Tim Hanek as they navigate life on this earth following the rapture of the overcoming bride of Jesus Christ Survival takes on a whole new meaning when the corridors of the heavenlies are open to angelic and demonic activity that directly affects the lives of those remaining on earth As a small group of recent believers along with those who thought they had a life in Christ soon discover things are not the same as they once were They learn however that God still has a people to whom He can be merciful and through whom He can and will work Discover what it means to know God to really live for Him and be used of Him even in the most challenging times The Elect will take you to places that require answers and answer questions that may dwell in places of your heart as a believer

The Scottish Congregational Magazine ,1850 **Electrical World** ,1893 **Our Unfinished March** Eric Holder,Sam Koppelman,2023-06-06 A brutal bloody and at times hopeful history of the vote a primer on the opponents fighting to take it away and a playbook for how we can save our democracy before it s too late from the former U S Attorney General on the front lines of this fight Voting is our most important right as Americans the right that protects all the others as Lyndon Johnson famously said when he signed the Voting Rights Act but it s also the one most violently contested throughout U S history Since the gutting of the act in the landmark Shelby County v Holder case in 2013 many states have passed laws restricting the vote After the 2020 election President Trump s effort to overturn the vote has evolved into a slow motion coup with many Republicans launching an all out assault on our democracy The vote seems to be in unprecedented peril But the peril is not at all unprecedented America is a fragile democracy Eric Holder argues whose citizens have only had unfettered access to the ballot since the 1960s He takes readers through three dramatic stories of how the vote was won first by white men through violence and insurrection then by white women through protests and mass imprisonments and finally by African Americans in the face of lynchings and terrorism Next he dives into how the vote has been stripped away since Shelby a case in which Holder was one of the parties He ends with visionary chapters on how we can reverse this tide of voter suppression and become a true democracy where every voice is heard and every vote is counted Full of surprising history intensive analysis and actionable plans for the future this is a powerful primer on our most urgent political struggle from one of the country s leading advocates
