**Evening the Score** Jan Bell Groh,1991      Evening the Score Jan Bell Groh,1994-07 Despite the suffragist activities of the 1920s and the heightened pressures brought to bear on traditionally male only institutions in American society during the past three decades many vocations remain sanctuaries of male dominance One such area is the classical music world though as Jan Bell Groh asserts in *Evening the Score* inroads into this field have been made sometimes at great cost At the center of this work is a unique set of newsletters edited and published by Frederique Petrides one of America's first and most influential female conductors In Petride's time most women musicians were forced to ply their trade in all female orchestras through the thirty seven issues of *Women in Music* published from 1935 to 1940 the achievements of these musicians were championed and the prejudices misconceptions and deliberately discriminatory policies of many of their male counterparts were exposed and condemned *Evening the Score* is an ambitious endeavor that seeks not only to preserve these early documents and explain them within the context of the 1930s music industry but also to garner for Petrides the long overdue praise to which she is entitled It is at once a celebration and a source of inspiration      **Women in Music** Karin

Pendle,Melinda Boyd,2005-09-19 First published in 2006 Routledge is an imprint of Taylor Francis an Informa company

Women & Music Karin Pendle,2001-04-22 The second edition of the milestone work of history that focuses on female musicians through the ages College Music Symposium This updated expanded and reorganized edition of *Women and Music* features even more women composers performers and patrons even more musical contexts and an expanded view of women in music outside Europe and North America A popular university textbook *Women and Music* is enlightening for scholars a good source of programming ideas for performers and a pleasure for other music lovers      Cultivating Music in America Ralph P. Locke,Cyrrilla Barr,1997-01-01 The Victorian cup on my shelf a present from my mother reads Love the Giver Is it because the very word patronage implies the authority of the father that we have treated American women patrons and activists so unlovingly in the writing of our own history This pioneering collection of superb scholarship redresses that imbalance At the same time it brilliantly documents the interrelationship between various aspects of gender and the creation of our own culture Judith Tick author of *Ruth Crawford Seeger A Composer's Search for American Music* Together with the fine grained and energetic research I like the spirit of this book which is ambitious bold and generous minded *Cultivating Music in America* corrects long standing prejudices omissions and misunderstandings about the role of women in setting up the structures of America's musical life and even more far reaching it sheds light on the character of American musical life itself To read this book is to be brought to a fresh understanding of what is at stake when we discuss notions such as elitism democratic taste and the political and economic implications of art Richard Crawford author of *The American Musical Landscape* We all know we are indebted to royal patronage for the music of Mozart But who launched American talent The answer is women this book teaches us Music lovers will be grateful for these ten essays sound in scholarship that make a

strong case for the women philanthropists who ought to join Carnegie and Rockefeller as household words as sponsors of music Karen J Blair author of *The Torchbearers Women and Their Amateur Arts Associations in America* **American Orchestras in the Nineteenth Century** John Spitzer, 2024-05-31 Studies of concert life in nineteenth century America have generally been limited to large orchestras and the programs we are familiar with today But as this book reveals audiences of that era enjoyed far more diverse musical experiences than this focus would suggest To hear an orchestra people were more likely to head to a beer garden restaurant or summer resort than to a concert hall And what they heard weren't just symphonic works programs also included opera excerpts and arrangements instrumental showpieces comic numbers and medleys of patriotic tunes This book brings together musicologists and historians to investigate the many orchestras and programs that developed in nineteenth century America In addition to reflecting on the music that orchestras played and the socioeconomic aspects of building and maintaining orchestras the book considers a wide range of topics including audiences entrepreneurs concert arrangements tours and musicians unions The authors also show that the period saw a massive influx of immigrant performers the increasing ability of orchestras to travel across the nation and the rising influence of women as listeners patrons and players Painting a rich and detailed picture of nineteenth century concert life this collection will greatly broaden our understanding of America's musical history **Women Performing Music** Beth Abelson Macleod, 2000-12-15 This book explores the experiences of women from the late nineteenth and early twentieth centuries who pursued careers as public performers charting a new course in an era when women's musical activities were generally consigned to the parlor Certain instruments had historically evolved as appropriate for women and the flamboyant personalities and extroverted emotionalism of Romantic virtuosos and conductors were the antithesis of those qualities traditionally admired in women However this work presents an unusual group of young women who nonetheless became noted virtuosos studying abroad as teenagers and touring North America upon their return Detailed profiles are given of three remarkable musicians from among that unusual group Fannie Bloomfield Zeisler 1863 1927 virtuoso pianist wife and mother Ethel Leginska 1886 1970 pianist conductor and 1920s new woman and Antonia Brico 1902 1989 conductor and transitional figure to the late twentieth century A concluding chapter contrasts the experiences of women classical musicians in the late nineteenth and the late twentieth centuries Included are a number of photographs and drawings which impart the perceptions of audiences and critics of the stage presence of these performers *Women Music Educators in the United States* Sondra Wieland Howe, 2013-11-07 Although women have been teaching and performing music for centuries their stories are often missing from traditional accounts of the history of music education In *Women Music Educators in the United States A History* Sondra Wieland Howe provides a comprehensive narrative of women teaching music in the United States from colonial days until the end of the twentieth century Defining music education broadly to include home community and institutional settings Howe draws on sources from musicology the history of education and social history to offer a new perspective on the topic In

colonial America women sang in church choirs and taught their children at home In the first half of the nineteenth century women published hymns taught in academies and rural schoolhouses and held church positions After the Civil War women taught piano and voice went to college taught in public schools and became involved in national music organizations With the expansion of public schools in the first half of the twentieth century women supervised public school music programs published textbooks and served as officers of national organizations They taught in settlement houses and teacher training institutions developed music appreciation programs and organized women s symphony orchestras After World War II women continued their involvement in public school choral and instrumental music developed new methodologies conducted research and published in academia Howe s study traces this evolution in the roles played by women educators in the American music education system illuminating an area of research that has been ignored far too long *Women Music Educators in the United States A History* complements current histories of music education and supports undergraduate and graduate courses in the history of music music education American education and women s studies It will interest not only musicologists educational historians and scholars of women s studies but music educators teaching in public and private schools and independent music teachers Unsung Christine Ammer,2001 Examines the contributions of women instrumentalists composers teachers and conductors to American music and suggests why they have gone unnoticed in the past *The Cambridge Companion to Conducting* José Antonio Bowen,2003-11-20 In this wide ranging inside view of the history and practice of conducting analysis and advice comes directly from working conductors including Sir Charles Mackerras on opera Bramwell Tovey on being an Artistic Director Martyn Brabbins on modern music Leon Botstein on programming and Vance George on choral conducting and from those who work closely with conductors a leading violinist describes working as a soloist with Stokowski Ormandy and Barbirolli while Solti and Abbado s studio producer explains orchestral recording and one of the world s most powerful managers tells all The book includes advice on how to conduct different types of groups choral opera symphony early music and provides a substantial history of conducting as a study of national traditions It is an unusually honest book about a secretive industry and managers artistic directors soloists players and conductors openly discuss their different perspectives for the first time *The Relationship Between the Imbalance of Numbers of Women and Men College Band Conductors and the Various Issues that Influence the Career Aspirations of Women Instrumental Musicians* Cheryl Ann Jackson,1996 *Women and Music* Margaret Donelian Ericson,1996 In U K Eire contact Thompson Henry Limited London Road Sunningdale Berks SL5 England Tel 01344 24615 Fax 01344 26120

Notable American Women Susan Ware,2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the

woman's personal life with her professional achievements set in the context of larger historical developments

**Percussionists** Stephen L. Barnhart, 2000-03-30 Alphabetically arranged entries summarize the professional careers of over 500 percussionists from various musical venues. Due to the shrinking global village, ethnic percussion was rediscovered and incorporated into the concert hall. Since percussion transcends all musical styles, it often is featured center stage as a solo or ensemble in heterogeneous musical settings. These excerpts represent percussionists who spent the majority of their lives performing as collaborative or solo artists or working as inventors or manufacturers of percussion instruments. Where applicable, select discographies, bibliographies, and videographies accompany the entries. This detailed reference will appeal to professional percussionists, instructors, and percussion historians. Data has been compiled from numerous disparate sources, and entries are cross-referenced. Individual bibliographies include articles by or about the person, and a general bibliography lists broader reference works. Discographies and videographies reflect samples of an artist's work. Select photographs complement the text. *Feminist Studies*, 1991 *The Instrumentalist*, 1991 The Pandora Guide to Women Composers Sophie Fuller, 1994 In this ground-breaking reference book, Sophie Fuller provides accessible, original, and extensive information in an A to Z of over a hundred women composers from Britain and the United States, covering the period from 1629 right up to the contemporary scene. Each entry gives a flavour of the composer's milieu, as well as her music, to provide a fascinating insight into both her life and creative works. Fuller examines the reasons why women composers have been so neglected, reassesses their work in the light of recent scholarship, both musicological and biographical, and provides a critical frame of reference in which to place both the women and their music. Book cover **Bibliographic Guide to Music** New York Public Library, Music Division, 1992 **Legacy**, 1992 Information Sources in Music Lewis Foreman, 2003 From medieval chorales to light operetta to electronically generated musique concrète, this title offers meticulous coverage of musical composition and criticism, past and present.
