CHAURI CHAURA 1922-1992

SOME photographs of the ruined thana were taken by private persons after the massacre at Chauri Chaura in the Gorakhpur district of the United Provinces. These have been printed for private circulation among responsible persons. It is thought that the sight of these horrible pictures may make the public realise what are the dangers of exciting the latent ferocity of mobs of ignorant villagers who in this instance battered to death with lathis twenty-one policemen of their own kind and race.

Event Metaphor Memory Chauri Chaura 1922 199:

Event, Metaphor, Memory Shahid Amin, 1995-10-26 Taking Gandhi's statements about civil disobedience to heart in February 1922 residents from the villages around the north Indian market town of Chauri Chaura attacked the local police station, burned it to the ground, and murdered twenty-three constables. Appalled that his teachings were turned to violent ends, Gandhi called off his Noncooperation Movement and fasted to bring the people back to nonviolence. In the meantime, the British government denied that the riot reflected Indian resistance to its rule and tried the rioters as common criminals. These events have taken on great symbolic importance among Indians both in the immediate region and nationally. Amin examines the event itself but also more significantly he explores the ways it has been remembered, interpreted, and used as a metaphor for the Indian struggle for independence. The author, who was born fifteen miles from Chauri Chaura, brings to his study an empathetic knowledge of the region and a keen ear for the nuances of the culture and language of its people. In an ingenious negotiation between written and oral evidence, he combines brilliant archival work in the judicial records of the period with field interviews with local informants. In telling this intricate story of local memory and the making of official histories, Amin probes the silences and ambivalences that contribute to a nation's narrative. He extends his boundaries well beyond Chauri Chaura itself to explore the complex relationship between peasant politics and nationalist discourse and the interplay between memory and history. *Event, Metaphor, Memory*, 1995. [The Great Dispossession](#) Ildikó Bellér-Hann, Chris Hann, 2020 The Xinjiang Uyghur Autonomous Region of northwest China, where the authors of this book have worked since 1986, has become increasingly unstable in recent decades. The Uyghurs, the easternmost people of the Turkic-Islamic civilizational belt that stretches across Central Eurasia, the incorporation of this population into the Chinese nation-state has been fraught with difficulty. Central policies under socialism have fluctuated between generous encouragement of a distinct Uyghur identity and harsh repression justified with accusations of separatism and religious fundamentalism. Based on field research in the prefecture of Qumul in 2006-2009, this book explores how macro-level tensions are played out locally and regionally in the fields of actualized history and identity, social support and economic development, and the political regulation of socio-cultural life and religion. **Confluence of Thought** Bidyut Chakrabarty, 2013-08-15 *Confluence of Thought* is the first book to demonstrate the way in which Gandhi and King's socio-political ideas converge in terms of their origins, development, and application. [Language, Emotion, and Politics in South India](#) Lisa Mitchell, 2009 The charged emotional politics of language and identity in India. **Resisting the Rule of Law in Nineteenth-Century Ceylon** James S. Duncan, 2020-06-09 This book offers in-depth insights on the struggles implementing the rule of law in nineteenth-century Ceylon introduced into the colonies by the British as their greatest gift. The book argues that resistance can be understood as a form of negotiation to lessen oppressive colonial conditions and that the cumulative impact caused continual adjustments to the criminal justice system, weighing it down and distorting it. The tactical use of rule of law is explored within

the three bureaucracies the police the courts and the prisons Policing was often governed at a distance due to fiscal constraints and economic priorities and the enforcement of law was often delegated to underpaid Ceylonese Spaces of resistance opened up as Ceylon was largely left to manage its own affairs Villagers minor officials as well as senior British government officials alternately used or subverted the rule of law to achieve their own goals In the courts the imported system lacked political legitimacy and consequently the Ceylonese undermined it by embracing it with false cases and information in the interests of achieving justice as they saw it In the prisons administrators developed numerous biopolitical techniques and medical experiments in order to punish prisoners bodies to their absolute lawful limit This limit was one which prison officials prisoners and doctors negotiated continuously over the decades The book argues that the struggles around rule of law can best be understood not in terms of a dualism of bureaucrats versus the public but rather as a set of shifting alliances across permeable bureaucratic boundaries It offers innovative perspectives comparing the Ceylonese experiences to those of Britain and India and where appropriate to other European colonies This book will appeal to those interested in law history postcolonial studies cultural studies cultural and political geography

Mark and its Subalterns David Joy, 2014-12-18 This book offers a fresh appraisal of the identity and involvement of the subalterns in Mark arguing that the presence of the subalterns in Mark is a possible hermeneutical tool for re reading the Bible in a postcolonial context like India Part I paves the way for a creative discussion on Mark and its interpreters in the rest of the study by looking at the issue of the spread of Christianity and missionary attempts at biblical interpretations that did not take the life of the natives into account Many insights from the postcolonial situation can be found in the contextual interpretations such as liberation feminist postcolonial feminist and subaltern Part II considers colonial rule in Palestine and examines some Markan texts showing the potential role of the subalterns It is argued that due to colonial rule the native people suffered in terms of their identity religion and culture There was conflict between Galilee and Jerusalem mainly on religious issues and the victims of domination were the poor peasants and the artisans in Galilee A dialogue and interaction with the Markan milieu was possible in the research and so the marginal and subaltern groups were effectively understood by exegeting Mark 10 17 31 7 24 30 and 5 1 20 and showing the postcolonial issues such as the poor and their representation gender race hybridity class nationalism and purity respectively The subalterns were mainly associated with movements of resistance in Palestine The Markan proclamation of solidarity with those subalterns is significant The general conclusion presents the implications of this interpretation for a hermeneutical paradigm for a postcolonial context
