KongDaoRen,2019-12-03 A bastard son of a marquis who had become a slave had encountered a girl that claimed to be a blood robed emperor From this moment onwards he had been tasked with the task of opening the heavens and becoming the ruler of the empire **We are at Home** Bruce White,Bruce M. White,2008-02 In this collection of more than 200 stunning

and storied photographs ranging from daguerreotypes to studio portraits to snapshots historian Bruce White explores historical images taken of Ojibwe people through 1950 and considers the negotiation that went on between the photographers and the photographed and what power the latter wielded Ultimately this book tells more about the people in the pictures what they were doing on a particular day how they came to be photographed how they made use of costumes and props than about the photographers who documented and in some cases doctored views of Ojibwe life The

Passionate Heart Dame Mary Cameron Gilmore,Mary Gilmore,1918 **Selected Works on China** Various Authors, Let me state at the outset that I know no Chinese My duty in Mrs Ayscough s and my joint collaboration has been to turn her literal translations into poems as near to the spirit of the originals as it was in my power to do It has been a long and arduous task but one which has amply repaid every hour spent upon it To be suddenly introduced to a new and magnificent literature not through the medium of the usual more or less accurate translation but directly as one might burrow it out for one s self with the aid of a dictionary is an exciting and inspiring thing The method we adopted made this possible as I shall attempt to show The study of Chinese is so difficult that it is a life work in itself so is the study of poetry A sinologue has no time to learn how to write poetry a poet has no time to learn how to read Chinese Since neither of us pretended to any knowledge of the other s craft our association has been a continually augmenting pleasure I was lucky indeed to approach Chinese poetry through such a medium The translations I had previously read had given me nothing Mrs Ayscough has been to me the pathway to a new world No one could be a more sympathetic go between for a poet and his translator and Mrs Ayscough was well fitted for her task She was born in Shanghai Her father who was engaged in business there was a Canadian and her mother an American She lived in China until she was eleven when her parents returned to America in order that their children might finish their education in this country It was then that I met her so that our friendship is no new thing but has persisted in spite of distance for more than thirty years to ripen in the end into a partnership which is its culmination Returning to China

in her early twenties she became engaged to an Englishman connected with a large British importing house in Shanghai and on her marriage which took place almost immediately went back to China where she has lived ever since A diligent student of Chinese life and manners she soon took up the difficult study of literary Chinese and also accepted the position of honorary librarian of the library of the North China Branch of the Royal Asiatic Society Of late years she has delivered a number of lectures on Chinese subjects in China Japan America and Canada and has also found time to write various pamphlets on Chinese literature and customs In the Autumn of 1917 Mrs Ayscough arrived in America on one of her periodic visits to this country She brought with her a large collection of Chinese paintings for exhibition and among these paintings were a number of examples of the Written Pictures Of these she had made some rough translations which she intended to use to illustrate her lectures She brought them to me with a request that I put them into poetic shape I was fascinated by the poems and as we talked them over we realized that here was a field in which we should like to work When she returned to China it was agreed that we should make a volume of translations from the classic Chinese writers Such translations were in the line of her usual work and I was anxious to read the Chinese poets as nearly in the original as it was possible for me to do At first we hardly considered publication Mrs Ayscough lives in Shanghai and I in Boston and the war time mails were anything but expeditious but an enthusiastic publisher kept constantly before us our ultimate if remote goal Four years have passed and after many unavoidable delays the book is finished We have not done it all by correspondence Mrs Ayscough has come back to America several times during its preparation but whether together or apart the plan on which we have worked has always been the same Very early in our studies we realized that the component parts of the Chinese written character counted for more in the composition of poetry than has generally been recognized that the poet chose one character rather than another which meant practically the same thing because of the descriptive allusion in the make up of that particular character that the poem was enriched precisely through this undercurrent of meaning in the structure of its characters But not always and here was the difficulty Usually the character must be taken merely as the word it had been created to mean It was a nice distinction when to allow one's self the use of these character undercurrents and when to leave them out of count entirely But I would not have my readers suppose that I have changed or exaggerated the Chinese text Such has not been the case The analysis of characters has been employed very rarely and only when the text seemed to lean on the allusion for an added vividness or zest In only one case in the book have I permitted myself to use an adjective not inherent in the character with which I was dealing and in that case the connotation was in the word itself being descriptive of an architectural structure for which we have no equivalent except in the Written Pictures where as Mrs Ayscough has stated in her Introduction we allowed ourselves a somewhat freer treatment It has been necessary of course to acquire some knowledge of the laws of Chinese versification But equally of course these rules could only serve to bring me into closer relations with the poems and the technical limits of the various forms It was totally impossible to follow either the rhythms or the rhyme schemes of the

originals All that could be done was to let the English words fall into their natural rhythm and not attempt to handicap the exact word by introducing rhyme at all This is the method I followed in my translations of French poems in my book Six French Poets I hold that it is more important to reproduce the perfume of a poem than its metrical form and no translation can possibly reproduce both **The African** Dugald Moore,1830 *Genghis Khan and the Mongol Horde* Harold Lamb,2024-05-22T00:00:00Z *Genghis Khan and the Mongol Horde* is a book by Harold Lamb about the rise of one of the greatest empires in history It is a well written book with plenty of details It is also informative and covers the subject well Genghis Khan was one of the most successful rulers in history His empire stretched from the Pacific Coast of China to Russia and the Middle East Yet he started as a humble nomad moving from place to place in the icy steppe *Genghis Khan and the Mongol Horde* covers all the fine points of the ruler s reign It names all of his top advisers and his worst enemies It gives details of military tactics and even the clothing of the period It taught me new things about Asia and increased my knowledge of Genghis Khan This book is a nonfiction book that is written like a novel The writing is smooth well put together and engaging It helps you imagine what life was like in the Mongol era *Into the Willows* Devin Burke,2013-03-08 Th is book is a collection of poems that I wrote over the course of my childhood There is no theme or focus but simply an assortment of different thoughts and emotions Many of the poems refl ect the meaning of nature and life as I viewed them happening around me Some writings are about me and my inner feelings while others take up the perspectives of others *A Collection of Psalms and Hymns, for the Use of St. Mary's, St. Giles's and Trinity Churches, Reading. Architecture, Ritual and Cosmology in China Xuemei Li, 2023-05-31 Drawing on the author's extensive fieldwork in the Dong areas in southwest China this book presents a detailed picture of the Dong's buildings and techniques with new insights into the Dong's cosmology and rituals of everyday life meshed with the architecture and the symbolic meanings. It examines how the buildings and techniques of the Dong are ordered and influenced by the local culture and context. The timber bridges and drum towers are the Dong's most prominent architectural monuments. Usually built elaborately with multiple roofs these bridges and drum towers were designed and maintained by the local carpenters who also built the village suspended houses in an oral tradition carried down from father to son or to apprentice. They were funded entirely by the local people and the bridges tend to be built in places without great pressure of traffic or another bridge already existing close by. Why does such great expense go into the Dong's buildings with elaboration? How were they built? And what do they mean to their users and builders? This book is an anthropological study on the Dong's architecture and technique and it aims to contribute a discourse on the interdisciplinary research area. It is suitable for graduate and postgraduate readers.

Harriet Quimby Leslie Kerr, 2016-01-28 One of the first women to fly Harriet Quimby paved the way for Amelia Earhart. A Victorian era woman who challenged the mores of her time Quimby was a pioneer in photojournalism, script writing and fashion design.

Disarming Manhood David A. J. Richards, 2005 Masculine codes of honor and dominance often are expressed in acts of violence including war and terrorism. In *Disarming Manhood: Roots of Ethical Resistance* David A. J. Richards examines the lives of five famous men: great leaders and crusaders who actively resisted violence and presented more humane alternatives to further their causes. Richards argues that William Lloyd Garrison, Leo Tolstoy, Mohandas Gandhi, Winston Churchill, and Martin Luther King Jr. shared a psychology whose nonviolent roots were deeply influenced by a loving, maternalistic ethos. Drawing upon psychology, history, political theory, and literature, Richards traces a connection between these leaders and the maternal figures who profoundly shaped their responses to conflict, often on the basis of an original interpretation of the teachings of Jesus of Nazareth. The voice of nonviolent masculinity has empowered ethical transformations including civil disobedience in South Africa, India, and the United States. *Disarming Manhood* demonstrates that as Garrison, Tolstoy, Gandhi, Churchill, and King carried out their various missions, they were galvanized by teachings whose ethical foundations rejected unjust violence. Accessibly written and free of jargon, *Disarming Manhood* will interest a wide audience as it furthers the understanding of human nature itself and contributes to the fields of developmental psychology and feminist scholarship.

Trace Lauret Savoy, 2016-09-13 With a New Preface by the Author Through personal journeys and historical inquiry this PEN Literary Award finalist explores how America's still unfolding history and ideas of race have marked its people and the land. Sand and stone are Earth's fragmented memory. Each of us too is a landscape inscribed by memory and loss. One life-defining lesson Lauret Savoy learned as a young girl was this: the American land did

not hate As an educator and Earth historian she has tracked the continent's past from the relics of deep time but the paths of ancestors toward her paths of free and enslaved Africans colonists from Europe and peoples indigenous to this land lie largely eroded and lost A provocative and powerful mosaic that ranges across a continent and across time from twisted terrain within the San Andreas Fault zone to a South Carolina plantation from national parks to burial grounds from Indian Territory and the U S Mexico Border to the U S capital Trace grapples with a searing national history to reveal the often unvoiced presence of the past In distinctive and illuminating prose that is attentive to the rhythms of language and landscapes she weaves together human stories of migration silence and displacement as epic as the continent they survey with uplifted mountains braided streams and eroded canyons Gifted with this manifold vision and graced by a scientific and lyrical diligence she delves through fragmented histories natural personal cultural to find shadowy outlines of other stories of place in America Every landscape is an accumulation reads one epigraph Life must be lived amidst that which was made before Courageously and masterfully Lauret Savoy does so in this beautiful book she lives there making sense of this land and its troubled past reconciling what it means to inhabit terrains of memory and to be one
