## **Every Mistake In The:**

With Every Mistake Gwynne Dyer, 2010-07-16 This essential collection contains the best of Gwynne Dyer's writing on the post September 11 world. Since 1973, writer, historian, and filmmaker Gwynne Dyer has written a widely syndicated newspaper column on international affairs regularly published in 45 countries. With Every Mistake is not only a collection of the very best of Dyer's recent work but an examination of how time and again the media skews fact and opinion, wielding formidable influence on how we all shape our own thoughts. And why is so much of the information wrong? Is it herd instinct, official manipulation, robber baron owners with ideological obsessions, or just the conflict between the inherently bitty short-term nature of news reporting and analysis and the longer perspectives needed to understand what is actually going on? How much misinformation stems from simple ignorance and laziness? With Every Mistake combines an examination of how powerful owners mould the agendas of the press with a self-critique of Dyer's own columns from the three and a half years between 9/11 and the January 2005 election in Iraq. How hard is it to get things right, and why do so many people in the media get things wrong?

*The Southeastern Reporter*, 1911 **Cases and Materials on the Law of Restitution** Andrew S. Burrows, Ewan

McKendrick, James Edelman, 2007 Cases and Materials on the Law of Restitution is an authoritative and scholarly guide written by leading experts who have shaped and defined the law of restitution and unjust enrichment. Extensive coverage of cases and academic perspectives provides a rounded view of the subject. Introductions, notes, and questions enable readers to check their understanding of key issues. The second edition of this seminal title covers many important new cases and

academic publications including Birk's absence of basis approach. The coverage reflects the continuing debates on questions such as: BL what is an enrichment? BL was the enrichment at the claimant's expense? BL what is the role of tracing? BL when will proprietary restitution be granted? BL when does change of position operate as a defence? BL and does corrective justice underpin this area of the law? The book's structure has been updated to reflect the judicial development of the law of restitution, providing a map through this complex subject. This book is invaluable for undergraduate, postgraduate and doctoral students as well as academics working in the area.
