## **Everybodys Business 1982 Update:**

*Everybody's Business* Milton Moskowitz, Michael Katz, Robert Levering, 1981-01-01      Good Money Ritchie P. Lowry, 1993 A great book An easy to understand vision of how people and businesses can make money and a wonderful world at the same time Ben Cohen CEO Ben Jerry's Homemade Inc      Everybody's Business Jon Miller, 2013-10-10 Sometimes it seems as if business exists purely to enrich a small elite While the world is facing unprecedented challenges it appears that businesses are only interested in making profits or paying bonuses Big businesses are powerful machines We all know they have the potential to cause enormous social and environmental harm but with their resources and expertise they can also be great engines of positive change Rather than fighting the power of business should we be seeking to harness it Everybody's Business is a journey through the business world We meet the companies that are driving business forward by mobilising to tackle the challenges we all face At its heart this is a story of businesses doing what they do best delivering products and services that people need creating jobs and finding new ways to solve old problems It's a story of people taking the initiative and finding inspiration in the positive impact of their actions We see how some of today's leading companies are realising that lasting success comes from having a purpose broader than making a profit They know that business should benefit customers employees suppliers neighbours and the wider world as well as shareholders Enduring value comes from making business work for everybody      **Core Collection** Baker Library, 1984      Reference Sources Eleanor A. Swidan, Enoch Pratt Free Library, 1988      **The Publishers' Trade List Annual**, 1984      **Handbook of Business Information** Diane Wheeler Strauss, 1988      **Contemporary Authors** Terrie M. Rooney, 1997-12 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R      *Sources of Information in the Social Sciences* William H. Webb, Alan R. Beals, 1986 Annotated bibliography and bibliography of bibliographies of general and reference material in the social sciences covering history economics sociology social and cultural anthropology psychology education and political science      **Everyone's Business** Amit Ron, Abraham A. Singer, 2024-12-06 Business is political What are the ethics of it Businesses are political actors They not only fund political campaigns take stances on social issues and wave the flags of identity groups they also affect politics in their everyday hiring and investment decisions As a highly polarized public demands political alignment from the powerful businesses they deal with what's a company to do Amit Ron and Abraham Singer show that the unavoidably political role of companies in modern life is both the fundamental problem and inescapable fact of business ethics corporate power makes business ethics necessary and business ethics must strive to mitigate corporate power Because of its economic and social influence Ron and Singer forcefully argue that modern business's primary social responsibility is to democracy Businesses must work to avoid wielding their power in ways that undermine key democratic practices like elections public debate and social movements Pragmatic and urgent Everyone's Business offers an essential new framework for how we pursue profit and democracy in our increasingly divided world

The Management Implications of New Information Technology Nigel F. Piercy, 2018-04-09 This book originally published in 1984 established the need for a strategic managerial response to the new technology which relies on an understanding of the real effects of technology on organisational structure management style and employee relations It assesses the impact of the new information technology on manufacturing systems employment levels and types industrial relations and finally on marketing and external relationships

Fifty Years of Family Planning in the Democratic Republic of the Congo Jane T. Bertrand, 2024-05-16 This book chronicles five decades of struggle to introduce family planning into one of the largest most complex countries in sub Saharan Africa the Democratic Republic of the Congo DRC Interweaving details of major political social and economic events into the history of family planning in DRC formerly Za re the book analyses the achievements and setbacks of five decades of programmatic work President Mobutu s 1972 discourse on Naissances D sirables desirable births opened the door to organized family planning programs which gained considerable momentum in the 1980s despite societal norms favoring large families Two pillages and armed conflict paralyzed development work during the decade of the 1990s and family planning was one of multiple public health programs that struggled to regain lost ground in the 2000s With new donor funding and implementing agencies the 2010s witnessed rapid programmatic expansion and improved strategies By 2018 family planning was operating as a well oiled machine But progress is fragile The book ends by tracing the deleterious effects of the colonial period to contemporary programming and individual contraceptive use It asks hard questions about donor financing And it details the six conditions needed to accelerate family planning progress in the DRC in pursuit of providing millions of Congolese women and men with the means of controlling their own fertility The book will be of interest to development and public health researchers and practitioners as well as to historians of the Democratic Republic of the Congo The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non CC BY 4 0 license

**Lean Construction** Luis Alarcón, 1997-01-01 The application of a new production philosophy leading to lean production using less space less human effort less product development time etc is expected to change almost every industry and bring about radical changes in the organization of work This text examines this process
