Lindsey, 1904 **The History of the French Revolution and Napoleonic Wars: 1789-1815** Charles Downer Hazen, 2019-06-03 The modern era has unfolded in the shadow of the French Revolution Almost all future revolutionary movements looked back to the Revolution as their predecessor Its central phrases and cultural symbols such as La Marseillaise and Libert fraternit galit ou la mort became the clarion call for other major upheavals in modern history including the Russian Revolution over a century later The values and institutions of the Revolution dominate French politics to this day The Revolution resulted in the suppression of the feudal system emancipation of the individual a greater division of landed property abolition of the privileges of noble birth and nominal establishment of equality among men The French Revolution differed from other revolutions in being not only national for it intended to benefit all humanity Contents Old Regime in Europe The Old Regime in France Beginnings of the Revolution The Making of the Constitution The Legislative Assembly The Convention The Directory The Consulate The Early Years of the Empire The Empire at Its Height The Decline and Fall of Napoleon **Revolutionary Europe** H. Morse Stephens, 2015-06-02 Excerpt from *Revolutionary Europe 1789 1815* In this volume I have endeavoured to write a history of Europe during an important period of transition I have reduced military details to the smallest possible limits and have preferred to mention rather than to describe battles and campaigns in order to have more space to devote to such questions as the Belgian revolution of 1789 the reorganisation of Prussia in 1806 12 and the Congress of Vienna I have throughout tried to describe the French Revolution in its influence on Europe and Napoleon s career as a great reformer rather than as a great conqueror The inner meaning of the period and its general results I have sketched in a short introductory chapter on which the rest of the volume is really a detailed historical commentary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the

Lindsey,1904 A Brief History of Europe Lucius Hudson Holt,2015-06-02 Excerpt from A Brief History of Europe From 1789 to 1815 This history has been written in the endeavor to present in brief compass the story of the French Revolution and the Napoleonic period in proper perspective against the background of general European conditions In the account of the Revolution the authors have attempted to give a fair and impartial estimate of causes and incidents and to show the reaction of the other states of Europe against events in France In the account of the Napoleonic period they have tried so far as space permitted to keep before the reader the general European conditions as these affected and as they were affected by the policies of the great Emperor A feature of special importance is the unusually complete presentation of the more important military operations of the period Without going into technical details the authors have striven to give an accurate and readable account of the strategy and maneuvers by which the campaigns were won or lost In the division of work the authors have followed respectively the lines laid down in their previous book European History 1862 1914 The Professor of English and History has undertaken the outline of the political history the Assistant Professor that of the military campaigns The authors gratefully acknowledge the assistance rendered by Captain William Kelly Harrison Jr in drawing the maps for use in the study of the campaigns and by Major Charles A King Jr in reading the book in manuscript and offering many valuable suggestions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
