Economic Review of the Soviet Union ,1929 **Youth and Memory in Europe** Félix Krawatzek,Nina Friess,2022-06-06 This volume contends that young individuals across Europe relate to their country s history in complex and often ambivalent ways It pays attention to how both formal education and broader culture communicate ideas about the past and how young people respond to these ideas The studies collected in this volume show that such ideas about the past are central to the formation of the group identities of nations social movements or religious groups Young people express received historical narratives in new potentially subversive ways As young people tend to be more mobile and ready to interrogate their own roots than later generations they selectively privilege certain aspects of their identities and their identification with their family or nation while neglecting others This collection aims to correct the popular misperception that young people are indifferent towards history and prove instead that historical narratives are constitutive to their individual identities and their sense of belonging to something broader than themselves

Department of State,1969 **Japan's Evolving Foreign Policy Doctrine** Bert Edström,2025-01-31 During half a century after the war Japan s economy was built up from scratch to the world s number two while its foreign policy has been described by many as passive and even verging on being non existent As a contrast this book evinces how the foundations of Japan s foreign policy were laid in the early postwar period and how postwar policies have been characterized by pervasive continuity guided by distinct national goals and expressed in clear cut national role conceptions The far reaching changes after the end of the Cold War transformed Japan s domestic political system Consequently the analyses for 1946 93 covered in the first edition and 1993 2020 added in the current edition are structured differently In the former each prime minister gets a chapter except for the initial period 1946 54 when three premiers figure while the prime ministers for 1993 2020 are treated as members of triads except the long reigning Koizumi Junichir and Abe Shinz
