## **European Witness:**

**EU Standards in Witness Protection and Collaboration with Justice** Gert Vermeulen, 2005 This book presents the results of a study conducted for the European Commission aimed at preparing legislative European initiative in the areas of both procedural and non procedural witness protection and collaboration with justice Already the March 2000 Strategy for the beginning of the new millennium on the prevention and control of organised crime had called for such initiative The book EU standards on witness protection and collaboration with justice contains well balanced proposals for three new framework decisions regarding respectively anonymous witnesses collaborators with justice and protected witnesses This book is essential reading for policy makers judica and law enforcement authorities throughout the European Union or from a broader international context It will be appealing also to researchers and anyone involved or taking an interest in witness or victim protection and or combating cross border crime at European or international level *The Right to Confrontation in Europe* Stefano Maffei, 2012 Investigates the theory and practice of the Right to Confrontation and the right of an accused person to examine witnesses against him This book tackles the question of what values and interests should allow incursions into this fundamental right A conceptual analysis is developed in order to define the concept of testimonial evidence

**Jehovah's Witnesses in Europe** Gerhard Besier, Katarzyna Stokłosa, 2021-08-18 The history of Jehovah's Witnesses in Europe has always been one of persecution This third volume documents this history turning eastward For the first time the circumstances of a religious minority under different political systems can be compared across the continent The studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of Jehovah's Witnesses and their various experiences under Eastern European dictatorships The initially cordial relationship with Jehovah's Witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in Russia's renewed ban of Jehovah's Witnesses in 2017 and the confiscation of their properties By violating the universal human right of religious freedom the same conditions that prevailed in the Soviet era have now returned to modern Russia With severest discrimination and abusing jurisdictional procedures to reach their political aspirations the State tries to crush a religious community Against this background it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it **European Rules of Civil Procedure**

Astrid Stadler, Vincent Smith, Fernando Gascón Inchausti, 2023-11-03 European Rules of Civil Procedure sets out a clear examination of the rules adopted by UNDRIT and the European Law Institute in 2020 Presented within a systematic structure to aid enhanced academic understanding it precisely showcases the substantial comparative knowledge of its authors **8th International Colloquy on the European Convention on Human Rights** Council of Europe.
