European Financial Reporting Adapting To A Changing World:

European Financial Reporting J. Flower, 2016-01-23 *European Financial Reporting* analyses the revolution that is currently taking place in the financial reporting of the major European companies following the European Union's decision that from now they must present their accounts according to the IASB's standards. The book covers both the theory of financial reporting and its practice at both national and international level. It covers the very latest developments in the EU and the IASB with a detailed analysis of the impact of the Enron scandal. *International Financial Reporting Standards* Greg F. Burton, Eva K. Jermakowicz, 2015-02-20 *International Financial Reporting Standards: A Framework based Perspective* links broad concepts and general accounting principles to the specific requirements of IFRS to help students develop and understand the judgments required in using a principle based standard. Although it is still unclear whether the US will adopt IFRS, the global business environment makes it necessary for accounting students and professionals to be bilingual in both US GAAP and IFRS. This comprehensive textbook offers a clear presentation of the concepts underlying IFRS, a conceptual framework to guide students in interpreting and applying IFRS rules, a comparison between IFRS and US GAAP to develop students' understanding of the requirements of each standard, real world examples and case studies to link accounting theory to practice while also exposing students to different interpretations and applications of IFRS. End of chapter material covering other aspects of financial reporting including international auditing standards, international ethics standards and corporate governance and enforcement as well as emerging topics such as integrated accounting, sustainability and social responsibility accounting and new forms of financial reporting. Burton and Jermakowicz have crafted a thorough and extensive tool to give students a competitive edge in understanding and applying IFRS. A companion website provides additional support for both students and instructors. **Business Challenges in the Changing Economic Landscape - Vol. 1** Mehmet Huseyin Bilgin, Hakan Danis, Ender Demir, Ugur Can, 2015-10-29 This book is the first of the two volumes featuring selected articles from the 14th Eurasia Business and Economics conference held in Barcelona, Spain, in October 2014.
