*Majolica* Marilyn G. Karmason, Joan B. Stacke, 2002-10 New color photographs of significant majolica pieces have also been added to previous chapters BOOK JACKET Asia in the Making of Europe, Volume II Donald F. Lach, 2010-01-15 This is the second volume in a series that traces century by century the role of Asia in the making of Europe The rise to world dominance of the Western nations in modern times and the rapid industrial growth of the West which outpaced the East in technical and military achievements have led to a historical eclipse of the ancient and brilliant cultures of Asia Historian Donald F Lach in his influential scholarly work *Asia in the Making of Europe* points out that an eclipse is never permanent that this one was never total and that there was a period in early modern times when Asia and Europe were close rivals in brilliance and mutual influence *Majolica* Jeffrey B. Snyder, Leslie Bockol, 2001 The colorful earthenwares known as Majolica are popular once again part of the nostalgic revival of Victorian taste in interior decoration Majolica's long history begins with Italian Renaissance tin glazed wares over the centuries its styles and techniques spread to France and England With the advent of mechanization the wares could be mass produced Majolica became popular among the rising middle class in England Europe and the United States This book presents a new analysis of Majolica set against its cultural historical background Hundreds of forms in dozens of patterns especially American and British ware with a sampling of European pieces are displayed in over 550 color photographs The text presents new research and the examples are individually identified by style pattern maker size and date Short histories of the manufacturers are presented as they relate to Majolica wares The up to date price guide will be a valuable tool for collectors and dealers **Art, Nature, and Religion in the Central Andes** Mary Strong, 2012-05-01 From prehistory to the present the Indigenous peoples of the Andes have used a visual symbol system that is art to express their sense of the sacred and its immanence in the natural world Many visual motifs that originated prior to the Incas still appear in Andean art today despite the onslaught of cultural disruption that native Andeans have endured over several centuries Indeed art has always been a unifying power through which Andeans maintain their spirituality pride and culture while resisting the oppression of the dominant society In this book Mary Strong takes a significantly new approach to Andean art that links prehistoric to contemporary forms through an ethnographic understanding of Indigenous Andean culture In the first part of the book she provides a broad historical survey of Andean art that explores how Andean religious concepts have been expressed in art and how artists have responded to cultural encounters and impositions ranging from invasion and conquest to international labor migration and the internet In the second part Strong looks at eight contemporary art types the scissors dance danza de tijeras home altars retablos carved gourds mates ceramics ceramica painted boards tablas weavings textiles tinware hojalateria and Huamanga stone carvings

piedra de Huamanga She includes prehistoric and historic information about each art form its religious meaning the natural environment and sociopolitical processes that help to shape its expression and how it is constructed or performed by today's artists many of whom are quoted in the book

**The Routledge Handbook of Material Culture in Early Modern Europe** Catherine Richardson, Tara Hamling, David Gaimster, 2016-09-13 The Routledge Handbook of Material Culture in Early Modern Europe marks the arrival of early modern material culture studies as a vibrant fully established field of multi disciplinary research The volume provides a rounded accessible collection of work on the nature and significance of materiality in early modern Europe a term that embraces a vast range of objects as well as addressing a wide variety of human interactions with their physical environments This stimulating view of materiality is distinctive in asking questions about the whole material world as a context for lived experience and the book considers material interactions at all social levels There are 27 chapters by leading experts as well as 13 feature object studies to highlight specific items that have survived from this period defined broadly as c 1500 c 1800 These contributions explore the things people acquired owned treasured displayed and discarded the spaces in which people used and thought about things the social relationships which cluster around goods between producers vendors and consumers of various kinds and the way knowledge travels around those circuits of connection The content also engages with wider issues such as the relationship between public and private life the changing connections between the sacred and the profane or the effects of gender and social status upon lived experience Constructed as an accessible wide ranging guide to research practice the book describes and represents the methods which have been developed within various disciplines for analysing pre modern material culture It comprises four sections which open up the approaches of various disciplines to non specialists Definitions disciplines new directions Contexts and categories Object studies and Material culture in action This volume addresses the need for sustained coherent comment on the state breadth and potential of this lively new field including the work of historians art historians museum curators archaeologists social scientists and literary scholars It consolidates and communicates recent developments and considers how we might take forward a multi disciplinary research agenda for the study of material culture in periods before the mass production of goods
