Hubbard,1989 This comprehensive single volume source of information on the social and economic transformations in Europe over the past hundred years fills a critical gap in our knowledge It examinations population trends social structures and economic structures and offers an integrative overview of changes in both the organization of the economy and the role of the state in economic management

The British Soldier in America Sylvia R. Frey,2022-02-24 This social history of the common British soldier in the American Revolution dispels myths and sheds new light on who fought for the Crown and why In this extensive study Sylvia Frey surveys recruiting records contemporary training manuals statutes and memoirs to provide insight into the soldier s life and mind In the process she reveals a great deal about the common soldier his social origins and occupational background his size age and general physical condition his personal economics and daily existence Her findings dispel the traditional assumption that the army was made up largely of criminals and social misfits Special attention is given to soldiering as an occupation and the moral and material factors which induced men to accept the high risks Focusing on two of the major campaigns of the war the Northern Campaign which culminated at Saratoga and the Southern Campaign which ended at Yorktown Frey describes the human face of war with particular emphasis on the physical and psychic strains of campaigning in the eighteenth century Frey rejects the traditional assumption that soldiers were motivated to fight exclusively by fear and force and argues instead that the primary motivation to battle was generated by regimental esprit which in the eighteenth century substituted for patriotism After analyzing the sources of esprit she concludes that it was the sustaining force for morale in a long and discouraging war

'Manufactured' Masculinity J. A. Mangan,2014-01-02 Manufactured Masculinity should be considered essential reading for scholars in the humanities and social sciences at every level and in all parts of the academic

world It weaves together brilliantly the elements of the manufacture of masculinity in the period world famous public school system for the privileged which serviced the largest empire the world has ever known at the zenith of its control and which has had a significant influence in the formation of the modern world This authoritative study of the making of British imperial masculinity shines light on the period of Muscular Christianity Social Darwinism and Militarism as meshed ideological instruments of both power and persuasion This magisterial study reveals the extraordinary and paramount influence of games fields as the machine tools in an industrial process with the schools as workshops containing cultural conveyor belts for the production of robust committed and confident servants of empire and templates for imperial reproduction in imperial possessions Mainly on efficient production belt playing fields of the privileged minds were moulded attitudes were constructed and bodies shaped for imperial manhood Earlier manliness was metamorphosized morality was redefined and militarism at the high point of imperial grandeur was an adjunct Professor Mangan outlines this unique process of cultural conditioning with a unique range of evidence and analysis This book was published as a special double issue of the International Journal of the History of Sport

European Modernism and the Information Society W. Boyd Rayward, 2017-05-15 Uniting a team of international and interdisciplinary scholars this volume considers the views of early twentieth century European thinkers on the creation dissemination and management of publicly available information Interdisciplinary in perspective the volume reflects the nature of the thinkers discussed including Otto Neurath Patrick Geddes the English Fabians Paul Otlet Wilhelm Ostwald and H G Wells The work also charts the interest since the latter part of the nineteenth century in finding new ways to think about and to manage the growing body of available information in order to achieve aims such as the advancement of Western civilization the alleviation of inequalities across classes and countries and the promotion of peaceful coexistence between nations In doing so the contributors provide a novel historical context for assessing widely held assumptions about today's globalized post modern information society This volume will interest all who are curious about the creation of a modern networked information society

A Study in the Theory and Practice of German Liberalism James F. Harris, 1984 This is the only study in English of Eduard Lasker's role in the development of German Liberalism in the 1860's 1870's and 1880's Through both original sources and quantitative analysis the book assesses Lasker's importance in relation to the political movement of German Liberalism Particularly useful to students of modern history especially that of Germany

Cuisine and Empire Rachel Laudan, 2015-04-03 Rachel Laudan tells the remarkable story of the rise and fall of the world's great cuisines from the mastery of grain cooking some twenty thousand years ago to the present in this superbly researched book Probing beneath the apparent confusion of dozens of cuisines to reveal the underlying simplicity of the culinary family tree she shows how periodic seismic shifts in culinary philosophy beliefs about health the economy politics society and the gods prompted the construction of new cuisines a handful of which chosen as the cuisines of empires came to dominate the globe Cuisine and Empire shows how merchants missionaries and the military took cuisines over mountains oceans deserts and across political frontiers Laudan's innovative narrative treats cuisine like language clothing or architecture as something constructed by humans By emphasizing how cooking turns farm products into food and by taking the globe rather than the nation as the stage she challenges the agrarian romantic and nationalistic myths that underlie the contemporary food movement

Inside the Learning Society Stewart Ranson, 1998-11-01 As an approach to the diverse and

shifting learning needs of today the learning society labours under a definitional generosity which has led to three different models evolving with competing claims This book traces the history of the concept and lucidly lays out these three interpretive models learning for work learning for citizenship and learning for democracy The book s close scrutiny concludes with an analysis that synthesizes and sharpens our understanding of the learning society With due consideration given to the emerging critique and with chapters from public bodies engaged in implementing learning society principles Inside the Learning Society offers a comprehensive appraisal of ideas and practices This is a book of great significance for anyone concerned about or involved in the future of education *The Printing Revolution in Early Modern Europe* Elizabeth L. Eisenstein,1993-02-26 This illustrated and abridged edition of The Printing Press as an Agent of Change gives a stimulating survey of the communications revolution of the fifteenth century A new Pact for Europe ,
