European Union After The Treaty Of Amsterdam:

European Union After the Treaty of Amsterdam Jörg Monar, Wolfgang Wessels, 2001-05-21 The 1997 Treaty of Amsterdam was the result of thirty months of negotiation and major political debates in all the member states of the E U Praised as a triumph of the possible and a breakthrough in major policy areas by some it has also attracted widespread criticism because of the reforms it postponed and the risks of fragmentation it introduced Whatever its merits and deficiencies it will have a major impact on the internal development of the E U its role in international relations and the process of its enlargement to the Central and Eastern European countries

European Foreign Policy Dieter Mahncke, 2004 There is agreement in political and academic circles that the European Union needs a common foreign and security policy CFSP The question is how to move from recognised necessity to practical implementation from rhetoric to reality Many efforts have been made and indeed the creation of a European foreign policy is work in progress Bringing together a multinational team of both young researchers and established academics this volume offers a comprehensive analysis of this process uniquely combining the examination of the foundations institutions procedures and obstacles of EU level foreign policy with an extensive range of case studies exploring European policy on the ground in key areas such as the Balkans Africa or the Middle East Of use and interest to students of European politics and the general reader alike it breaks through the Euro jargon to provide a clear accessible and up to date account of this unprecedented system of international relations with a particular focus placed on the questions of why EU member states participate in the CFSP and what impact it enables them to have in geopolitics

European Governance After Nice Hiroyi Akiba, Koji Fukuda, 2019-03-13 What is the impact of institutional reform implemented by the Nice Treaty on European Governance What should be done to enhance democratic legitimacy in the EU This book provides an up to date guide to understanding the European Union as an institution Globalisation has led to enormous changes in the international environment which in turn have demanded institutional reform of the European Union in the form of the Nice Treaty European Governance After Nice scrutinises how and to what extent the treaty will contribute to the solution of existing problems examining both its positive effects and its limitations and examines the reforms within the EU through political science law and economics in order to express the full extent of the different effects of the Nice Treaty on non member as well as member countries The contributors suggest that the threat of varying exchange rates in the future when the Treaty has an expansionary effect on economic scale will lead to a deepening interdependence between the excluded countries

Reforming the European Union G.Wyn Rees, N. (Department Of Law, University Of Leicester) Neuwahl, P. (Department Of Politics, University Of Leicester) Lynch, 2014-05-12 Analyses the likely future of the EU following next year s Intergovernmental Conference IGC which is likely to be even more significant for the future of Europe than the Maastricht Treaty Since Maastricht it has become clear that future developments are less certain with regard to the EU and integration The IGC will have to try and resolve tensions such as widening Europe to include former communist countries

whilst also trying to deepen Europe with increased political and economic integration providing a framework which is acceptable to a core of countries Benelux Germany France who favour more integration and an early move to monetary union with countries such as the UK which does not

The European Union after Amsterdam: A Legal Analysis Niels Blokker, 1998-11-18

European Integration After Amsterdam Karlheinz Neunreither, Antje Wiener, 2000 European integration is at a turning point with implications for all member states and their citizens The Amsterdam treaty marks a shift towards constitutional issues Integration has involved a continually evolving process of constitution making A group of leading scholars argue that the shift towards constitutional issues is rooted not only in the issues on the European level but also in shifting models of political and economic organisation in the member states Paradoxically however this push towards integration is accompanied by a number of institutional changes and political decisions which challenge the picture of on going integration and indicate a shift towards a new pluralism in the Euro polity The contributors address questions such as what are the likely effects of the Amsterdam treaty changes in comparison with Maastricht how will these changes effect the complex balance among the governing institutions of the EU and what will be the implications for the lingering quest for democracy

The European Union after Lisbon Hermann-Josef Blanke, Stelio Mangiameli, 2011-10-12 The book contains 24 contributions from European law scholars and practitioners analysing the constitutional basis of the European Union and the normative orientation of the Common Foreign and Security Policy CFSP as well as the central economic and monetary provisions TFEU after the Reform Treaty of Lisbon Presenting the findings of a European research team which is composed of authors from eight Member States the publication underlines the aspiration of the editors to thoroughly analyse the constitutional law of the European Union currently in force

Trade, Foreign Policy and Defence in EU Constitutional Law Panos Koutrakos, 2001-03-07 This book examines how the increasing interdependence between trade and foreign policy can be managed within the legal framework of the European Union In the context of the legally distinct characteristics of the European Community and the Common Foreign and Security Policy it analyses the problems underpinning the regulation of three areas sanctions against third countries armaments and exports of dual use goods The focus is on whether the constitutional order of the European Union may address these problems while performing a variety of functions ensuring the consistency and coherence of its external relations preserving the *acquis communautaire* and respecting the right of the Member States to conduct their foreign policy as fully sovereign subjects of international law The book concludes that the interactions between trade and foreign policy may be regulated in a legally sensible and realistic way within the current structure of the European Union The recent developments regarding the defense and security identity

of the European Union and the debate over the nature of an enlarged Union make this book all the more topical

Constitutional Law of the EU's Common Foreign and Security Policy Graham Butler, 2019-10-03 The Common Foreign and Security Policy CFSP of the European Union is a highly exceptional component of the EU legal order This constitutionalised foreign policy regime with legal diplomatic and political DNA woven throughout its fabric is a distinct sub system of law on the outermost sphere of European supranationalism When contrasted against other Union policies it is immediately clear that EU foreign policy has a special decision making mechanism making it highly exceptional In the now depillarised framework of the EU treaties issues of institutional division arise from the legacy of the former pillar system This is due to the reality that of prime concern in EU external relations is the question of who decides By engaging a number of legal themes that cut across foreign affairs exceptionalism executive prerogatives parliamentary accountability judicial review and the constitutionalisation of European integration the book lays bare how EU foreign affairs have become highly legalised leading to ever greater coherence in how Europe exerts itself on the global stage In this first monograph dedicated exclusively to the law of the EU's Common Foreign and Security Policy in modern times the author argues that the legal framework for EU foreign affairs must adapt in a changing world so as to ensure the EU treaties can cater for a more assertive Europe in the wider world Cited in Opinion of Advocate General Evgeni Tanchev Case C 730 18 P SC v Eulex Kosovo ECLI EU C 2020 176 Court of Justice of the European Union First Chamber 5 March 2020 Opinion of Advocate General Gerard Hogan Case C 134 19 P Bank Refah Kargaran v Council of the European Union ECLI EU C 2020 396 Court of Justice of the European Union Grand Chamber 28 May 2020 Opinion of Advocate General Evgeni Tanchev Case C 283 20 CO ME GC and 42 Others v MJ Head of Mission European Commission European External Action Service EEAS Council of the European Union Eulex Kosovo ECLI EU C 2021 781 Court of Justice of the European Union Fifth Chamber 30 September 2021 and Opinion of Advocate General Tamara Capeta in Joined Cases C 29 22 P and C 44 22 P KS KD v Council of the European Union European Commission and European External Action Service EEAS and European Commission v KS KD Council of the European Union and European External Action Service EEAS ECLI EU C 2023 901 Court of Justice of the European Union Grand Chamber 23 November 2023 **Federalism in a Changing World** Raoul Blindenbacher, Arnold Koller, 2003-04-11 The three principal topics of the conference were federalism and foreign relations federalism decentralization and conflict management in multicultural societies and assignment of responsibilities and fiscal federalism The volume comprises texts by more than seventy authors from twenty countries throughout the world EU Law: Text, Cases, and Materials Paul Craig, Gráinne de Búrca, 2011-08-18 The fifth edition of EU Law Text Cases and Materials provides clear and insightful analysis of European Law accompanied by carefully chosen extracts from a range of materials This edition looks in detail at the way in which the Treaty of Lisbon has radically changed both the institutional and substantive law of the European Union **European Integration and its Limits** Daniel Finke, 2024-10-31 Since its legal foundation in
