European Women On The Left

Barbara Hobson

European Women On The Left:

Women of the Left Bank Shari Benstock, 2010-06-28 A valuable and intriguing study of the lives and works of literary women who shaped expatriate Paris NPR Focusing on some two dozen American English and French women whose talent shaped the Paris expatriate experience in the early twentieth century from Anais Nin to Alice B Toklas and beyond this book shines new light on how gender was experienced and expressed during an important moment in modern literary history Shari Benstock weaves together with great skill the histories of an extraordinary group of talented women publishers like Sylvia Beach Caresse Crosby Margaret Anderson and Jane Heap novelists Jean Rhys Gertrude Stein and Edith Wharton She examines in some depth the writing produced by poets journalists and novelists thus combining literary criticism and social history in a seamless running narrative NPR Through their writings including unpublished and newly available documentary sources of the period Djuna Barnes Nancy Cunard Jean Rhys Gertrude Stein Edith Wharton and others are revealed as significant in the development of modernism imagism and other avant garde movements in which they were overshadowed or ignored by their male counterparts Benstock tracks the sexually liberated lifestyles and the creative originality of these women with a wealth of documentation Publishers Weekly An inspiration setting a standard for literary history and feminist criticism that will be difficult to surpass American Literature

The European Left Party Luke March, Richard Dunphy, 2019-12-13 With the stability of the European Union under threat and tensions between the national and supranational increasing what will happen to the EU party system For the internationalist European left European integration and the role of transnational parties represent a central contention and concern In May 2004 the European radical left representing parties to the left of social democracy and the Green party family created the transnational European Left Party EL uniting parties like the German Die Linke Italian Rifondazione Comunista and Greek Syriza In 2009 the EL fought the European Parliament elections on the basis of a common manifesto emerging over the last decade as an apparently stable actor at EU level As the first detailed study of the EL this book analyses the role of the party in European politics and the politics of the European radical left What challenges will the EL have to overcome in order for it to become a significant force for the creation of a genuine democratic European polity To what degree has the EL enabled an increase in the electoral or policy influence of the radical left in Europe Written by two of the foremost experts on the European left this book is essential reading to those interested in how the left has fared in post crisis Europe

The Halted March of the European Left Matt Myers, 2025-02-06 The European left seemed to be in rude health during the 1970s Never had so many political parties committed to representing the working class been in power simultaneously across the continent New forms of mobilisation led by female immigrant and young wage earners seemed to reflect the growing strength of the workers movement rather than its pending obsolescence Parties and trade unions grew rapidly as a diverse new generation entered the ranks Why did the left's forward march halt so abruptly The Halted March of the European Left shows how the left's

defeats after the mid 1970s were not the inevitable result of de industrialisation or more precisely the transition to a globalised and post Fordist world that abolished the working class as a great historical actor Choices that were made during a concentrated but decisive moment contributed to the left s lost battles The British French and Italian left managed the shift to a new era by marginalising those groups of workers who had invested it with hopes of social and political transformation Communist socialist and social democratic parties helped disempower the new components of the working class in workplaces in society in the political system and successfully disciplined their traditional working class supporters The left encountered a crisis of purpose and identity a sense of both defeat and lost opportunities and the dissolution of the idea of a community of fate amongst workers This book provides a comparative analysis of the left s fragmenting relationship with the working class and a feel for the culture of three leading industrial countries during a traumatic transition of late twentieth century history It concludes that decisions taken by the left during the 1970s contributed to the tragic inversion of the expected outcome of that hopeful decade

From the Left Bank to the Mainstream Patrick McGuire, Donald McQuarie, 1994

Italy, Europe, The Left Vassilis Fouskas, 2018-12-20 Published in 1998 Was the Italian Communist Party PCI a typical Social Democratic party in tune with the programmatic principles of the Second International What is the appropriate context within which the strategies of historic compromise and Eurocommunism in the 1970s can be analyzed and understood In what form and to what extent has the process of European integration and the crisis of Keynesianism contributed to the transformation of the party in 1989 91 What caused the collapse of the ruling political class of the First Italian Republic Why did the transformed PCI the PDS Democratic Party of the Left fail to lead the transition to the Second Italian Republic between 1992 and 1996 Is there any link between the party s historical factions and the current divisions in the Italian Left Is it possible to theorize and

speculate upon these divisions Italy Europe the Left seeks to answer these questions debating conventional views and examining the extent to which the end of the Cold War has contributed to a redefinition of the Left's identity in Italy and Europe The exemplary methodological framework and the wider European perspective adopted throughout make the book an indispensable reading in the field of Italian and European politics **The Feminist Challenge to the Canadian Left, 1900-1918**

Janice Newton, 1995 The resurgence of feminism in the early 1970s created shock waves across Canadian society that can be felt to this day One of its results was a growing interest in women's history which initially focused on the struggle of women around the turn of the century to gain the right to vote Europe's Radical Left Luke March, Daniel Keith, 2016-10-20 Although the most pernicious consequences of the crisis have apparently abated the long term political repercussions remain unclear Whereas most attention has focused on the right wing populist parties the rejuvenation of the left is an unwritten story of post crisis politics This volume addresses this story with three principal aims to examine the radical left intellectual response to the crisis i.e how actors conceptualise the causes of crisis and its consequences to examine the radical left electoral response to the crisis i.e how the crisis has aided or weakened the electoral success of radical left parties and movements to examine organisational responses i.e whether the crisis has resulted in new party structures methods of organising and internal party tendencies The result is a comprehensive compendium drawing on cutting edge research from leading European experts to present the first comparative analysis of how the far left of the political spectrum has responded to the crisis It furthers our understanding both of the dynamics of European party systems and the wider consequences of the Great Recession **The Palgrave Handbook of Radical Left Parties in Europe**

Fabien Escalona, Daniel Keith, Luke March, 2023-04-17 This profound and insightful handbook aims to promote critical reflection on the way we conceptualise and study the radical left and to advance research by asking new questions Radical left parties in Europe have been the subjects of significant study in the last decade aided by the demonstrable success of newer parties like the Greek Syriza and Spanish Podemos as well as the persistence of more established actors like the German Die Linke Nevertheless the emergent literature remains patchy and many elements of the party family still poorly understood This handbook brings together a range of leading analysts to provide a definitive compendium one that provides both students and scholars with an informative and easy to use guide to the radical left in Europe Through utilising a common analytical framework to analyse the radical left in 19 European countries within and outside the EU the Palgrave Handbook of Radical Left Parties in Europe provides a wealth of comparable data on a wide number of cases to provide a sound basis for future studies This rigorous comparative framework allied with the unprecedented in depth overview of the development of the European radical left over the past two decades makes this handbook an essential starting place for those interested in all aspects of the radical left as a party family *Defending Women's Rights in Europe* Olga A.

Avdeyeva, 2015-04-17 Comparative analysis of gender equality reforms enacted in ten post communist states who became

members of the European Union Between 2004 and 2007 ten post communist Eastern European states became members of the European Union EU To do so these nations had to meet certain EU accession requirements including antidiscrimination reforms While attaining EU membership was an incredible achievement many scholars and experts doubted the sustainability of accession linked reforms Would these nations comply with EU directives on gender equality To explore this question *Defending Women s Rights in Europe* presents a unique analysis of detailed original comparative data on state compliance with EU gender equality requirements It features a comprehensive quantitative analysis combined with rigorous insightful case studies of reforms in Poland the Czech Republic and Lithuania Olga A Avdeyeva reveals that policy and institutional reforms developed furthest in those states where women s advocacy NGOs managed to form coalitions with governing political parties After becoming members of the EU the governments did not abolish these policies and institutions despite the costs and lack of popular support Reputational concerns prevented state elites from policy dismantling but gender equality policies and institutions became marginalized on the state agenda after accession

Radical Left Voters in Western Europe Raul Gomez,Luis Ramiro,2022-10-07 *Radical Left Voters in Western Europe* explores who votes for Radical Left Parties in contemporary Western Europe and why Once considered a relic of the past which was doomed to disappear in affluent societies Radical Left Parties were able to survive unprecedented electoral crises in the 1980s and 1990s to become a stable and significant feature of contemporary West European politics Despite this our knowledge of the electorate of contemporary Radical Left parties is extremely limited To fill this gap this book analyzes the radical left electorate in 17 West European countries Belgium Cyprus Denmark Finland France Greece Germany Iceland Ireland Italy Luxembourg the Netherlands Norway Portugal Spain Sweden and Switzerland for a period of 18 years 2000 18 The research combines data from multiple sources surveys country level data and party level data to show how amidst social and political change Radical Left Parties have been able to maintain a relatively sizeable and clearly identifiable electorate with fairly similar socio demographic and attitudinal features Moreover the book argues that in order to explain electoral support for Radical Left Parties it is important to consider not only voter characteristics but also the characteristics of the parties themselves and of the political and economic context in which they compete for votes This book will be of interest to scholars of comparative politics political sociology electoral behaviour and political parties

Women in Europe between the Wars Dr Angela Kershaw,Dr Angela Kimyongür,2013-04-28 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women s contributions during the period between the two world wars in the context of politics culture and society It also seeks to record and analyse women s agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women s history necessarily entails the rewriting of everyone s history By showing that the erasure of women s texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates

surrounding canon formation Other important topics are women s political activism during the period antifascism the contributions made by female journalists the politics of literary production genre women s relationship with and contributions to the avant garde women s professional lives and women s involvement in voluntary associations In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter war period the volume invites readers to make connections and comparisons across the whole spectrum of women s political social and cultural activities throughout Europe

Politics in France and Europe P. Perrineau,2009-12-07 This book offers an in depth analysis of political life in France and Europe at the beginning of the 21st century at a time of change and crisis Encompassing questions about values political actors and electoral choices it is dedicated particularly to scholars and students enrolled in comparative politics programs

Understanding Medieval Primary Sources Joel T. Rosenthal,2014-06-03 Medieval society created many kinds of records and written material which differ considerably giving us such sources as last wills sermons manorial accounts or royal biographies Primary sources are an exciting way for students to engage with the past and draw their own ideas about life in the medieval period Understanding Medieval Primary Sources is a collection of essays that will introduce students to the key primary sources that are essential to studying medieval Europe The sources are divided into two categories the first part treats some of the many generic sources that have been preserved such as wills letters royal and secular narratives and sermons Chapter by chapter each expert author illustrates how they can be used to reveal details about medieval history The second part focuses on areas of historical research that can only be fully discovered by using a combination of primary sources covering fields such as maritime history urban history women s history and medical history Understanding Medieval Primary Sources will be an invaluable resource for any student embarking on medieval historical research

Recognition Struggles and Social Movements Barbara Hobson,2003-11-27 Offers historical comparative and cross national perspectives to the debates on the politics of recognition

Women in the Politics of Postcommunist Eastern Europe Marilyn Rueschemeyer,2016-09-16 During the Communist period in most of these contries even women with small children typically worked outside the home and their participation in formal institutions was virtually mandatory Today as they are being disproportionately affected by marketization downsizing the dramatic erosion of social services and as their sons are being drafted to participate in an unending series of border wars have women found a new political voice

Toward a Feminist Lacanian Left Alicia Valdés,2022-03-21 While traditional feminist readings on antagonism have pivoted around the sole axis of sex and or gender a broader and intersectional approach to antagonism is much needed this book offers an innovative feminist and discursive reading on the Lacanian concept of sexual position as a way to problematize the concepts of political antagonism and political subjects Can Lacanian psychoanalysis offer new grounds for feminist politics This discursive mediation of Lacan s work presents a new theoretical framework upon which to articulate proposals for intersectional political theory The first part of this book develops the

theoretical framework and the second part applies it to the construction of woman's identity in European politics and economy. It concludes with notes for a feminist political and economic praxis through community currencies and municipalism. The interdisciplinary approach of this book will appeal to scholars interested in the fields of psychoanalysis, feminisms and political philosophy as well as multidisciplinary scholars interested in discourse theory, sexuality and gender studies, cultural studies, queer theory and continental philosophy. Students at master's and PhD level will also find this a useful feminist introduction to Lacanian psychoanalysis, discourse and gender.

International Encyclopedia of Political Science Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07. With entries from leading international scholars from around the world, this eight-volume encyclopedia offers the widest possible coverage of key areas both regionally and globally. The International Encyclopedia of Political Science provides a definitive comprehensive picture of all aspects of political life, recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world. The eight volumes cover every field of politics from political theory and methodology to political sociology, comparative politics, public policies and international relations. Entries are arranged in alphabetical order and a list of entries by subject area appears in the front of each volume for ease of use. The encyclopedia contains a detailed index as well as extensive bibliographical references. Filling the need for an exhaustive overview of the empirical findings and reflections on politics, this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study, for scholars seeking information on relevant research findings in their area of specialization or in related fields, and for lay readers who may lack a formal background in political science but have an interest in the field. Nonetheless, The International Encyclopedia of Political Science provides an essential authoritative guide to the state of political science at the start of the 21st century and for decades to come, making it an invaluable resource for a global readership including researchers, students, citizens and policy makers. The encyclopedia was developed in partnership with the International Political Science Association. Key Themes: Case and Area Studies, Comparative Politics, Theory and Methods, Democracy and Democratization, Economics, Epistemological Foundations, Equality and Inequality, Gender and Race, Ethnicity, International Relations, Local Government, Peace, War and Conflict, Resolution, People and Organizations, Political Economy, Political Parties, Political Sociology, Public Policy and Administration, Qualitative Methods, Quantitative Methods, Religion.

International Political Science Mr. Rohit Manglik, 2024-02-14. EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources. Specializing in competitive exams and academic support, EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels.

Gender and Power in Eastern Europe Katharina Bluhm, Gertrud Pickhan, Justyna Stypinska, Agnieszka Wierzholska, 2020-10-31. This book explores the contradictory development of gender roles in Central and Eastern Europe including Russia. In light of the social changes that followed the collapse of communism and the rise of

new conservatism in Eastern Europe it studies new forms of gender relationships and reassesses the status quo of female empowerment Moreover leading scholars in gender studies discuss how right wing populism and conservative movements have affected sociopolitical discourses and concepts related to gender roles rights and attitudes and how Western feminism in the 1990s may have contributed to this conservative turn Mainly focusing on power constellations and gender the book is divided into four parts the first explores the history of and recent trends in feminist movements in Eastern Europe while the second highlights the dynamics and conflicts that gained momentum after neoconservative parties gained political power in post socialist countries In turn the third part discusses new empowerment strategies and changes in gender relationships The final part illustrates the identities roles and concepts of masculinity created in the sociocultural and political context of Eastern Europe

The Oxford Handbook of Early Modern European History, 1350-1750 Hamish Scott, 2015-07-23

This Handbook re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam

European Women On The Left Introduction

In today's digital age, the availability of European Women On The Left books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of European Women On The Left books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of European Women On The Left books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing European Women On The Left versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, European Women On The Left books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing European Women On The Left books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for European Women On The Left books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, European Women On The Left books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of European Women On The Left books and manuals for download and embark on your journey of knowledge?
