P. Weaver,1999-07-01 Written in a clear and engaging style Weaver s story chronicles not only the progress of Jesus research but also the cultural drifts and sociological phenomena that relate to the varying pictures of Jesus that scholarship has produced Warrior-Writers of World War II Lee Congdon,2025-02-28 Warrior Writers of World War II delivers a thorough study of Americans who saw combat in World War II survived and returned home to become famous writers It considers the works of 16 important authors among them J D Salinger John Ciardi and James Jones exploring these men s war experiences and their reflection in their writings This includes what they learned about themselves and even more important what they can teach the rest of us about war and peace good and evil hatred and pity honor and dishonor fate and chance and about the sustaining power of comradeship This critical overview will be useful to general readers and academics seeking to deepen their understanding of the impact World War II has had on twentieth century literature **Iberia and the Americas** John Michael Francis,2005-11-21 This comprehensive encyclopedia covers the reciprocal effects that the politics foreign policy and culture of Spain Portugal and the American nations have had on one another since the time of Columbus From the discovery of Newfoundland and Labrador by Portuguese explorer Gaspar Corte Real in 1501 to the phenomenal Hollywood careers of Spanish movie stars such as Antonio Banderas and Penelope Cruz Iberia and the Americas traces 500 years of Iberian influence on the Americas and vice versa Featuring six introductory essays and a chronology of key events this three volume encyclopedia examines more than five centuries of transatlantic encounters Students of a wide range of disciplines as well as the lay reader will appreciate this exhaustive survey which traces Spanish and Portuguese influence throughout the Americas and highlights how Iberian cultures have in turn been enriched by the diverse cultures of the Americas While Europe Slept Bruce Bawer,2007-09-11 The struggle for the soul of Europe today is every bit as dire and consequential as it was in the 1930s Then in Weimar Germany the center did not hold and the light of civilization nearly went out Today the continent has entered yet another Weimar moment Will Europeans rise to the challenge posed by radical Islam or will they cave in once again to the extremists As an American living in Europe since 1998 Bruce Bawer has seen this problem up close Across the continent in Amsterdam Oslo Copenhagen Paris Berlin Madrid and Stockholm he encountered large rapidly expanding Muslim enclaves in which women were oppressed and abused homosexuals persecuted and killed infidels threatened and vilified Jews demonized and attacked barbaric traditions such as honor killing and forced marriage widely practiced and freedom of speech and religion firmly repudiated The European political and media establishment turned a blind eye to all this selling out women Jews gays and democratic principles generally even criminalizing free speech in order to pacify the radical Islamists and preserve the illusion of multicultural harmony The few heroic figures who dared to criticize Muslim extremists and speak up for true liberal values were systematically slandered as fascist bigots Witnessing the disgraceful reaction of Europe s elites to 9 11 to the terrorist attacks on Madrid Beslan and London and to the wars in Afghanistan and Iraq Bawer concluded that Europe was heading inexorably down a path to cultural suicide Europe s Muslim

communities are powder kegs brimming with an alienation born of the immigrants deep antagonism toward an infidel society that rejects them and compounded by misguided immigration policies that enforce their segregation and empower the extremists in their midst The mounting crisis produced by these deeply perverse and irresponsible policies finally burst onto our television screens in October 2005 as Paris and other European cities erupted in flames WHILE EUROPE SLEPT is the story of one American s experience in Europe before and after 9 11 and of his many arguments with Europeans about the dangers of militant Islam and America s role in combating it This brave and invaluable book with its riveting combination of eye opening reportage and blunt incisive analysis is essential reading for anyone concerned about the fate of Europe and what it portends for the United States
